Eight o'clock was set as the closing hour for the polls. Before that time, more than 1900 delegates to the congress were believed to have deposited their selections in the ballot boxes. The count then was started by the tellers, selected by the candidates of each ticket.

A resolution was reported favorably during today's session to advocate celebration of Franklin's birthday annually and for rememberance next fall of the two hundredth anniversary of his arrival in Philadelphia from New York on his seventeenth birthday. The resolution was taken up as the result of action by the Sons of the American Revolution here a short time ago. The D.A.R. by accepting the resolution placed itself at the front of a movement to commemorate the deeds of the apostle of newspapers, thrift and diaries.

Other action taken included the adoption of a resolution condemning any legislation, Federal or State that gives partial or total control of any historic place or site to any pro-German organization. The resolution was aimed at the pending legislation by which the Steuben Society of New York would get partial control of the Herkimer home, one of New York's historic spots. The legislation is pending in the Legislature of that State.

## Illinois Senator Throttles Own Blue Law Bill

[EXCLUSIVE DISPATCH.]

SPRINGFIELD (Ill.) April 19. Members of the Illinois Senate today witnessed the unprecedented action of a Senator repudiating his own bil when Senator James E. MacMurray of Chicago asked that his blue-law measure, which would put the lid on all Sunday amusements, be killed.

Senator MacMurray stated that he had been duped into introducing the bill, in which he did not personally believe and for which he would not vote himself.

The Senate granted the request and the bill is officially dead, thus sidetracking a storm of protest which was being organized throughout the State.

## PLANE FAILS TO REACH ICE BOUND ISLAND

[EXCLUSIVE DISPATCH.]

NORTHPORT (Mich.) April 19. The Army airplane commanded by Lieut. E. C. Whitehead, which today started from Selfridge Field, Mt. Clemens, with provisions for ten people starving on Fox Island, near Northport, fell into the lake near here this afternoon. Whitehead and his companion, Harold V. Wilcox, were rescued unhurt. The plane was only slightly damaged.

No sooner had reports of the baffled relief expedition been received here, however, than officers of the aviation post set out to replace the wrecked plane. Weather permitting, a 250 horsepower De Haviland plane will be dispatched early in the morning. The De Haviland will be turned over to Lieut. Whitehead, who after loading it will dash for the island.

### BOAT MAKING ATTEMPT

A sturdy ferryboat is crashing its way through the ice floes of Upper Lake Michigan in another attempt to reach the lonely, barren, icebound island, which is eighteen miles out from Northport.

The party on the island, nine men and one woman, had gone there last November to cut timber for the Zaph Company of Northport. They carried four months' supplies. But the ice held firm around the stormbound island, in jams called the worst in forty years.

Several days ago they had only a few frozen potatoes left to live on. Unable to communicate with the mainland three of the men set off over the frozen lake for help. Warm weather had melted the ice half way between the island and the mainland. Undaunted, the sturdy lumberjacks took to the ice floes, and after many narrow escapes from drowning finally reached land, almost dead from exposure.

Appeals for help were immediately broadcast from Northport. Army officials at Selfridge Field were notified and started Lieut. Whitehead in a Curtiss plane with food and medical supplies. It was this plane that fell.

Answering the same appeal, a car ferry of the Ann Arbor Railroad left Manitowoc, Wis., to try to reach the island.

## FOUR TOTS WITNESSES TO MURDER

[EXCLUSIVE DISPATCH.]

CHICAGO, April 19.—In the presence of her four young children, Mrs. Nellie Bakker, 32 years of age, a widow, last night shot and killed Peter Winkler, 35, and then shot herself in the left side, causing a wound which is expected to prove fatal. Police found Winkler dying and Mrs. Bakker unconscious on the dining-room floor, her four children weeping over her.

From Mrs. Bakker's children, police learned that Winkler and their mother had been engaged in a violent quarrel. Suddenly the mother pushed aside a child which clung to her skirts and ran to a bedroom.

As she appeared in the doorway the children cowered at sight of a revolver in her hand. Heedless of their screams, she fired two shots at Winkler, both entering near the heart.

After surveying the man for a moment, Mrs. Bakker pressed the revolver against her side and fired.

## Rail Head Gives Boost to Coast Building Trade

[EXCLUSIVE DISPATCH.]

CHICAGO, April 19.—"Conditions in the West are gratifying," W. J. Black, passenger traffic manager of the Santa Fe, said today on his return from a two months' trip to the Pacific Coast. "California particularly is enjoying a high tide of construction. Labor is scarce but building all over the State is going ahead by leaps and bounds.

"There have been abundant rains recently which assure good crops. Three-fourths of Kansas is in good condition from the crop viewpoint.

"We will open for service 151 miles of double track between Seligman and Needles May 15. We will also finish sixty-nine miles of second track between Bagdad and Daggett September 1. This will leave only 150 miles of single track west of Albuquerque. East of Albuquerque we have all double track or two lines and in some instances three lines."

### ENGINEER KILLED IN WRECK

[BY A. P. NIGHT WIRE.]

UKIAH, April 19.—Engineer Nathaniel Copeland was killed, Fireman Bruell seriously injured and two brakemen less badly hurt near Caspar, west of here, last night when a logging train of twelve cars, all heavily loaded, plunged into a gulch.

## PUT STOP TO GAMBLING IN SUGAR PRICES

[EXCLUSIVE DISPATCH.]

WASHINGTON, April 19.—The government today began war on the sugar gougers in a convincing manner.

Civil proceedings aimed to halt the rapid upward rise in sugar prices was followed by a statement of Acting Atty.-Gen. Seymour that criminal prosecution of those responsible is contemplated by the Department of Justice.

At the same time, President Harding made public the text of a report of the tariff commission holding that duties on sugar were in no way responsible for price advances of recent months, as alleged by Democratic spokesmen. The commission declared that although tariff duties are reflected in prices there is no assurance that a reduction of duties at this time would result in a corresponding decrease in the price of sugar to the consumer.

The Department of Justice after making public the petition in equity filed in the United States Court in New York for an injunction against sugar dealings by the New York Coffee and Sugar Exchange, Inc., and the New York Coffee and Sugar Clearing Association, Inc., their officers, directors and managers, stated that the department has under consideration and investigation possible criminal proceedings.

## Andy Gump Only Myth, But Stirs City of Oakland

[EXCLUSIVE DISPATCH.]

OAKLAND, April 19.—It took official action by the City Council here today to remove Andy Gump from the municipal primary ballot after the City Attorney had ruled that his presence imperiled the validity of 40,000 votes cast for Mayor.

When the official count of votes cast at the recent municipal election was made, it was discovered that some enthusiastic voter had written in Andy's name for Mayor. Counting was halted until the Council investigated, when it was declared that Gump was a mythical person. His ballot was canceled.

According to the City Attorney, Andy almost cost the city the price of another election.

## RELIGION IS FEARED BY BOLSHEVIKI

BY JOHN CLAYTON

[BY CABLE—EXCLUSIVE DISPATCH.]

[Copyright, 1923, by the Chicago Tribune.]

BERLIN, April 19.—An archbishop of the orthodox Greek Catholic Church of North America gave a signed statement today in which he claims that the Methodists received their invitation to visit Russia direct from the Communist headquarters. He charges that the soviet government is profoundly irreligious and even has a law forbidding the teaching of religion to anyone under the age of 18.

The Prelate asserts that Premier Lenin has admitted that the one thing which would cause the downfall of Bolshevism is religion.

"The Methodist bishops have been invited to Russia to devise a new plan for organizing the Russian church, breaking up a religion older than their own, and thereby allying themselves with the reddest Bolshevism," the Prelate asserted. Bishop Blake is heading this movement to break up the Russian church, and acts on false information which he received from Rev. Becker, an American Methodist preacher, who went to Russia under the auspices of the Y.M.C.A. Rev. Becker lost his passport as a result of his Bolshevism and he now openly teaches the soviet doctrine in Moscow. Bishop Blake bases his mission on information received from such a source."

The Prelate asserts that the American bishops were not invited by the Russian church, but by the church's most bitter enemies, the Bolsheviki.

## Hearst Is Scored for Slanderous Attack on Taft

[EXCLUSIVE DISPATCH.]

CHICAGO, April 19.—In an editorial on the attack made by the Hearst newspapers on Chief Justice Taft, the Chicago Tribune today says:

"The Hearst campaign of slander calls for the consideration of every man who has any respect for an institution which has been the chief bulwark of American liberty and progress since the founding of the republic. Hearst seeks to inflame class hate, to distort thought and feeling. To prey upon the fears and envies of the ignorant is the profit of the demagogue and Mr. Hearst, who possesses the largest group of newspapers in the country and the group which caters to the lowest strata of literate and illiterate, has been and is a menace to the moral health and safety and sane progress of the American nation."

## WASTERS WAGE PITILESS WAR UPON BUDGET

BY KYLE D. PALMER

[EXCLUSIVE DISPATCH.]

SACRAMENTO, April 19.—A mad scramble to wreck economy, banish retrenchment and tilt the "pork barrel" bottom up is in progress in the State Legislature. Votes to fight Gov. Richardson's economy budget are being sought on an exchange basis in which one legislator agrees to support another man's special appropriation in return for aid for his own.

Will C. Wood, State Superintendent of Public Instruction, has laid aside his functions as an educator and is appearing on the floor of the Assembly as the chief lobbyist and directing genius of the budget-wrecking, tax-boosting apostles of pork, and new life has been engendered in the lean and hungry ranks of the old Stephens-Johnson pay-roll brigade.

In the general rush for the pie-counter mirage in the Assembly today a majority of the membership placed itself squarely on record as against any reduction in taxes or any possible conservation of available State revenues.

### VETO POWER UNBROKEN

It is most significant that despite this system of back-scratching and log-rolling the opposition has signally failed to achieve its fundamental object—a two-thirds majority to override the Governor's veto. Although enabled at times to muster a majority for this special appropriation or that, as in the case of amendments for the School for the Blind and the San Francisco Normal School appropriations, the foes of economy have not been able to come closer than ten or twelve votes of their goal.

The vote today on additional appropriations for the San Francisco educational institution was a striking example of the fact that many legislators who have demanded "economy and efficiency" are not willing to practice either when their local interests are concerned.

Among those voting for the increase were a number of San Francisco Assemblymen who have been with the administration in

## MARK LOOMS AS POWERFUL FRENCH ALLY

[BY CABLE—EXCLUSIVE DISPATCH.]

[Copyright, 1923, Public Ledger.]

BERLIN, April 19.—Collapse of resistance in the Ruhr within a fortnight if governmental credits to Ruhr manufacturers and mine owners are suspended, due to the fall of the mark and the Reichsbank's failure to keep up the campaign of supporting the exchange rates, was predicted in the Reichstag today by Minister of Economics Becker.

The mark supporting action must and would continue at all costs, Herr Becker declared, admitting the truth of the current rumors that some Ruhr business men had used the government advances for wage payments to speculate in foreign exchange against the government.

### ORGANIZED CONSPIRACY

He intimated plainly that yesterday's raid was an organized conspiracy of a clique of speculators and industrialists interested in depressing the mark to improve their chances in the export business, for whose criminal unpatriotism he had no words of condemnation sharp enough.

Yesterday's break in the exchange rate, according to a statement today by Vice-Minister of Finance Schroeder, was due to the fact that the Reichsbank actually was not in a position to supply the foreign exchange demands of the clique of bear speculators who dumped buying orders up to about $7,000,000 on the market.

The Reichsbank's stock of foreign drafts was drained to the bottom by last week's payments to Belgium, on discounted treasury certificates and although the $10,000,000 of gold reserve deposited abroad was available to continue supporting the action, the Reichsbank and the government were unwilling to throw away that last reserve against complete bankruptcy.

### GENERAL CONFISCATION

Schroeder said the government, therefore, was contemplating the radical step of general confiscation of all foreign exchange holdings in Germany. This could be done under the extraordinary emergency powers placed in the government's hands by the Reichstag without passing any special legislation.

## ROMANCE IN MARRIAGE

### R. J. Dunham, Former Official of Armour & Co., Weds San Francisco Matron Following Divorce

[EXCLUSIVE DISPATCH]

CHICAGO, April 19.—Robert J. Dunham, Chicago club man and former vice-president of Armour & Co., was married in San Francisco, Cal., today to Mrs. Edith Preston Brown, a prominent society matron of that city.

The marriage was the culmination of a romance which disrupted two happy homes and affected the business career of the bridegroom, who was slated to become the successor of J. Ogden Armour as head of the great packing and subsidiary interests.

It was at a social function at the Lake Shore-Drive home of Mrs. Joseph G. Coleman, whom the then Mrs. Drown was visiting, that the couple first met six years ago. After that they met often during the frequent visits of the California matron to Mrs. Coleman.

The obvious attentions paid by Dunham to the pretty Californian soon brought ripples of comment on the surface of the social sea, which swelled gradually until three years later the wave of gossip dashed upon the beach of the financial world and brought the resignation of the bridegroom from Armour & Co.

Immediately after severing his connections with the packing firm Dunham went West where he renewed his attentions to Mrs. Drown with such ardor that she eventually capitulated and secured a divorce from her husband.

And in 1922, Mrs. Dunham, formerly Miss Ethel Richardson of Chicago, crushed by the desertion of her husband and the father of her four children was granted a decree of divorce in local courts on the strength of her deposition that Dunham "had given her to understand that he would have nothing to do with her as a husband."

Later Dunham became personal representative of J. Ogden Armour, maintaining an office in LaSalle street, from which he handled all of the packing magnate's personal investments.

With his resignation from Armour & Co. the groom also severed connections with other business enterprises in which he had represented the packer's interests, including the presidency of the

## CONGRESSMAN'S KIN SHOT

### Sister of Fred A. Britten Slightly Wounded by Her Companion After Quarrel in Apartment

[BY A. P. NIGHT WIRE]

SAN FRANCISCO, April 19.—Mrs. Elizabeth Britten, sister of Congressman Fred A. Britten of Chicago, was removed from the Central Emergency Hospital here tonight suffering from a gunshot wound of the scalp inflicted today at an apartment which she shared jointly with Mrs. Mae Davis.

Mrs. Davis, who disappeared after the shooting and later appeared at the city prison with her attorney and surrendered, was charged with assault with intent to commit murder.

The women quarreled over a debt, which Mrs. Davis owed Mrs. Britten's mother, Mrs. Charles Peach of San Francisco, according to the police, and the shooting resulted.

Mrs. Britten was talking on the telephone with her back to Mrs. Davis when the first shot was fired. She turned, unaware that the bullet had struck her, and wrested the revolver from her assailant.

The two women then walked toward a mirror and Mrs. Britten saw blood trickling down her fore-

## Missing Girl Had Gone Out to See World

Dorothy Meyers, 12 years of age, who with her chum, Louise Peabody, of the same age, disappeared from home Tuesday, returned late yesterday. She said that she and Louise had gone out "to see the world."

A few miles this side of Bakersfield Dorothy decided that travel, at least foot travel, had its discomforts, so she accepted a ride offered by a passing motorist and returned home. She said Louise had announced her intention to continue on. It was feared for a time that the two girls had been kidnaped.

# BEGIN TO BUILD GREAT AIRSHIP

### *Hamburg-New York Service Contemplated*

### *Many Changes in Methods of Construction*

### *Three Hundred Passengers May Be Carried*

[BY CABLE—EXCLUSIVE DISPATCH.]

LONDON, April 19.—The London Daily Telegraph's aviation correspondent writes that the construction of an Arno-Boerner airship has begun in Holland. It is intended to use this vessel from a dock in Hamburg in connection with the New York service.

The Boerner system was founded in 1912, when designs were completed for a ship the size of the one now being built. The design is vastly different from that of the Zeppelin or any other airship, and it is said that the design insures ease of landing without help from ground parties, immunity from fire, and ascensional and decensional power without the discharge of ballast or loss of gas.

The new airship will be 996 feet long and will be driven by thirty-four propellors, connected with 200-horsepower motors, making a total of 6800 horsepower. With half of this power it is said the ship will have a speed of seventy-two miles an hour, with a range of 4000 miles.

The propellors also have been arranged so that the ship can be driven astern as well as forward. A large range of altitude will be obtained by changing the direction of the thrust. The ship will float on water and will be capable of movement on water under its own power.

The balloon consists of a number of separate cells on what is called the "three-chamber" system, using hydrogen, nitrogen and air. The hydrogen occupies the central cells, which contain a balloonet filled with air, which operates as an ordinary balloonet, expanding and contracting in order to accommodate changes in the volume of hydrogen due to alterations in temperature and changes in altitude.

By this means the loss of hydrogen due to expansion is prevented, and similarly with the contraction of the gas the shape and rigidity of the hull are maintained without undue stresses.

It is held that without undue loss of gas by expansion the ship could reach an altitude of 10,000 feet. Covering all is a thin layer of nitrogen gas, which will immediately quench any flame or spark from an incendiary bullet or the engine. The gas container is on a platform 138 feet in width. The cabin is designed to carry from 200 to 300 passengers in the structure under this platform.

## WOMAN BITER HELD FOR MANSLAUGHTER

[EXCLUSIVE DISPATCH.]

NEW YORK, April 19.—Rocco Artesi, a barber, was arrested on a charge of manslaughter today, following the death of Mrs. Josephine Curcuro of Brooklyn, who died from blood poisoning.

Her death is said by the police to have been the result of an altercation over rent between Mrs. Curcuro and Artesi on the 6th inst., when the barber is said to have bitten her on the right hand. Mrs. Curcuro was taken to the hospital six days later. Artesi was arrested the next day on a charge of mayhem in a quarrel over the payment of rent which, Mrs. Curcuro asserted, was not forthcoming from Artesi for a room which he rented. Artesi declared that Mrs. Curcuro blackened his eyes during the quarrel.

## *Opera Fight Being Waged at Budapest*

[BY CABLE—EXCLUSIVE DISPATCH.]

BUDAPEST, April 19.—Whether a composer has the right to withdraw his own work if its stage presentation displeases him is a question to be fought out in the Hungarian courts between the Royal Opera and the celebrated composer and violin virtuoso, Eugene Hubai.

Hubai's opera, "Anna Kerenka," awaited as one of the most important musical events in Middle Europe, was being rehearsed when Hubai, disgusted by the director, singing and scenery, peremptorily demanded its withdrawal.

The director, Baron Wlasich, refused, whereupon Hubai withheld the orchestral score and the government filed suit. Hubai in his pleadings challenges the Budapest opera management, whose intrigues have been responsible for the loss of many of the country's best singers.

## *Football Ahead of Bull Fight as Spanish Pastime*

[BY CABLE—EXCLUSIVE DISPATCH.]

MADRID, April 19.—In view of the universal condemnation which bullfighting has aroused throughout Europe, Spaniards have decided that football is the nearest approach in the matter of carnage and have adopted the game as one of their national sports. The old arena at Ronda, in Andalusia, has just been converted into a gridiron, and the demand for football has invaded Seville, where matches are as popular at bullfighting. It is singular that in Seville a regular bullfight was postponed on account of a championship match between the Europa and Seville football teams, interest in which had aroused enthusiasm like the American mania for baseball.

## *Alfonso to Visit Albert and George V*

[BY CABLE—EXCLUSIVE DISPATCH.]

MADRID, April 19.—King Alfonso will leave May 1 for a three day's visit to Belgium, after which he will visit the King of England. It is believed in political circles that the state visits are being made to avoid the possibility of troubles during the elections which are scheduled for April 29 and May 30. It is also asserted that King Alfonso intends to confer with England regarding the internationalization of Tangiers.

## COUNCIL OF STATE PROPOSAL UP AGAIN

### ROMINGER AND DENNETT HAVE PLAN TO ABOLISH LEGISLATURE

[BY A. P. DAY WIRE.]

SACRAMENTO, April 19.—Senators Rominger, Long Beach, and Dennett of Modesto, today introduced a constitutional amendment to abolition of the Legislature and in its stead substitution of a Council of State numbering fifty members.

The idea calls for dividing the State into fifty legislative districts, no city or county to have more than two members. Population would be the basis for the division. Each member would receive $5000 a year and the council would meet January 1 of odd years and remain in session until all its business had been completed.

The body would work under its own rules and would fix its own time of adjournment.

Rominger and Dennett asserted they were serious in their purpose. Dennett declared that if the proposition is submitted to the people it will be approved. Many members of both houses, he said, favor the plan.

A similar proposal was put before the last session of the Legislature by the same members, but it died in committee and did not reach the floor of either house.

NEW YORK, April 19.—Officials of the St. Regis Paper Company, at a conference with representatives of their employees today offered the workers an increase of 4 cents an hour, Floyd Carlisle, president of the company, announced. The workers' decision will be announced next Tuesday.

(Continued from First Page)

opposing increases for other institutions and who, doubtless, will again line up with the administration forces in opposition to increases elsewhere.

The so-called "victory" of Mr. Wood and of Paul Scharrenberg, secretary of the California Federation of Labor, who was today removed by Gov. Richardson from the Immigration and Housing Commission because of his lobbying activities during the present session, amounts, therefore, in the words of Assemblyman Dozier, to "just so much noise inasmuch," as Dr. Dozier explained, "the Governor can veto each and every increase and put all amounts back where he had them."

The roll call on the increase for the San Francisco institution resulted in forty-five ayes and thirty-four nos, and was as follows: For the amendment: Anderson, Badaracco, Bernard, Broughton, Burns, Carlson, Clarke, Cleary, Coombs, Crittenden, Croter, Dean, Dorris, Emme, Erb, Fellom, Hawes, Heisinger, Hornblower, Frank Johnson, Jones, Lyman, Mathews, McDowell, McMillan, Miller, T. A. Mitchell, Morris, Morrison, Mueller, Reindollar, Rock, Rosenshine, Saylor, Schmidt, Scott, Snyder, Spaulding, Spence, Stevenot, Stow, West, Whitacre, Woodbridge.

Against the amendment: Badham, C. C. Baker, Edwin Baker, Ball, Bromley, Carter, Christian, Cleveland, Connolly, Davis, Dawson, Donohue, Dozier, Duval, Ekward, Foster, Fox, Fulwider, Graves, J. W. Johnston, Kline, Lyons, McPherson, A. G. Mitchell, Moore, Noyes, Pedrotti, Pomeroy, Prendergast, Roberts, Smith, Weller, Williams and Speaker Merriam.

Increases thus far voted over the protests of administration supporters total in excess of $100,000, and amendments introduced today and to be voted on tomorrow or Monday call for further increases totaling more than $700,000.

The summary removal of Scharrenberg from the State Immigration and Housing Commission created a sensation in the capital, and was accepted by many as indicating a determination on the part of Gov. Richardson to "clean house."

### SCHARRENBERG'S STATUS

Mr. Scharrenberg has been the leader of the union-labor lobby in Sacramento and is said to be the author of many radical measures submitted to the present session. In unceremoniously kicking the laborite chief out of his administration, Gov. Richardson took occaision to call attention to part of his inaugural message, in which he asserted good government in this State is menaced by "undue influence upon members of the Legislature," exerted by State employees and members of boards and commissions.

A resolution adopted by the State Highway Commission opposing the submission of an additional road bond issue to the people at this time was received by the Governor today and, inasmuch as representatives of the automobile clubs and motor-vehicle interests of the State appear to share a view that a bond issue now is inadvisable, it is believed that measures now before the Legislature suggesting bond issues of varying amounts will either be dropped by their authors or tabled in committee.

Continued wrangling over proposed budget amendments, with no immediate let-up in sight, means that the contest over reapportionment of legislative districts will be put over until next week or possibly two weeks hence. Gov. Richardson today signed Senate Bill No. 489, by Senator M. B. Johnson, validiating the sale by the Los Angeles Board of Education of Mercantile Place. It is understood here that this validation paves the way for virtually immediate building operations upon the property.

## STEEL MILL PROGRAM FOR VETERANS DENIED

### VOCATIONAL TRAINERS ARE UNFIT FOR LABOR, SAYS HINES

[EXCLUSIVE DISPATCH.]

WASHINGTON, April 19.—The Veterans' Bureau today denied published reports that it was planning to help relieve the labor shortage by putting ex-service men now receiving vocational training to work in the steel mills.

Gen. Hines, director of the bureau, is holding conferences from time to time with the heads of big industries, getting them to adopt a policy of giving jobs to World War veterans as they complete their course of vocational training, but there is no thought of sending the men into the steel mills to perform the hard manual labor that would be required of them there.

As a matter of fact, few if any of the men now receiving vocational training are fitted for hard physical toil.

## BAY CITY CAFE MAN MUST GO TO PRISON

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 19.—A. C. Morrissey, proprietor of the Techau Tavern, a prominent cafe here which closed a year ago, has been denied a Presidential pardon from a six months' county jail sentence imposed after his conviction on a charge of violating the Volstead Act. U. S. Dist.-Atty. Williams was advised in a telegram today from Atty.-Gen. Daugherty. Morrissey is out on bonds.

Executive clemency was asked for Morrissey by United States District Judge Dooling, the trial judge, on a showing that Morrissey did not know that liquor was being sold in the cafe.

## ENGINEERS MAKE NEW AMERICAN SHIP OFFER

[BY A. P. NIGHT WIRE.]

NEW YORK, April 19. — The Marine Engineers' Beneficial Association tonight submitted a new offer to purchase three Shipping Board vessels, after Chairman A. D. Lasker of the board had rejected their original bid of $300,000. The association offered to deposit $90,000 as a guarantee fund, and operate the vessels until an arbitrary price is fixed.

# NEW FACTIONS FORM IN ERIN

### *Government Press Attacks Pope's Representative*

### *Stern Peace With Rebels Demand of O'Higgins*

### *Moderates Want Loophole to Tranquility*

BY THOMAS RYAN

[BY CABLE—EXCLUSIVE DISPATCH.]

[Copyright, 1923, by the Chicago Tribune.]

DUBLIN, April 18.—A bitter attack, presumably inspired by the government, was launched yesterday by the Freeman's Journal, the leading Irish government and Catholic organ, against Manager Luzio, papal envoy to Ireland.

Ireland is undergoing a new division into factions caused by Manager Luzio's presence. One side is composed of uncompromising partisans of the government who denounce negotiations with the rebels and demand a stern peace. These, of whom the High Priest is Kevin O'Higgins, say that since they refused peace six months ago the rebels have virtually ruined Ireland. "Now let them pay," they assert.

The other side, which includes many loyal citizens, deprecate a war to the end and demand that a sop be thrown out which will enable the irregulars to retire gracefully, thus providing against perpetual secret societies and assassinations.

### WOULD END HATREDS

These point to the huge concourse of mourners at Liam Lynch's funeral, showing that the spirit of Republicanism is still widespread, although militarily beaten. Another argument is the 12,000 prisoners who must be put to work at useful occupations without retaining their rankling memories.

"Save the future generations by tempering the victory with mercy," the moderates say.

Manager Luzio has become the spiritual leader of this faction. He advocates throwing a sop and he wishes to act as intermediary. He would even petition the government to exercise clemency. But the Freeman's Journal, representing the government policy, challenges Manager Luzio's right to interfere and virtually tells him to mind his own business.

Manager Luzio is charged with interfering, without papal credentials to the government, and with sheltering rebels under his robe. While government bodies denounce Manager Luzio's efforts, public bodies throughout Ireland are appealing to him to act.

Thus the difficulties of the Catholic Church in Ireland are further complicated. The bishops already have alienated the Republican element. Now the Pope's own envoy is at cross purposes with the government party.

## BILL AIMED AGAINST BOOK THEFTS PASSES

### UPPER HOUSE VOTES TO GIVE LOS ANGELES COUNTY MORE JUSTICES

[BY A. P. NIGHT WIRE.]

SACRAMENTO, April 19. — To check thievery in public libraries, the Senate today passed and sent to the Governor a bill by Assemblyman West, Sacramento, to hold second-hand book dealers responsible for receiving pilfered library books. As explained by Senator Inman, the measure would make it difficult to dispose of stolen library books, thereby saving libraries great losses.

The Senate also approved a bill by Assemblyman Weller to enable the State to accept Federal aid provided by the Sheppard-Towner Federal Act in behalf of maternity and infancy welfare. Other bills acted upon favorably by the upper house included these by:

Senator Canepa—To increase the hours of study for medical students.

Assemblyman Hornblower — To increase the hours of study for applicants for licenses as chiropodists.

Assemblymen Pedrotti and Emme—to provide two more justices of the peace for Los Angeles county.

Assemblymen Pedrotti and Emme—To give Los Angeles police courts three additional clerks.

Assemblyman Williams—To declare the Big Tree Road between Mariposa and Wawona, Mariposa county, to be part of the 7 per cent highway system.

## GOODS FOUND IN CAR BELIEVED STOLEN

[BY A. P. NIGHT WIRE.]

SPOKANE, April 19.—Articles found in an automobile abandoned by Charles Reed south of here last Monday afternoon in his flight from officers, have been identified as stolen from a drug store in Modesto, Cal., on March 15, Sheriff Clarence Long announced today.

Miss Gladys Homer, who jumped from Reed's automobile because, she said, she became frightened at the speed at which he was driving, was unconscious at a hospital here today with a fractured skull. Deputy Sheriff Dick Cashott, whom Reed shot, according to the officers, when the latter tried to arrest him, was said to be recovering.

## MAN AND DIVORCED WIFE FOUND KILLED

[BY A. P. NIGHT WIRE.]

EL PASO, April 19.—Luis Quintana, 23 years of age, and his divorced wife, Ramona Quintana, 19, were found shot dead in an alley back of the woman's home here early today by guests at a dance given in honor of the couple's 3-months-old son. Luis and Ramona lived together two years. Then the woman charged him with being cruel and they separated.

"Bury my body with my wife's," said a note found on Luis's person. "The person who made us separate is to blame. I could not live without her."

path, many of which are veritable icebergs, and which nearly foiled efforts of the starving party to send word of their plight to the mainland.

The men who reached the mainland are Edward Horn, 23 years of age, of Sutton's Bay; Carl Cooper, 35, and Ellis Sayers, 35, both of Traverse City.

Two earlier attempts were made to reach the mainland after the ghost of starvation began to haunt the bleak island. Four men tried to walk across the ice three weeks ago. After two miles of climbing and slipping over jagged ice fields, they found open water. Two slipped in and narrowly escaped drowning. They went back and waited. Again a party went out, but was caught in a snowstorm on the icy lake, wandered around lost for a day, and finally returned.

The story of the final successful attempt was told at Northport by Horn.

"At 7 a.m. Monday, Cooper, Sayers and myself, the three strongest of the party, took an old eighteen-foot skiff," he said. "The ice seemed to have gone out.

### STRIKE SLUSH ICE

"We had only one pair of oars, a pole and an ax and no food. After five miles we struck slush ice. We were tired and could not lift the boat over the ice, which broke through when we tried to walk on it. The wind changed to the north and we could not retreat. We worked all Monday night, rowed in open water for two hours Tuesday morning. Abandoning the boat at solid ice, we started to walk, but found open water.

"The skiff had disappeared, so we chopped a cake of ice loose and paddled it as a boat. Eventually we reached ice three miles offshore. We slept on an ice cake and on Wednesday ran the rest of the way leaping from one cake to the next. Cooper fell in twice. Then we walked four bad miles down the beach to Northport."

Horn and Sayers, although exhausted, were recuperating rapidly tonight. Cooper is under a doctor's care. One of his feet is so badly frozen he may not regain its use.

## *SPRING BUT TEMPORARY IN CHICAGO*

### *Balmy Weather Will be Followed by Cold Snap, Weather Man Reports*

[EXCLUSIVE DISPATCH.]

CHICAGO, April 19.—Had Tennyson lived in Chicago he might have written it "In spring a young man's fancy turns to killing Henry Cox." Henry, by the way, is the official weather forecaster. The younger generation dub him the official "joy killer."

At any rate Gentle Spring cast its warm smile upon Chicago again today, driving the mercury up to 73 degrees by 11 a.m. After a long, gloomy winter, replete with storms and blizzards, youthful thoughts, during the balmy day turned to the great out-of-doors. But no sooner had the last rays of the setting sun disappeared in the West than up pops a communique from Henry turning all thought from lights to heavies. "Don't change them yet," he said, "for storms are on the way."

Spring radiance will not linger long, he continued in his pessimistic vein. Tomorrow, Saturday and possibly Sunday may continue fair and warm. Then by Monday the newcomer is expected to make a hurried exit under a belated attack from the rear guard of old General Winter.

"Spring appears to have arrived," Prof. Cox said officially, "but it's only a temporary visit. You can't tell much about weather, you know. There is no real cold spell in sight, but we look for several frosts within the next month or so. One of these may arrive Monday. It may be rather chilly. We'll probably notice it more because of the warm weather we are having now."

The present spring is the latest Chicago has had since 1914, Prof. Cox said.

## BEACH GROUP TAKES DRILL OF TEMPLARS

### CALIFORNIA COMMANDERY IS IN CONCLAVE NOW AT STOCKTON

[EXCLUSIVE DISPATCH.]

STOCKTON, April 19. — The Grand Commandery of Knights Templar of California opened this morning with Most Eminent Sir Leonidas P. Newby, Grand Master of the grand encampment of the United States, and Right Eminent Sir Perry W. Weidner, Grand Senior Warden of the grand encampment of the United States, in attendance.

The grand conclave was conducted in the new Masonic Temple. The semimillitary competitive opening ceremony was won by Long Beach Commandery No. 40 by a large percentage, but California Commandery No. 1 showed the best of spirit and good sportsmanship in defeat.

The State competitive-drill contest will be staged this evening in the town square, with four Southern California commanderies, Los Angeles, Long Beach, Golden West and Pasadena competing with five northern commanderies for the State grand competitive drill honor. The prize is a beautifully engraved loving cup, which is a perpetual trophy.

## PROPOSED JURY LAW CHANGE IS DELAYED

[BY A. P. NIGHT WIRE.]

SACRAMENTO, April 19.—Senator E. JJ. Gates's proposed constitutional amendment to permit three-fourths of the members of a jury in a criminal case to return a verdict unless the offense is capital, went over for a week in the Assembly today. It had been set as a special order, but the budget debate took precedence, and it was assigned as a special order for next Thursday, the 26th inst., at 11 o'clock.

# BEGIN WAR ON SUGAR GOUGERS

(Continued from First Page)

It is understood that such action may be commenced next week.

Seymour further announced that in the light of the decision of the Supreme Court of the United States handed down last Monday in the grain futures case, it is probable that the petition filed today may be broadened to ask the annulment of all "fictitious" sugar contracts where no deliveries are intended and the issuance of an order prohibiting any payments or settlements to be made under such contracts.

### APPROVED BY PRESIDENT

Today's action was taken with the approval of President Harding and his Cabinet and constitutes the official administration program in dealing with the sugar situation. The President, it was stated, regards the suit of vast importance, involving as it does the question as to whether unrestricted speculation in a commodity of prime necessity can be curbed under present laws.

The administration attack hinges on the theory that speculation in the New York sugar market is solely responsible for increases in prices to the consumer which have taken place during the past few weeks.

It is declared that during February and March only one-thousandth of 1 per cent in the number of contracts cleared through the New York Coffee and Sugar Exchange was actually consummated by deliveries. Transactions resulting in the fixing of market prices, it is asserted, were purely fictitious and carried on for the purpose of unduly enhancing the price of both raw and refined sugar.

Each increase of 1 cent per pound in the price of refined sugar, it is pointed out, costs the consumers of the United States approximately $2,000,000 per week.

### UNLAWFUL COMBINATION

The government asserts that the speculative operations in sugar constitute an unlawful combination and conspiracy in restraint of interstate and foreign commerce. Such combination and conspiracy are held to be in violation of the Sherman antitrust law of 1890 and of the Wilson Tariff Act of 1894 as amended by the act of 1913.

The far-reaching character of the proceedings is indicated by the foreign demands set forth in the petition filed in the New York court:

That a preliminary injunction be issued restraining the defendants from further operating the New York Coffee and Sugar Exchance, Inc., and New York Coffee and Sugar Clearing Association, Inc., in so far as they relate to sugar.

That after a final hearing to be adjudged and decreed that the laws, rules and regulations of the exchange and clearing-house in so far as they relate to sugar and the consolidated action of the defendants in carrying them out constitute a combination and conspiracy in restraint of interstate and foreign trade and commerce and are contrary to public policy and detrimental to the people of the United States and in derogation of their common rights.

### ARTIFICAL PRICES

That defendants be perpetually enjoined from operating the exchange and clearinghouse in so far as they deal in sugar and also from establishing and operating any plant of like character with a view to the establishment of artifical prices of sugar.

That a perpetual injunction be issued against the defendants restraining them from publishing prices of raw or refined sugar as purporting to be market prices of such sugar as established by exchange transactions, and from attempting to establish such prices as the price to prevail in bona fide transactions actually involving the sale and delivery of sugar.

That the perpetual injunction be made so broad as to restrain the defendants thereafter from transactions either on the exchange or elsewhere unless the person making the sale actually has in his possession or under his control a supply of sugar adequate to meet the requirements of the transaction and unless the person making the purchase actually intends to accept delivery of the sugar.

It is asked in the petition that a preliminary hearing take place within ten days after the defendants are properly served.

## BABY BROUGHT TO LIFE THREE TIMES BY DRUG

[EXCLUSIVE DISPATCH.]

SPRING LAKE (N. J.) April 19.— Official announcement of a remarkable success in adrenalin administration was made today by surgeons of Ann May Hospital, who revealed that a baby born dead was brought back to life three successive times by the injection of the drug into its heart muscles.

The operation was performed last Thursday by Dr. James F. Ackerman. The hospital authorities delayed making an announcement of the results of the experiment until reasonably certain that the baby would live.

The baby was born three weeks prematurely and less than twenty-four hours after its mother, Mrs. James Miller, had undergone an operation for appendicitis.

# CHARITY HEADS SHOW FIGURES

## *Union Labor Men Are Given Their Answer*

## *Minimum Monthly Budget Starts Talk*

## *Small Allowance Includes No Extras*

[EXCLUSIVE DISPATCH.]

CHICAGO, April 19.—"It is done," was the answer which Miss Amelia Sears and Miss Florence Nesbit of the United Charities cast back at workers and union labor leaders who yesterday took exception to the $110 a month minimum budget in accordance with which the United Charities aids needy families.

In proof they offered the following statement made up from the records of 100 families chosen at random from the ten districts covered by the United Charities:

| | |
|---|---|
| Average rent per month | $15.81 |
| Average number in family, per cent | 6.00 |
| Average wage earned by man | 27.28 |
| Highest rent | 44.00 |
| Lowest rent | 7.00 |
| Highest wage | 70.00 |
| Lowest wage | 10.00 |

About 25 per cent of these families are now receiving aid. With few exceptions the men are unskilled, nonunion laborers.

**JUST RELIEF MEASURE**

The $110 budget, Miss Nesbit and Miss Sears pointed out, is designed purely as a relief budget where emergencies are met by the aiding organization. As a minimum monthly budget for a self-supporting family consisting of a father, mother, and children of 13, 10 and 7 years of age, they offered the following:

| | |
|---|---|
| Rent | $29.30 |
| Food | 46.00 |
| Clothing | 20.75 |
| Fuel (average for year) | 10.75 |
| Household supplies | 5.50 |
| Car fare (seventy rides, surface) | 4.90 |
| Care of health | 7.00 |
| Insurance of savings | 10.00 |
| Incidentals — Education, recreation, dues for church or organizations, and emergencies | 12.00 |
| Total | $151.65 |

"This is not a budget which would admit of the standard familiarly known as the American standard of living," said Miss Nesbit. "It means saving and scrimping; it means that children must go to work at the end of the eighth grade; it is pathetic grinding poverty with no fun or aesthetic enjoyment in it, but it would spell ease to some families."

# *WHIP BOSS FOR CAMP TESTIFIES*

## *Man Accused of Murder at Prison Farm Admits Duty Was to Flog Men*

[EXCLUSIVE DISPATCH.]

TALLAHASSEE (Fla.) April 19. Walter T. Higginbotham, under $10,000 bond after indictment for first degree murder in the death of Martin Tabert, North Dakota youth who was whipped to death in a convict prison camp of the Putnam Lumber Company, took the stand in his own behalf today.

Higginbotham, who is 35 years of age, short statured and heavily built, admitted that he was "whipping boss" of the prison camp, being employed as deputy warden to look after the prisoners. For this work he received $45 a month and board for himself and family.

Concerning the whipping of Tabert, Higginbotham testified that the young man would not work. On a Friday night, the "whipping boss" testified, he encountered Tabert coming out of the mess hall.

"After questioning him I got my strap and whipped him."

"How many times did you strike him?" asked Chairman Stokes of the committee.

"About ten or eleven times," answered Higginbotham.

"Did he return to work afterward?"

"Yes sir, the next day he went back to work, and the foreman said he worked all right. Saturday night he was reported sick. We bathed him, put him to bed and sent for a doctor. The doctor told Tabert to remain in bed. I did not see him again until Wednesday night, the night he died. We prepared him for burial and shipped the body away."

# *TOKIO HAS NEW VIEW FOR CHINA*

## *Open Door Policy Will Be Adopted by Japan, States Government Press*

[BY CABLE—EXCLUSIVE DISPATCH.]

TOKIO, April 19.—An apparently inspired statement in the government press says that the Foreign Office has decided to adopt a milder policy toward China. There is a strong element in government circles which has been urging more aggressive activity lest the changing conditions find Japan left behind on the Asiatic mainland. Premier Kato is considering the terms of an announcement of a general policy along the following lines:

The open door, equal opportunity for all, territorial integrity to be respected as loyally as ever, but there is to be no deviation from interpower harmony, active economic development of Japan and China together, on the principle that the two nations must stand or fall together.

Premier Kato wishes to reject absolutely all militaristic and imperialistic aggression, with the adoption of a policy of persuading China also to abandon its militarism as undemocratic, and foreign exclusion measures, thus itself keeping open its doors in the interest of unity, stability and liberty.

Japan believes that it has a special position which makes it vital for the two nations to cooperate, and that it must assume the leadership in adjusting relations between the powers and China not only settling the outstanding Sino-Japanese questions, but all obstacles in the way of unification of China.

# *COAL MEN ASK OPEN HEARINGS*

## *Policy of Secrecy Taken by Commission Is Scored by Operators*

[EXCLUSIVE DISPATCH.]

WASHINGTON, April 19.—Demand of the bituminous coal operators for open hearings may force the United States Coal Commission to abandon its present method of conducting its investigation in secrecy. Request for open hearings was made on the commission yesterday by Henry L. Stimson and G. M. Dorr, counsel for the bituminous operators' special committee.

The request for open hearings probably will be followed by a statement from the miners' organization welcoming such an arrangement. Both sides have been carrying on their argument in the newspapers by means of open letters, and both believe that they can present their sides of the case to the public in better shape in the form of testimony before the commission.

Until recently members of the commission have taken the position that they could best acquaint themselves with the situation by calling in various experts on coal, both miners and operators, and questioning them. The procedure, however, has a tendency to bring the charge of "doing nothing" against the commission and open hearings are in sight, probably after the Commission's return from their present tour of the anthracite fields.

## JAPAN FIGHTING AMERICAN FIRM

### Plans for Chinese Wireless Hotly Contested

### Nipponese Company Declares It Has Monopoly

### "Open Door" is Demanded by United States

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 19.—The plans of the Federal Telegraph Company to link China and the United States by an American wireless system have met with unexpected foreign opposition at Peking, according to recent cable advices received from the Chinese capital by company officials.

British, and particularly Japanese opposition, backed by official representations to the Chinese Foreign Office, have held up Chinese validation of the Federal's 1920 contract with China, according to these advices.

"The repudiation of our contract with China by the Peking government would leave Chinese-American communications entirely in the hands of the British and Japanese," said Leon Bocqueraz of San Francisco, vice-president of the Federal company.

**CONFIDENT OF SUCCESS**

Mr. Bocqueraz added that he did not believe China eventually would adopt such a course, despite the strenuous opposition of the Mitsui interests of Japan, backed by the Tokio government, and he added:

"The American State Department has been appealed to and is standing squarely behind the Federal company in its fight for equal rights in China and actual recognition of the 'open door policy, to which Japan, as well as other nations, has subscribed.

"The Mitsui company, in the face of its government's approval of the open door policy in China at the Washington conference, contends that its agreement with the Peking authorities constitutes a wireless monopoly in the far eastern republic and is pressing its antagonism to American plans with all possible vigor through Japanese diplomatic channels in Peking.

**READY FOR WORK**

"In the meantime R. P. Schwerin, president of the Federal, is on the ground in China with a corps of engineers ready to begin construction on a chain of five wireless plants that will link China to the United States independent of any official control and free from any censorship. The project involves the expenditure by the Federal of $15,000,000, and we will go ahead as soon as our contract is validated at Peking, which, I hope, in spite of Japanese and British obstructions, will be in the near future."

## LIGHTNING PLAYS PRANKS AT HOME

[EXCLUSIVE DISPATCH.]

TUCSON (Ariz.) April 19.—During an electrical storm, while the family was absent, a lighting bolt passed through the screen door of a front room at the home of Alberto Moreno, continued on through the door between the front and rear roms, burned the silver back from part of a dressing table mirror, tore wood from the dresser and then smashed out through the rear door, which was torn from its hinges.

Almost at the same time a second bolt struck a metal drain in the rear of the house and set fire to the shingles.

## SUN FLEES, SAYS WORD TO CAPITAL

### Peking Authority Said to Be Established in Canton; Opium Monopoly Fails

BY CHARLES DAILEY
[BY CABLE—EXCLUSIVE DISPATCH.]
[Copyright, 1923, by the Chicago Tribune.]

PEKING, April 19. — Premier Chang Sao Tseng has received a telegram from Canton stating that Shen Hung Yin has formally assumed office and that Sun Yat Sen has taken refuge aboard a gunboat. This contradicts press dispatches, which assert that the Yunnanese are battling to prevent the Kwangsi forces from entering Canton, but there is a possibility that the former news is later.

If Dr. Sun has taken flight this will mark the definite establishment of Peking's authority in Canton, but foreign observers anticipate that this will be short-lived unless Dr. Sun accepts the terms which Wang Chung is bearing to the southern city.

The Cabinet asserts that it has not approved of the proposed plan for an opium monopoly and the project has been dropped. The Premier held that it would be impossible to carry it out because it would be in violation of a British treaty, and also because it would be impossible to compel the Tuchuns to abandon the profits from their personal opium traffic. The real reason for the Cabinet's reversal of position was the storm of protests, both domestic and foreign.

## HEIRESS AND HUSBAND GIVE REPORTERS SLIP

### NORRISES LEAVE PRIVATE CAR AT CHICAGO OUTSKIRTS; GO SHOPPING

[EXCLUSIVE DISPATCH.]

CHICAGO, April 19.—An army of reporters was on hand today when the private car bearing Lester Norris, son of a St. Charles undertaker and his bride, formerly Miss Dellora Angell, heiress of the $40,000,000 Gates estate was pulled into the Northwestern station, but all that they saw were tightly drawn shades and a uniformed policeman at each door. It was explained that the honeymooners had left the car on the outskirts of the city and were spending the day shopping.

Later in the day, the couple again eluded the newspaper men and women and boarded the car, together with the wedding party of eighteen, which had accompanied them from California, where the ceremony was performed and went to the Lake Forest home of the bride.

"Are they happy?" was the question asked Mrs. R. F. Angell, mother of the bride, who did what little talking was done. "Happy? divinely so," beamed Mrs. Angell. "They couldn't be happier, but Dellora has had so much publicity that she does not want to talk to reporters."

Mrs. Angell said that the young couple, sweethearts from childhood days, would occupy the St. Charles apartment, which is waiting for them, in a few weeks' time. The rent of this apartment is $50 a month and Norris will continue his efforts to climb in the cartooning world.

## SECOND MICHIGAN RED TRIAL GETS UNDER WAY

### DEFENSE TELLS OF PLANS TO BRING PARTY OUT INTO THE OPEN

[BY A. P. NIGHT WIRE.]

ST. JOSEPH (Mich.) April 19. Charles E. Ruthenberg of Cleveland attended the Communist convention in this county last year for the purpose of presenting a plan he had drafted for bringing the party out into the open as a legal organization, Frank P. Walsh, his attorney, declared today in the opening argument for the defense in Ruthenberg's trial for criminal syndicalism.

The defendant, it will be shown, Mr. Walsh said, was not a delegate to the convention, but was there as a member of the national executive committee of the party to sponsor his plans for transferring its activities to the Workers' party.

The jury to try Ruthenberg was completed shortly after 2 o'clock and Charles Gore, Prosecuting Attorney of Berrien county, immediately opened for the State, followed by Mr. Walsh. The first witness, Sheriff George Bridgman of Berrien county, who led the raid on the Communist convention, will take the stand tomorrow morning.

## GOVERNOR HELPING IN HUNT FOR PUBLISHER

### CHARGES OF MISSING MAN WRITING TO GIRL ARE BEING SIFTED

[BY A. P. DAY WIRE.]

SACRAMENTO, April 19.—Gov. Richardson stated here today that he is working with Mrs. Oran A. King of Jackson and her brother, C. E. Spears of Sacramento, in an effort to solve the mystery of the disappearance from Jackson on the 7th inst. of Mrs. King's husband, publisher of a Jackson newspaper and widely known politician.

According to Mrs. King and the Governor, King left his personal and financial affairs in order and there was no reason for him to disappear. They advanced the theory he might have been suffering from mental troubles.

Dist.-Atty. T. G. Negrich of Jackson stated today that he also was investigating the King disappearance because of charges made by a young woman whom he refused to name, that King had written indiscreet letters to her. The young woman, however, declared she had destroyed the letters, the District Attorney said.

King is secretary of the California Press Association.

## VICTIM IN GUN FIGHT RECOVERS

### Tramp Shot Seven Times Unworried by Wounds, but Eager for Food

[EXCLUSIVE DISPATCH.]

TOMBSTONE (Ariz.) April 19. Webster Brown, a negro tramp, now in the County Hospital at Douglas, is declared assured of recovery though badly shattered in a duel with Special Officer Preston Nelson of the Southern Pacific at Sybil, eight miles east of Benson. Nelson was slightly wounded by Brown, who started shooting as soon as the officer's flashlight was turned upon him, but the negro emerged from the fray with a shattered right hand, which had to be amputated, a bullet wound through the trunk, ranging downward from the lungs, another through the right leg, and four slighter wounds in the head. When rushed to the hospital the prisoner appeared to attach small importance to his injuries, but insisted on food. He asserted that his home had been in Oakdale, La., but investigation showed that he had spent three years in the State penitentiary at Jackson, Miss. In his possession was found a valuable gold watch.

E. V. Allen, sentenced to eight years in the penitentiary on conviction of robbery in Douglas, has a California criminal record. As a boy he was an inmate of the Whittier Reform School. In January, 1914, he was sentenced to a term in San Quentin prison for robbery and was sent back from Los Angeles in 1918 on a similar charge.

**TOWNSEND ON NEW WORK**

[BY A. P. DAY WIRE.]

WASHINGTON, April 19.—Former Senator Charles F. Townsend of Michigan has assumed office as a member of the American section of the International Joint Commission. He fills the vacancy made by the resignation of former Senator Obadiah Gardner of Maine, a Democrat, and chairman of the commission for many years. Former Senator Clarence D. ## MULLIGAN MAY NOT BE SEAL

### Ex-White Sox Third Baseman Said to Have Signed With Racine Team

Eddie Mulligan may not play with San Francisco or any other organized club for three years.

Mulligan was obtained from the White Sox in part payment for Willie Kamm. Dissatisfied with the transaction, he refused to report to the Seals, and is said to have signed with the Racine team, an outlaw organization. Later San Francisco satisfied him on terms, and he agreed to report.

It is likely he will be protested by other Coast League clubs if San Francisco makes an attempt to play him. If Mulligan is ineligible, then the eligibility of every player competing against him would be in jeopardy.

Oscar Reichow, business manager of the Los Angeles club, says that the case of Mulligan seems to be identical with that of Hippo Vaughn. Vaughn jumped the Cubs and signed with Beloit. Although he did not play a game with the outlaw team, and the Cubs were willing to take him back, Commissioner Landis suspended him for three years.

## Bulldogs Get Walloped by La Verne Lads

[EXCLUSIVE DISPATCH.]

REDLANDS, April 19.—Max Cranmer, coach of the baseball team of the University of Redlands, took his men to La Verne last night for a game with the college there. He tried out a new combination on the down country team and it did not work so well for the Bulldogs were trounced to the tune of 4 to 1.

Cranmer started Jesse Smith on the mound with Gaines behind the bat, a new man at second base and two new fielders. The boys made many errors in the first two innings and gave La Verne four markers, the only ones they got during the game. Later Jensen took up the white man's burden and pitched the remainder of the game with Smith behind the bat and Gaines in the field.

Jensen is showing more class this year than he did last, has more control and a better assortment. Cranmer says he will work his men hard this week to overcome the effect of a week of vacation and to get them in shape for the opening of the conference schedule on Saturday with Caltech. Because of the A.A.U. track meet here on Saturday the game may be played on Friday afternoon. It is at Pasadena.

## OJAI TENNIS IS EN ROUTE

### Great Bunch of Matches on Opening Day

### Practically No Upsets for Early Rounds

### Tough Competition Expected Later On

[EXCLUSIVE DISPATCH.]

OJAI (Cal.) April 18.—Almost without exception the favorites in all events in the twenty-eighth annual Ojai Valley tennis tournament came through their early round matches here today, nearly one hundred net duels being staged on the courts of the valley. As a result most of the weaker players have been eliminated and the big matches should come tomorrow.

Although the late arrival of a few star players upset the schedule to some extent, play advanced satisfactorily in most of the events. The men's intercollegiate singles made better progress than anything else, the field being narrowed to two Stanford and two California players, Bates and Bettens representing the Bears and Hincley and Mertz the Cardinals.

In the interscholastic events there were practically no upsets and Conrad Bryant of Hollywood, playing-through champion, sailed through two rounds without difficulty. Pacheco of L. A. High had a terrible time winning from Seldon of Thatcher 6-8, 6-1, 8-6.

The only upset in men's singles was the defeat of Harold Dickenson by Harold Mosier, a U.S.C. freshman in straight sets. Ralph Sindorf, Ray Casey, Clarence Barker, Harold Godshall, Irving Weinstein and Howard Kinsey are favorites in this event, the latter accomplishing the downfall of Paul Hardeman in the best match of the day 3-6, 6-2, 6-3.

In the men's doubles Sindorf and Miles Reinke, Weinstein and Suhr and Sinclair and Casey have already reached the round before the semifinals. The mixed doubles seems to lie between Mrs. Bruce and Tom Bundy, Miss Sutton and Sinsabaugh, Miss Browne and Browne and Mrs. Dudley and Gorham. Mrs. Bundy and Mrs. Doeg and Mrs. Dudley and Miss Browne are sure finalists in the women's doubles.

The women's singles will get interesting tomorrow when Mrs. May Sutton Bundy meets Miss Caroline Bryant and Mrs. Henry meets Miss Marion Williams in the upper half. The lower half finds Mrs. Leachman of San Francisco, Mrs. Violet Sutton Doeg and Miss Mary Browne favorites.

WOMEN'S SINGLES

Mrs. Bundy vs. Miss Bryant, postponed till Friday; Mrs. Henry defeated Miss Bielefelt, 6-0, 6-0; Miss Webster defeated Miss Cockley, 6-1, 6-1; Miss Williams defeated Miss Bushard, 6-0, 6-1; Miss Arneson defeated Miss Crookshank, 2-6, 7-5, 7-5; Mrs. Leachman defeated Miss Platt, 6-1, 6-2; Mrs. Leachman defeated Miss Arneson, 6-1, 6-0; Mrs. Doeg defeated Miss Melquist, 6-1, 6-0; Miss Bristol defeated Miss Warren, 6-1, 6-1; Miss Browne defeated Miss Du Mille, 6-2, 6-1.

MIXED DOUBLES

Mrs. Leachman and Miss Williams defeated Miss Smith and Miss Prentice, 6-2, 6-3; Mrs. Severence and Miss Garland defeated Miss Thatcher and Mrs. Lefferts, 1-6, 6-1, 6-2; Miss Browne and Mrs. Dudley defeated Mrs. Henry and Mrs. Jenks, 6-0, 6-1; Mrs. Bundy and Mrs. Doeg play Friday.

MIXED DOUBLES

Mrs. Bruce and Bundy won by default; Miss Sutton and Sinsabaugh defeated Mrs. Lefferts and Lefferts, 6-0, 6-1; Miss Browne and Browne defeated Mrs. Prentice and Lacroix, 6-0, 6-0; Mrs. Dudley and Graham defeated Miss Ames and McFadden, 6-1, 6-1; Miss Arneson and Roche won by default; Miss Cockley and Phrener won by default.

MEN'S SINGLES

Sindorf defeated Wachter, 6-3, 6-0; Mosier defeated Dickenson, 6-3, 6-2; Sindorf defeated Mosier, 5-7, 6-0, 6-1; Casey defeated Stiles, 6-1, 6-3; Cutler defeated Simmons, 6-0, 6-1; Reinke

## KLAWITER IS STILL CHAMP

George Klawiter defeated Frank E. Garbutt in the challenge handball tilt on the Los Angeles Athletic Club courts yesterday. The score was 21-14, 27-22. However, Klawiter had his hands full all the way and several times the two players engaged in long and thrilling rallies.

Garbutt has been trimming everybody around the club recently and decided to challenge Klawiter, holder of the L.A.A.C. singles title, to a match. Klawiter granted him a match yesterday and now is feeling more like a champ than ever because of his victory.

## TROJAN STARS WILL COMPETE

### Cory-Emmons Will Perform for U.S.C. Varsity

### A.A.U. Meet at Redlands to be Hard Fought

### Feg Murray and Fred Kelly Set for Races

Chances of victory for the University of Southern California for the University of Southern California varsity in the annual A.A.U. track and field championships at Redlands tomorrow loom brighter and brighter as the minutes pass. Oliver Cory, star high jumper, and Dick Emmons, Trojan pole vaulter, will compete for U.S.C. in tomorrow's meet, according to announcement made yesterday by Coach Dean Cromwell.

The addition of Cory and Emmons to the Trojan ranks should swell the varsity total of points by about seven digits. All of which will be sad news to the Los Angeles Athletic Club, Occidental, Pomona and U.S.C. frosh track squads.

Feg Murray and Fred Kelly, America's oldest foremost hurdlers, have been pronounced in perfect condition by their host of trainers and conditioners and should break at least seven world's records in their two exhibition hurdle races tomorrow. Both have a host or verbal backers, but no money has been wagered on the outcome of their races as yet, so much is the outcome in doubt.

BOTH CONFIDENT

When Feg Murray was recently asked what he thought the outcome of the races would be, he replied, "No baldheaded hurdler like Fred Kelly could ever beat me. I expect Kelly will withdraw before the races really start."

However, Kelly stated, when told of Feg's remarks, that Murray would be lucky to second tomorrow.

Tomorrow's meet starts promptly at 1 o'clock, the hammer throw being the opening event. There will be twenty-one events, not counting the exhibition hurdle races between Kelly and Murray, tomorrow, and it is expected that the meet will end a little before 5:30 o'clock.

HURDLES FEATURE

The feature events of the day are expected to be the 120-yard high hurdles, the low hurdles and the 440. Otto Anderson of U.S.C. and Charles Daggs of Pomona will be the principal performers in the timber-topping events. There has been much discussion as to which was the best hurdler in the South and tomorrow this will be decided. Daggs is the favorite in the high, while Anderson seems to have the best chance of winning in the lows. Yale Martz should have a chance to show how fast he can go in the quarter tomorrow, as he will have a number of fast boys against him. Johnny Powers and Johnny Spangler of Oxy, Ed Shaw of the U.S.C. frosh and Martz's team-mates, Hughes and Johnston,

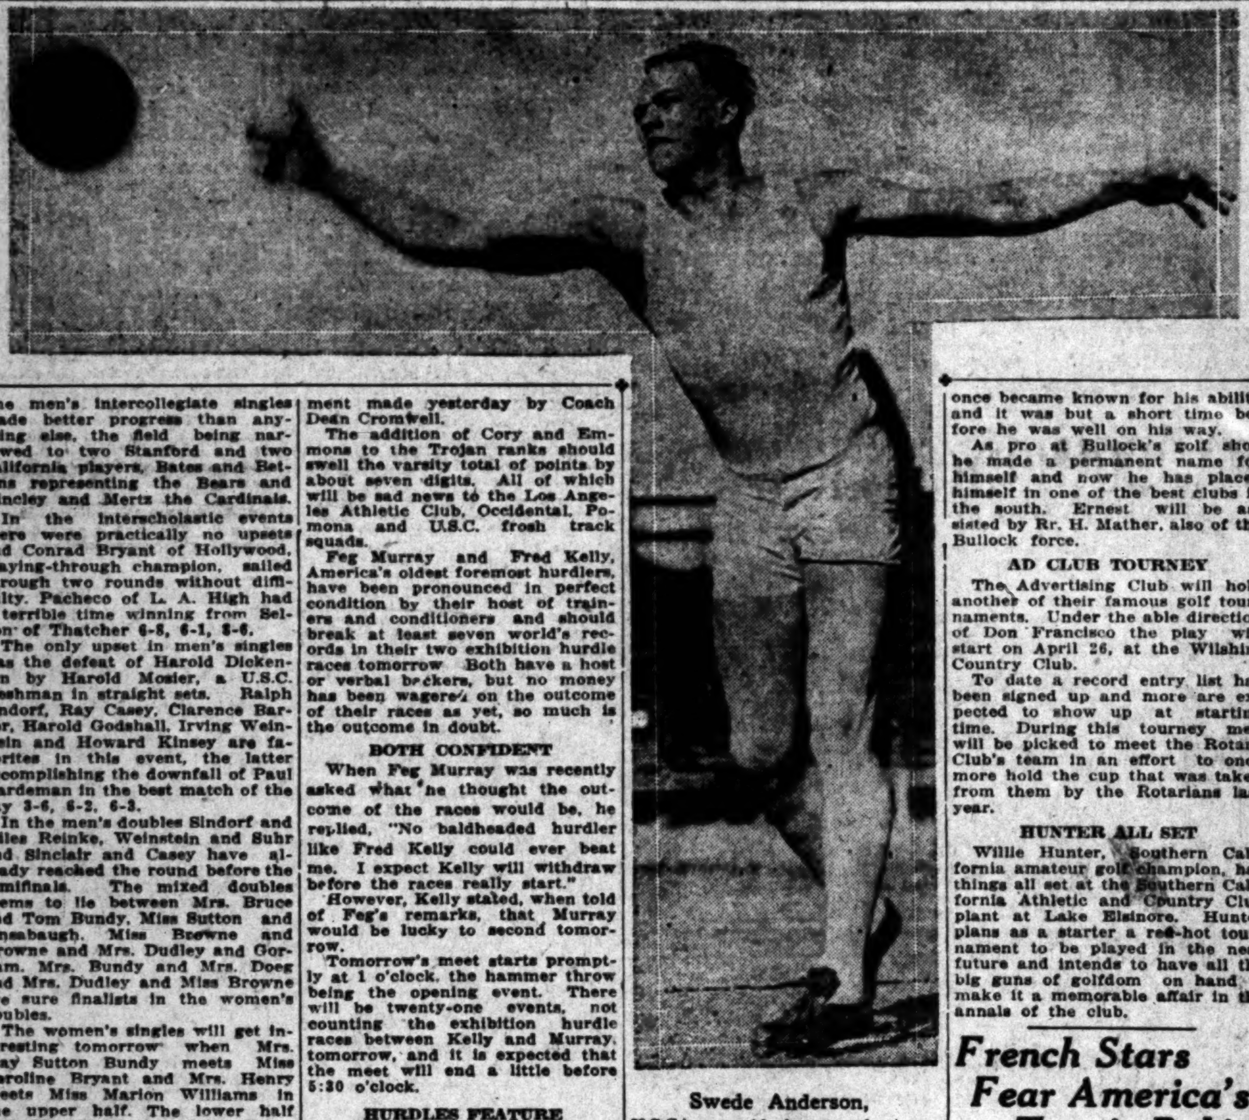
## Eddie Sudden Not to Start in Track Meet

[BY A. P. NIGHT WIRE.]

STANFORD UNIVERSITY, April 19.—Eddie Sudden, star sprinter, who signed preliminary registration papers yesterday to re-enter Stanford University, did not complete his registration today. The athletic affairs committee of the student body announced that it was opposed to Sudden entering Saturday's track meet against the University of California, as a matter of "ethics," as the charge might be brought up that he entered the university merely to compete in this meet.

Sudden is one of the fastest runners on the Pacific Coast. The ten points he could be expected to win for the Cardinals probably would swing the meet to Stanford, for at present California is conceded by many to have a margin of about 5 points.



Swede Anderson,
U.S.C.'s peroxide beauty who is expected to count heavily in the discus and shot events at the A.A.U. meet at Redlands tomorrow.

## JOE BURNS IS HERE AFTER SOME BOUTS

Joe Burns, well-known Los Angeles and San Francisco featherweight, arrived in town yesterday. Burns boxed in the north until four months ago when he was laid up with a bad hand. He is here with Mrs. Burns and Baby Burns. Joe's family name is Mensor. Joe promises to be in shape in a month and will step out after Larry Murphy and Willie O'Brien.

## MONTECITO GETS NEW GOLF PRO

### Ernest Martin to do Stuff at Famous Club

### Advertising Boys Will Hold Big Tournament

### Willie Hunter Settles Down at Elsinore

With the late shifting of professionals in some of the clubs about Los Angeles, word comes to us that the Montecito Country Club high estate of a club-maker.

In securing the services of Ernest Martin the Montecito club has one of the best teachers of golf in the State. Ernest worked as a caddie in the "auld" country and then was promoted to the high estate of a club maker. Coming to the United States he at once became known for his ability and it was but a short time before he was well on his way.

As pro at Bullock's golf shop he made a permanent name for himself and now he has placed himself in one of the best clubs in the south. Ernest will be assisted by Rr. H. Mather, also of the Bullock force.

AD CLUB TOURNEY

The Advertising Club will hold another of their famous golf tournaments. Under the able direction of Don Francisco the play will start on April 26, at the Wilshire Country Club.

To date a record entry list has been signed up and more are expected to show up at starting time. During this tourney men will be picked to meet the Rotary Club's team in an effort to once more hold the cup that was taken from them by the Rotarians last year.

HUNTER ALL SET

Willie Hunter, Southern California amateur golf champion, has things all set at the Southern California Athletic and Country Club plant at Lake Elsinore. Hunter plans as a starter a red-hot tournament to be played in the near future and intends to have all the big guns of golfdom on hand to make it a memorable affair in the annals of the club.

## French Stars Fear America's Tennis Babies

[BY CABLE AND ASSOCIATED PRESS.]

PARIS, April 19.—The announcement that William M. Johnston and possibly Vincent Richards will participate in the world's hard court tennis championships at St. Cloud next month, has caused the French tennis stars to start practice in earnest.

Cochet, Borotra and Lacoste, the three ranking French players, feel that the Americans have the best chance of winning the championships.

"I don't wish either Johnston or Richards any harm," said Cochet today, "but I do hope they are both in the same end of the draw and can kill off one another in the semifinals. In this way one of us Frenchmen may reach the finals. Otherwise, it looks like an all-American final."

POLY-MANUAL TODAY

Due to the intense rivalry between the two institutions, Poly and Manual Arts will meet in a preseason baseball game this afternoon on the Artisan field. The Vermont Streeters are conceded a victory because of heavier sluggers.

## CHARLEY MUST FEEL RELIEVED

[BY A. P. NIGHT WIRE.]

CHICAGO, April 19.—A woman may some day outdo "Babe" Ruth with the bat but none of the gentler sex probably ever will exceed Charley Paddock's time in the sprints, Floyd A. Rowe, State director of physical training for Michigan high schools, declared today. Mr. Rowe was here to attend the Middle West Society of Physical Education.

## TIGERS AGAIN BOW TO BEES

### Four Runs in Third Ice Tilt for Mormon Squad

### Shellenback Driven From Box by Salt Lake Drive

### Thirteen Hits Total of Utah Maulers' Assault

BY HARRY A. WILLIAMS

Salt Lake Bees burnished up their batting binoculars yesterday with the result that four Vernon pitchers were unable to stop what subsequently happened. Thus in the resumed national pastime, the visitors made it two straight by a score of 9 to 2. It was a fence-rocking assault by the Bees coupled up with uncertain fielding of the Tigers, which did the business, all so plain and above board as to leave nothing mysterious about the seance.

Salt Lake iced the game as early as the third with a slashing assault on Shellenback's spitter, and there was no thaw to release the Tigers.

Jimmy Singleton started for the Bees, but although no runs had been registered against him he was removed in the fourth when a trace of wildness began to show in his performance. The Bees staged another four-run rally in the sixth, counting again in the seventh.

Hughie Smith, formerly a catcher for the Los Angeles club, and now an attorney, attended the game. Hughie is assistant City Attorney in San Francisco, and also has a growing practice of his own. Smith broke in at the age of 17 under Frank Dillon, sharing the catching first with Hap Hogan and then Jess Orndorff.

Three thousand people took enough time away from their dancing to attend the game. Some seemed to be slightly haggard from their galloping. There also were a few single-footing ladies. This is becoming a nation of rubber-ankled youths and nonstop flappers. Every two-step is a reliability run, and one-step has been lengthened to Marathon distance. Square dances will be enlarged to circle the globe. Average dance program includes such events as Marathon, low hurdles, pentathlon and special prize for greatest mileage on pint of perspiration.

Ten nights in ballroom is regarded as nice evening's entertainment. Young girl can fox trot a wolf to death, or bunny hug a grizzley bear black in the face.

## HOLLYWOOD IS FAVORED

### Cardinal Tracksters Expected to Defeat Oilers in Southern California Cinderpath Meet

Because of their wonderful showing in the city meet, Hollywood High's track and field athletes are favored to beat out Huntington Beach for the Southern California interscholastic cinderpath title in the all-southern meet Saturday at Santa Ana.

Coach Page's lads are doped to grab firsts in three events and are practically certain of placing in a number of other events. Turner is almost a cinch to cop the high jump, as his 6ft. 1-4in. leap in the city meet is the best made among Southern California preps this year. Coyne of Hollywood should place first in the shotput, while Meeks appears a certainty to outleap the field in the broad jump. Then the Cards have Lee Barnes, who should place either second or third in the pole vault; Burgard, who has run the low hurdles in the fastest time of the yearw; Akroyd and Clum, a pair of capable half-milers; Smith, who has rambled the 440 very close to 52s.; Chase, who placed third in the city meet mile, and a speedy relay team. The above youths appear able to collect a total of around 30 points, which ought to be enough to nab the Southern California affair.

Coach Ray "Feet" Walker's Huntington Beach Oilers, who won the Southern California and State titles last year and who have not met defeat in many large meet this year, are the Cards' toughest rivals. Huntington Beach has Nichols, Bickmore, Nash and Elliot to depend upon for its points. Nichols looks like the favorite in the high hurdles, having rambled over the barriers under 16s., and should place in the low hurdles, pole vault and high jump. Bickmore is expected to grab points in the high hurdles, pole vault and high jump, while Nash should win the 440 and might place in the 220. Elliot is being counted upon for a point or two in the broad jump. At the most, Huntington Beach should be able to get only 25 points, which would not be enough to trim Hollywood.

### INDIANS ON TOP

[BY A. P. NIGHT WIRE.]

CLEVELAND (O.) April 19.—Although Cleveland made eight errors this afternoon, it won from Chicago again, 6 to 5, the game going eleven innings. A single by Myatt and doubles by Pinch-Hitters Gardner and Jamieson sent across the tying and winning runs. Leverett of Chicago was hit much harder than the Cleveland pitchers.

Willie Kamm did all he could do both with the bat and in the field to put over a victory for his club, but the Indians managed to squeeze over the final run. On his first trip to the plate Kamm beat out a slow infield hit, and then raced to third when Jamieson muffed Elsh's easy fly. When Schalk singled over second Kamm raced home. He threw a scare into the home fans when he drove Speaker back for a long fly in the fourth, and in the sixth he shot a single to left which sent Mostil home from second base. Morton tossed Kamm out in the eighth and in the tenth he again made Speaker travel back to get his drive. Score:

### BOXING CLASH IN CHICAGO SETTLED

[BY A. P. NIGHT WIRE.]

CHICAGO, April 19.—Peace was declared in the Chicago boxing war today when the local chapter of the National Sports Alliance agreed to delay twenty-four hours its matches scheduled for next Monday night. This leaves the way clear for another boxing exhibition, also set for the 23rd inst., when Johnny Wilson, middleweight champion, will meet Italian Joe Gans and Pal Moore will oppose Frankie Genaro, American flyweight champion.

### *Celebrates Patriots' Day With Double Win*

### *Hack Miller's Homer Gives Chicago Victory*

### *Cincinnati Drops Slugfest to Cardinal Nine*

[BY A. P. NIGHT WIRE.]

BOSTON, April 19.—New York won the morning and afternoon Patriots' Day games from Boston today by the same scores in each case, 4 to 3. The champions came from behind each time and won in the ninth. Singles by Earl Smith, Bancroft and Frisch helped score the winning runs in the last inning of the first game.

Cunningham's single, an infield out, McInnis's error and Bancroft's short sacrifice fly to Southworth gave the visitors the winning run in the ninth off Marquard in the afternoon game.

Meusel's triple off Benton in the morning game resulted in two runs and he hit a homer off Marquard in the afternoon with Frisch on the base.

O'Connell, former Coast Leaguer, who held down center field in the morning game, made one base hit and was credited with one stolen base. Scores:

### CARDS WHIP REDS

[BY A. P. NIGHT WIRE.]

CINCINNATI, April 19.—St. Louis made it two straight from Cincinnati today by winning a ragged and hard-hitting game, 11 to 8. Keck was knocked out of the box in the third inning when the Cardinals bunched five hits with a pass and an error for six runs. Couch was taken out for a pinch hitter in the eighth and the Cardinals scored four more off two recruit hurlers in the ninth. Haines was steady until the ninth when the final Red rally failed to reach. Score:

## BANGTAILS AT RENO JUNE 9

[EXCLUSIVE DISPATCH.]

RENO (Nev.) April 18.—The merry clatter of the bangtails will be heard here on June 9 and will continue for a month or more. William Kyne, president of the Jockey Club, announces that purposes amounting in the aggregate to $75,000 will be given out during the session. It is believed that many of the horses that raced at Tijuana last winter will be seen in the various events as they come up. A successful season is predicted.

## JOHNSON AND FULTON ARE SUSPENDED

[BY A. P. NIGHT WIRE.]

BOSTON, April 18.—Floyd Johnson and Fred Fulton, the boxers who are to meet at Jersey City next Monday night, were suspended indefinitely in this State by the Boxing Commission today. The commission held that the men had failed to carry out an agreement to box for the Arena Athletic Club here last Monday.

Their managers, Charles Cook and James Johnston, and all the boxers under their management also were suspended indefinitely.

## *Elmer Jacobs Hands Defeat to Angel Nine*

[BY A. P. NIGHT WIRE.]

SEATTLE, April 19. — Elmer Jacobs pitched and batted the Seattle Indians into a 4-to-2 victory over Los Angeles here this afternoon.

Jacobs not only held the visitors safe at the plate, but it was his single in the sixth with the bases full which put his team into the lead. The Indians won the game by getting four runs in this inning.

Baldwin, the young third baseman, who has been playing sensational ball, dislocated his hand in a play at third base. The score:

Satisfied Guest: That was a tiptop dinner, waiter. You know what that means, don't you?

Walter: Yes, sah. It's one that you top off with a tip.—[Boston Transcript.

## CAMERON AND KAVANAGH WIN

(Continued from First Page)

good put. From the next tee the California champion hit a "Hagen," well up to the left corner tree, but did not quite collar her spoon second. Meanwhile, three sound shots by Mrs. Van Antwerp left her a twelve-foot putt, which she sank for a birdie 4 and a win.

Neither carried the yawning bunker from the third tee against the stiff breeze. Miss Kavanagh won the hole with a 5, Mrs. Van Antwerp missing a short putt. Both ladies smacked out equally long drives of 190 yards down the alley at the fifth. Miss Kavanagh played a skillful pitch-and-run and sank a ten-foot putt for a woman's birdie 3.

The fifth was halved in par 5s, and at the sixth Miss Kavanagh had a piece of luck, rewarding a fine shot out of the left trap, which hit the flag. The champion won the dishpan seventh with a faultless 3, and was 4 up. One putt on the green gave Mrs. Van Antwerp the eight with a par 4. The ninth was the one poorly played hole of the round, though the errors did not begin till both were near or on the green and after Miss Kavanagh had hit two beautiful wooden shots, Miss Kavanagh won the hole with a 3 and was again 4 up.

The champion, but for two putts, which she did not have to hole, would have been out in 42, one stroke better than the woman's par. As it was, even with the shabby seven at the ninth, the best ball of the match was 41.

Of the remaining holes, the feature shots by Mrs. Van Antwerp at the eleventh and by Miss Kavanagh at the thirteenth, have already been praised. Miss Kavanagh won the tenth and the thirteenth by par golf; Mrs. Van Antwerp won the thirteenth with a par 3, and the twelfth and fifteenth were halved in sixes.

Miss Cameron had an easy morning with Mrs. Brent Potter, who was not displaying anything like the brand of golf of her match with Mrs. Roos the previous day. Seven of the first nine holes were bagged by the southerner, and the only hole won by Mrs. Potter was the tenth.

Another sectional encounter will finish the second flight tomorrow at handicap. Miss Mildred Landreth of Midwick, who was put out of the championship by Mrs. Prole in the tie for the last place in the qualifying round has to concede seven strokes to Mrs. Arthur Watson of the Menlo Country Club.

Mrs. Maxwell Milton, formerly Miss Josephine Johnson of Claremont, won the third flight from Mrs. J. C. Cushing at the seventeenth. Mrs. A. A. Cuthbertson of the Presidio snatched victory from Mrs. W. G. Gilmour of the Olympic Club, the latter conceding the heavy handicap of thirteen strokes.

Mrs. E. M. Rea, formerly and frequently the San Jose woman champion, gave Mrs. L. E. W. Pieda of the home club six strokes and won the fifth flight on the home green.

The sixth flight finished with the extra-hole match of the tournament, Mrs. S. M. Foster defeating Mrs. A. F. Lanson at the nineteenth, the latter with an allowance of four strokes.

Mrs. Alfred Swinerton has won her way into the final of the consolation flight without a struggle, but is due for a real one tomorrow with Miss Gwen Parks. Little Miss Dorothy Jordan of the Presidio has already done very well in this, only her second tournament, by reaching the final of the defeated eight of the second flight in which she meets Mrs. Louis Lengfeld tomorrow.

Summary of today's matches follows:

Championship flight, semifinals—Miss Doreen Kavanagh defeated Mrs. W. C. Van Antwerp, 5 and 4; Mrs. Margaret Cameron defeated Mrs. Brent Potter, 6 and 6.

Second flight—Miss Mildred Landreth (8) defeated Mrs. C. W. Fellowes (13,) 5 and 3; Mrs. A. B. Watson (17,) defeated Mrs. J. H. McClelland (14,) 3 and 2.

Finals, third flight—Mrs. Maxwell Milton (10) defeated Mrs. W. G. Gilmour (15,) 1 up.

Fifth flight—Mrs. E. M. Rea (18) defeated Mrs. L. E. W. Pieda (24,) 1 up.

Sixth flight—Mrs. C. M. Foster (16) defeated Mrs. A. F. Lausen (21,) at the 19th.

Seventh flight—Mrs. Leonard Wood (37) defeated Mrs. George Weaver (32,) 5 and 4.

Consolation semifinals championship — Miss Owen Parks defeated Mrs. H. Francis Anderson, 2 and 1; Mrs. A. B. Swinerton won from Miss Lucy Hanchett by default.

Second flight, consolation—Mrs. L. Lengfeld (20) defeated Mrs. Doris Koch (20,) 5 and 3; Miss Dorothy Jordan (18) defeated Mrs. W. C. Hasker (15,) 3 and 1.

[BY A. P. NIGHT WIRE.]

BOSTON, April 19.—Clarence H. De Mar of Melrose, 35 years old, who surprised sports followers last year by winning the American Marathon road race in record time eleven years after his first success in the event, won it again today. His time of 2h. 23m. 47 3-5s., set no new mark, but it was nearly two minutes faster than that of the runner-up, Frank Zuna of the Millrose A. A., New York, and his victory established him as the only man in the twenty-seven years' history of this race to win it three times.

Today's was a contest in which veterans triumphed. Five of the first eleven men were previous winners, and most of those well placed have been runners-up.

## *McCANN IN FEATURE AT HOLLYWOOD*

### *Young Brown Will Clash With Fighting Irishman; Griffin to Meet Herman*

Frankie McCann and Young Brown, two hard-hitting 130-pounders, have been matched by Frank Crowley to provide the excitement in the main event of the Hollywood American Legion fights tonight. McCann has been trimming everything set before him lately, but it is figured that Brownie will give the Irish battler a mean argument.

The semi-wind-up, which brings together "Dandy Dick" Griffin and Pete Herman, should crowd the final event for feature honors. Griffin and Herman are two fighters who always give the fans a treat and should make more than a little fur fly tonight.

Jack Reddick, undisputed middleweight champion of Canada, will make his bow to the Coast fans tonight when he squares with Fred Cullen in the special event. Reddick comes here with a splendid reputation, but in Cullen he will go up against a tough hombre. Last week Cullen flattened that good boy Eddie Perrin, a fighter who was hailed as the best in his class in New Orleans.

Al Knowels and Sailor Jones, a pair of rough 135 pounders, will also appear as will Sailor Liston and Hank Gatton, 145-pound ring performers. Packy McMullin has been showing so much class of late that Matchmaker Frank Crowley has moved him up a notch. Joe Medino, a 124 pounder with a wallop, is to be his opponent tonight. Billy Maxwell and Alex Maurice at 140 pounds will open the show which will be refereed by George Blake.

### SENATORS STEP ON OAK CREW IN TENTH

[BY A. P. NIGHT WIRE.]

OAKLAND, April 19. — Sacramento again defeated Oakland here today in a ten-inning game, 3 to 2. Several times the Oaks were within striking distance of victory, but the players failed to deliver in the pinches.

In the tenth inning Koehler touched Arlett for a two-bagger. Ryan, batting for McGinnis, was walked and Kopp also walked, filling the bases. Arlett then lost control and forced in the winning run by walking Sigiin. Murchio started the game for the Oaks, but he was replaced by Arlett in the fifth inning. The score:

## *Hard Slugging of Branchers Beats Tigers*

Hard hitting and fast fielding, together with a number one pitching, gave the Southern Branch a clean-cut victory over the Occidental Tigers, 9 to 2, at Patterson Field yesterday. Tommy Vail, Cub heaver, put up a great exhibition of pitching, and besides brought in two of the Bruins' runs, clouting out two singles and a double.

The Branchers put the game on ice in the early frames, and were never in danger of loosing their lead. Only in the fourth inning, when two clean singles brought in as many tallies, did the Tigers threaten to become dangerous.

The New Goodyear Cord with the Beveled All-Weather Tread

Extra Quality—at No Extra Cost

Because Goodyear Tires have such a remarkable reputation, many people think they are necessarily high-priced.

That is a mistake—despite their extra quality, they cost no more to buy than ordinary tires.

Even the wonderful new Goodyear Cord with the beveled All-Weather Tread is sold at the following low prices:

| | | |
|---|---|---|
| 30 x 3½ | Clincher | $17.55 |
| 32 x 4 | Straight Side | 36.10 |
| 33 x 4½ | Straight Side | 46.70 |
| 33 x 5 | Straight Side | 58.20 |

When you can buy the finest tire Goodyear ever made for so little money as this, and get service that assures you every mile built into them at the factory, surely it does not pay to experiment with "unknown" brands.

*As a Goodyear Service Station Dealer we sell and recommend Goodyear Tires and back them up with standard Goodyear Service*

# Dope Gives Stanford Victory

## CARD ROOTERS EXPECT A WIN

### *Concede Bears the Points in Field Events*

### *But Think the Races Will Go to Farm Boys*

### *Campbell's Sudden Arrival a Great Boost*

BY WILLIAM F. DEISER

[EXCLUSIVE DISPATCH.]

STANFORD UNIVERSITY, April 19.—The Stanford track and field athletes will journey to Berkeley Saturday to battle for honors on the single field of principal endeavor in which the two universities are at this time on a somewhat even plane. Even so, the plane is not too even, for California has something of an edge on records, though the Cards are nearer to equality with their rivals than before the big meet last season which by dint of a wonderful display of fight resulted a 65½-point tie.

Coach Robert L. Templeton hails from the old school. Himself, he never saw a Blue and Gold athlete he figured he could not beat, no matter what the difference in record or standing, and there are many old fans who will remember just how often "Dink" did best Berkeley athletes against whom he had "no chance at all." And never yet, in a big meet, have Templeton's men failed to catch the competitive spirit of their leader. It is confidence in this coach, the youngest in the West, which has brought the Stanford team to its present power, after the loss of a whole flock of athletes including some of the most famous in America. It is confidence in Templeton's ability to send into battle a fighting team which gives Stanford her chance to win Saturday.

On just how much of a chance Stanford has Saturday competent critics differ greatly. They differ, in fact, by as much as twenty-five points and the disagreement is not unreasonable, because of the number of events in which the points may go all one way or the other.

The writer has never yet picked as a winner a Stanford team which lost, chiefly for the reason that he has never chosen a Card aggregation to win an important engagement; though, in all due modesty, he did pick Templeton's men to be "fully as strong" as the Bears in last season's track meet. Nevertheless, despite this flawless record, and despite the very respectable outfit of Bruin field performers, he picks Stanford as the likely winner of the next annual Cardinal-Blue and Gold major battle. And this is not so much on records, and not so much on men, as on the ability of the Stanford coach.

The meet may and probably will in the end depend on the relay, but before it can depend on the relay, the Cardinals must gather a majority of points in the four events of sprints and hurdles, four races, which on records, are as likely to send thirty-six points in a grand slam to the point column of one team as to the other. As Templeton is a "come through" coach, the writer believes his runners will beat the California men whose performances have been as good but no better and that he will get the necessary majority of points in these races.

All of which accounts largely for the following dope sheet, which, in the mind of Stanford fans, shows that despite records the Cards have a chance to cop the big meet, and incidentally that this affair should be as nicely fought and as full of exciting competition as any ever staged in these parts, not excepting even the phenomenal tie of last April.

By way of explanation of this computation of probable winners, which admittedl yis made slightly from a Red angle, allowing Stanford a majority of "come throughs" for reasons stated above, though giving California a fair share of breaks, the following considerations may be material:

To get the sprint points Stanford should have a bright warm day, for her runners are for the most part light, and less weighty men lose more speed on a heavy track (rain soaked) than do heavy men. California is allowed breaks in the dashes, in the writer's mind, for Campbell and Hale of Stanford are capable of beating the field. In the hurdles, Liestner is not placed high, though he may register much better than a second or third.

Saxby of California may do a little surprise in the quarter-mile, for his times have been as good as the Stanford men who are given their places on former victories.

Anything may happen in the half-mile. Bauman, as strong as Daly, may win for California, or with Elliot in the race not too exhausted from the mile it is not inconceivable that the Cards should get all the places, since Dole of Stanford has shown stronger in each successive race.

Denton might win the mile, but on record and judgment of the men it seems the placing of the Stanford men first and second is about right.

Hayes is picked to win the two-mile and to break the Stanford-California record of 9m 47s. On this judgement many critics differ strongly. Hayes is selected here after a close study of the runner, his type, strength, and record.

## TIGERS AGAIN BOW TO BEES

(Continued from First Page)

Tomorrow young couple will start dancing at equator. Schedule calls for them to turkey trot just fast enough to reach North Pole on morning of May Day, when they will pass pleasant afternoon dancing around same while winding it with bright-colored ribbons.

Bill Essick, ever striving for maximum results, dropped Gorman from first place to seventh, and elevated J. Carlisle Smith to the lead-off pinnacle.

The Bees were threatening in the first and second, but it was not until the third that Shellenback and his surroundings cracked. Salt Lake did not become turbulent until two had been retired in that round, but then the combers began inundating the plate. Manager Lewis himself started the strong-arm stuff with a single to left. Strand socked one of the same caliber to right, but took second while Lewis went to third when Schneider fumbled. This feat was immediately duplicated in left. Meaning that Wilhot singled to that section. Lewis counted on the hit and Strand came across when Bodie booted the smash. Terrain seems rough and uncertain since the blessed rain. Then the Bees enlarged their batting style. Leslie scored Wilhoit with a line double, and Pearce, with a two-ply thrust, brought Leslie to the threshold. There was a lull while Jim Jolly relieved Shellenback, who had run dry. An error by French put Peters on first and Pearce at third. The latter was nailed in attempted double steal, Hannah to French and back again.

One down in the fourth when Sheehan erred on Schneider's double. Singleton filled the drying bases with passes to French and Gorman. Singleton seemed inclined to continue in the face of darkening skies, but Capt. Oscar Vitt decided that discretion was the better part of valor, so Dick McCabe scaled the rough mound. Hannah drove into a forceout, Schneider slipping across. McCabe fanned High, batting for Jolly.

Then in the fifth Murphy, Schneider and Bodie combined and knocked a run out of McCabe.

### JESS IN FIFTH

Jess Doyle took hold in the fifth and looked good until the sixth, when there was a burst of hitting which would have distrissed any pitcher. And again it all transpired with two gone. Peters waited for four wide ones and Doyle protested that he was the victim of bad umpiring. McCabe singled, which with a walk to Sheehan, stocked the bases. Vitt, with a line double to the scoreboard, sent the three runners home in a compact drove and Oscar ambled over on a stiff single by Lewis.

Parry O'Brien batted for Doyle in the sixth and wasted a perfectly good single. This brought Roy Gilder to the firing line in the seventh. Strand singled, stole second, was sacrificed by Wilhoit and "squeezed" across the plate by Pearce. The vital statistics:

## *Many Teams Entered in Big Rifle Tourney*

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 19.—Teams representing at least eight countries are expected to compete in the international rifle and pistol matches to be held at Camp Perry, Ohio, next September, according to an announcement today by the national board for the promotion of rifle practice. Switzerland, France, Italy, England and Canada and Denmark will send teams, and also probably Norway, Sweden and several South American countries, it was said.

Local small-bore rifle and pistol matches for the selection of the American team will be held throughout the country, beginning May 6, the announcement said, under the auspices of the National Rifle Association. Contestants qualifying in these matches will then compete in regional matches to be held at five or more cities yet to be selected. The high scores in these matches will be brought together for a final elimination tryout at Camp Perry early in September for the selection of the American team.

American marksmen won the international match in Milan, Italy, last year, and also at Lyons, France, the year before.

## POTRERO FISHING IS FOR MEMBERS ONLY

The transient trout angler will be unable to angle out his limit of trout this season from Potrero Lake in the Malibu district, according to word received today by Pete Peterson, fish and game authority of the B. H. Dyas Company.

The lake is the property of the Los Turas Lake Club and fishing is open to members only. Peterson also learned that barracuda and croakers are running at Balboa.

## SPRING STYLE NOTES IN BLOWS

BY GEORGE O'HARA

(Star of the Fighting Blood Series)

One of the latest spring touches is felt on the chin.

• • •

Summer should see a great many boxers affecting the undercut and the cauliflower ear. Blows are steadily becoming more decorative.

• • •

One-piece haymakers are being adopted by the flapper element of the ringside, but advices from the veterans say they never will be popular.

• • •

With the rage of tiered skirts for ladies, the tiered blow is predicted to lead all spring styles. Loose effects are out.

Box pleats below the waist line are still under interdict, although many boxers would be glad if fashion dictated them. Clinches, however, can enter into any combination.

• • •

A distinguished model is the corkscrew punch that leaves a silhouette on either cheek. Up-to-the-minute boxers vary it by tracing each time they deliver it a different and intricate design.

• • •

Trimming is the popular trend of the hour.

• • •

Chins are all off angle this season. All the best boxers keep them tilted.

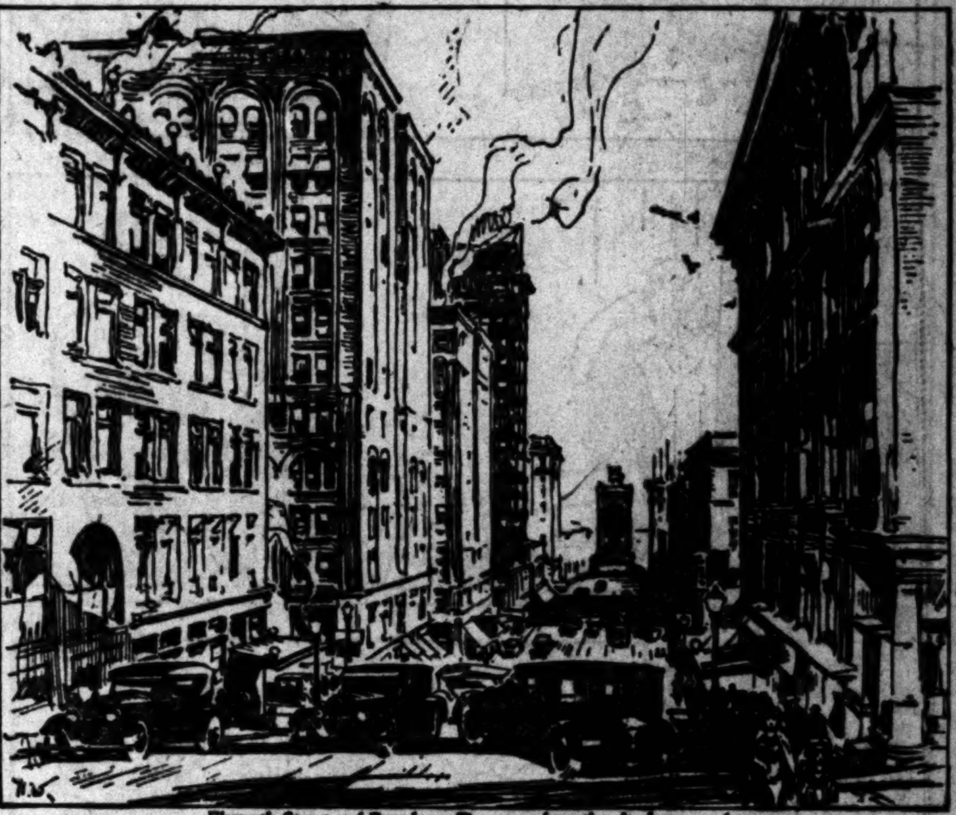
FOR THE MAN WHO CARES



Eleventh Street and Broadway, Tacoma, where the check was made

In TACOMA it's RED CROWN by 157%

100% POWER

"Red Crown" is an all-refinery gasoline, every drop of which vaporizes rapidly and uniformly in the carburetor and is completely consumed in the cylinders, giving easy starting, quick and smooth acceleration and full power. That is why consistent users of "Red Crown" get greater flexibility and more mileage from their cars, and have less trouble starting all the year round.

When the majority of motorists from the Mexican line to the Canadian border unite in believing that "Red Crown" is a better motor fuel, there must be some reason for this belief.

In Tacoma our checker, working in the vicinity of 11th Street and Broadway, questioned 159 motorists concerning their preferences in motor fuel. 67 used "Red Crown" exclusively, as against 26 for the nearest competing product—a lead of over 157%.

And a majority of these "Red Crown" users didn't hesitate to say that quality dictated their choice—"quality," and the uniformly efficient "service" dispensed at Standard Oil Service Stations.

You'll find the Red Crown sign everywhere—wherever you can drive a car.

# FORD'S BALANCE CONTINUES HIGH

### *Auto Maker Answers Query From Wall Street*

### *Greater Development Seen in His Industries*

### *Coking Plant in Akron Is Newest Movement*

[EXCLUSIVE DISPATCH.]

NEW YORK, April 19.—Henry Ford's cash balance is still "in excess of $200,000,000," and as yet he has "no thought of borrowing any money," he informed his enemies in Wall street in a statement telegraphed by the automobile manufacturer from Detroit to the Wall Street Journal.

The financial publication had sent Ford an inquiry as to how his cash balance stood following his recent acquisition of coal and timber lands, water power sites, a glass plant and other properties.

Replying to the inquiry as to his plans for developing his coal properties, Ford said he was urging the advisability of putting in coke ovens with a view to doing the same things he has done in Detroit, where he has taken advantage of numerous by-products of coal and coke, thus increasing their worth and in a large measure defraying the aggregate cost of his coal.

BY-PRODUCTS USED

The gas drawn off from the coal is used to supply fuel gas and lighting for residential and business communities, and other by-products are sold for motor fuel and other commodities.

Ford asserted the initial step in the direction of developing his coal distribution was to let contracts for doubling the River Rouge coking ovens. Contracts for the steel have been let and construction will begin shortly, Ford said, and added:

"When these are finished we will double the coking ovens again."

Harvey Firestone, long-time friend of the automobile maker, has held consulations with him with a view to installing a coking plant in Akron, O., and, according to Ford, has shown a willingness to put in a coking plant in Akron which would serve citizens of the rubber industry center with cheap coke and gas, the same as used in Detroit.

# LIQUOR ARMADA SPIED BY AGENT

### *Dry Director Sees Six Ships Off Jersey Coast*

### *Hints Navy Aid May be Asked to Fight Runners*

### *British Consul to Question Captain of Yacht*

[EXCLUSIVE DISPATCH.]

NEW YORK, April 19.—Palmer Canfield, Federal prohibition director for New York State, paid a visit today to Rum Row and officially established the existence of the liquor-smuggling armada. Six ships sighted fifteen miles southeast of Ambrose Light, in the opinion of Mr. Canfield, were there for no innocent purpose.

On the trip down aboard the coast guard cutter Manhattan, Mr. Canfield said that he personally had never doubted the fleet. On the trip up, he admitted that if the coastal alteration hereabouts was to take place, a constant patrol of armed vessels would be needed.

He estimated that the flotilla, anchored a trifle more than twelve miles off Red Bank, N. J., and the remainder of the rum squadron, supplied New York City and vicinity with 100,000 cases of assorted liquors annually.

INFORMATION SOUGHT

The trip was undertaken so that accurate information about the fleet could be in the possession of Director Canfield. He indicated that elimination of the rum runners was the first essential to drying up New York, intimating that in the job of wiping out the traffic he would ask for the aid of "another government agency." He refused to disclose whether the agency would be the Navy Department.

Aboard the Manhattan with Mr. Canfield were Capt. Byron L. Reed, commandant of the coast guard local, and captain of the port; Assistant United States Dist.-Atty. Sanford H. Cohen, Congressman Emanuel Cellar, Samuel Wilson of the Anti-Saloon League of Newark, N. J., and twenty-five newspaper men.

Thirty minutes after the quest for the rum boats had begun the first evidence of the illicit sea traffic hove into sight. The burly little Porpoise came racing into view. The Porpoise was once the champion of the ship-to-shore rum-racers. Back of the deserter came two gray-coated motor launches seized this morning as carriers of the fluid contraband. But the Porpoise slid past without a hail.

"This smuggling cannot be eliminated with gondolas," said Director Canfield. "It will require fast and swift, eagle-winged armed boats."

BRITISH INTERESTED

As the result of the trip, it developed that the British government had an interest in the former yacht Istar, flagship of the rum fleet. During the trip the captain of the Istar was instructed to remain in his present anchorage to receive a visit from Gloster Armstrong, British Consul-General here.

Tonight the British Embassy in Washington admitted that the Consul had been instructed to make inquiries about the Istar. The embassy was silent on the question whether this step, the first of its kind by Britain, had been taken on Britain's initiative or by request of the State Department.

## GERMAN LABOR GIVES BORAH PEACE PLANS

[BY A. P. NIGHT WIRE.]

WASHINGTON, April 19.—Senator Borah of Idaho made public today a memorandum received by him from the General Federation of Trade Unions of Germany, setting forth the aspirations of German laboring classes for a peaceable solution of the present European tangle.

The memorandum, forwarded to the Idaho Senator because of his interest in the German industrial situation, declared the workers were the chief bulwark of the German republic, and were opposed to all infringements on the democratic institutions set up since the war.

BANDITS TAKE SAFE

[BY A. P. DAY WIRE.]

KANSAS CITY, April 19.—A safe containing about $17,000 in checks and $1000 in cash was taken by bandits here today from a truck of the American Express Company. The bandits fired several shots before escaping in an automobile, but no one was wounded. They did not attempt to open the safe but took it with them.

## NOTAS TELEGRAFICAS

**Noticias de Washington**

WASHINGTON, abril 19.—Crece rápidamente la oposición entre los líderes del partido republicano al plan de la Administración sobre la creación del Tribunal Mundial. Se reiteran los esfuerzos para lograr que el Presidente prescinda se esa idea.

El gobierno ha iniciado la guerra contra los especuladores en azúcar. Ha entablado juicio para impedir mayores especulaciones, y apercibido a los culpables de que serán perseguidos criminalmente.

La Dirección de Veteranos desmiente las noticias de que haya proyectado poner a trabajar en las plantas siderúrgicas, para aliviar la escasez de brazos, a los ex-soldados que están ahora aprendiendo oficios en dicha dirección.

**Se Atribuye al Reichsbank la Baja del Marco**

Los escritores financieros de Berlín son de opinión casi unánime que el último derrumbe del marco se debe al cambio de táctica del Reichsbank, el cual todo el mundo sabe que ha arrojado al mercado grandes cantidades de divisas extranjeras últimamente, a fin de mantener estable el papel alemán.

En los círculos bien informados se dice que el citado banco no tiene el propósito de retirar su intervención sino temporalmente. Proyecta dejar por algún tiempo vía libre a los especuladores; pero, un buen día, pondrá coto repentinamente a los enjuagues de cambios, y restablecerá el marco a la sobriedad.

**Sale el Segundo Secretario de la Embajada Americana en París**

PARIS, abril 19.—Flammot Belin, segundo secretario de la embajada americana en esta ciudad, salió hoy de París rumbo a Lauzana. Si viaje está relacionado con la nueva reunión que pronto celebrará allí la conferencia de paz del Cercano Oriente. Fué designado para asistir a ella el Sr. Belin, en atención al conocimiento que tiene de los asuntos turcos.

**Quedó Abandonado el Bergantín Británico Clutha**

HALIFAX (Nueva Escocia) abril 19.—El bergantín británico Clutha ha sido abandonado, en estado de hundimiento, y habiéndosele prendido fuego, como a unas mil millas al este de Nueva York, según radiograma despachado hoy por el vapor Orduna, que recogió a la tripulación del pecio.

**Oliphant no se Conforma con su Derrota**

OAKLAND (Cal.) abril 19.—David D. Oliphant, Jr., que fué derrotado aquí en las primarias municipales del jueves, para el puesto de Alcalde, por el actual Alcalde John L. Davie, ha anunciado que litigará contra esa elección.

## NOTAS LOCALES

**Viuda que Demanda a un Médico por un Barril de Whisky**

La Sra. Sophie F. Norris se querella de que ha sido defraudada en mil dólares, con motivo de una concertada compra de licor clandestino. Esta señora es viuda de J. B. Norris, fallecido hace unos meses, después de haber sido estafado hasta por la suma de $51,000, por Everett A. Hutchins, apodado "Big Hutch." La referida señora interpuso ayer demanda ante el Juzgado Superior contra el Dr. Robert B. Griffith, médico residente del hotel Ambassador. En su acusación, manifiesta la viuda del individuo con quien dió al traste "Big Hutch", que en el mes de abril de 1920, arregló con el Dr. Griffith la compra de un barril de licor. A ese efecto, dice que entregó al médico $1000, pero que nunca llegó a ver el barril. De cuando, sin embargo, su marido recibía pequeñas cantidades de licor; pero no sumaron en total más de cinco galones.

Norris, rico agricultor de Decatur, Illinois, estaba padeciendo en abril de 1920 de una complicada dolencia, y le atendía el Dr. Griffith, según dice la viuda en su demanda. Agrega que el facultativo le manifestó que, para el restablecimiento de Norris, era preciso administrarle whisky a intervalos regulares, y que, con tal objeto, él podía conseguirle un barril de whisky, del que su marido podría tomar las dosis que se le prescribieran. Los males de Norris se prolongaron dos años; el médico no entregó sino cinco galones de whisky por los $1000 recibidos, y hoy la viuda reclama el saldo de su dinero.

**Confiesa un Marinero Ser el Matador de Fritzi Mann**

Ha cobrado mayor interés el asunto de la misteriosa muerte de Fritzi Mann, la danzante mariposa, ocurrida en San Diego en enero último, pues ha recibido un telegrama el Sheriff James Byers, en el que, con fecha de ayer, un hombre que dice llamarse Louis Franky, ex-recluta en la Marina, confiesa haber asesinado a la artista. El mensaje viene de Miami, Florida. Franky y dos compañeros fueron detenidos en la citada población por haberse robado un automóvil en Bakersfield hace varias semanas. Después de la aprehensión, según dice en telegrama L. A. Coffee, Sheriff de Miami, Franky expresó que había permanecido en San Diego hasta el 20 de marzo, más de dos meses después del asesinato, y que salió de dicho puerto sin que las autoridades de allí hubieran sospechado de él. Dícese que ha hecho cabal confesión a las autoridades de Florida, dándoles promenores de la visita al chalet de La Jolla, antes de la tragedia. La confesión exonera por completo al Dr. Louis Jacobs, que acaba de ser enviado de nuevo a la prisión, en espera de un segundo jurado, pues el primero tuvo que ser disuelto por no haber llegado a acuerdo.

## DEPORTES

**Pugilato**

Frankie McCann y Young Brown, dos púgiles de fibra, que pesan 130 libras, han quedado apalabrados ante Frank Crowley para pelear a la noche en el número principal de Hollywood. McCann ha estado dando golpizas últimamente a cuantos se le paraban delante; pero créese que Brownie le pondrá al irlandés las peras a veinticinco.

Anuncian de Boston que Floyd Johnson y Fred Fulton, los púgiles que se van a encontrar la noche del próximo lunes en Jersey City, fueron hoy suspendidos en este Estado hasta nueva orden por la Comisión del Box, la cual sostuvo que estos pugilistas no cumplieron con el convenio de boxear aquí el último lunes, en el Club Atlético de Arena. También sus apoderados y todos los púgiles de la misma empresa sufrieron igual pena.

**Pelota de Mano**

George Klawiter venció ayer a Frank E. Garbutt en el desafío a pelota jugado en las canchas del Club Atlético de Los Angeles. La anotación fué 21-24, 27-22. Klawiter, sin embargo, se vió apurado todo el tiempo, y en varias ocasiones se disputaron largamente los tantos los jugadores.

**Pista**

El último de los encuentros entre dos escuelas preparatorias tendrá lugar esta tarde en el óvalo de Pasadena, con los Bulldogs de Stoddard y los Rajarieles de la Preparatoria de Lincoln, como actuantes.

**Golf**

En el torneo de campeonato de golf femenino que se está jugando en San Francisco, las jugadoras de Sudcalifornia se llevaron de calle a todas, ganado hoy las semifinales, y eliminando a la última de las jugadoras del norte. Jugando espléndido golf, las jugadoras de Los Angeles vencieron a sus contrincantes con poca dificultad, y aseguraron la venida del título rumbo al sur en el presente año.

**Carreras de Caballos**

El próximo 9 de junio se oirá en Reno, Nevada, el golpeteo de las pezuñas sobre la pista, el que continuará por un mes o más. William Kyne, presidente del Jockey Club, ha anunciado que los premios de la temporada alcanzarán un total de $75,000. Créese que muchos de los caballos que actuaron en Tijuana figurarán aquí en diversas pruebas.

## ST. LOUIS MAIL TRUCK PLUNDER RECOVERED

[BY A. P. NIGHT WIRE.]

ST. LOUIS, April 19.—Two million dollars' worth of bonds and securities included in the plunder taken in a hold-up of an armored mail truck here the 2nd inst., were recovered late today in a home in St. Louis county, several miles west of the city.

The plunder was recovered in the home of William F. Diering, and in addition to the bonds and securities postoffice inspectors and county officials found several revolvers, some fuses and a barrel said to contain whisky. "Whitey" Doering, a brother of William, was arrested.

Unregistered bonds of the St. Louis Federal Land Bank to the amount of $2,139,900, and $225,000 of other paper, of which $81,250 was negotiatble, were taken by the robbers.

## DISAGREE OVER WATER DAMAGE

### *Imperial County Heads Ask $5000 for Losses*

### *Bridges Wrecked in Repair of Irrigation Works*

### *New Conference Planned in Agreement Effort*

[EXCLUSIVE DISPATCH.]

EL CENTRO, April 18.—Imperial Irrigation District directors and Imperial County Supervisors have been unable to get together in adjusting claims made by the county against the district for flood damage.

The county claims nearly $5000 for loss to bridges when too much water was permitted by the district engineers to flow down the New and Alamo rivers last fall. After arguing for some time at a meeting of the Supervisors and directors, the matter was postponed until next Tuesday.

**BRIDGES DAMAGED**

It was found necessary several months ago to turn most of the water diverted from the Colorado for the valley's use into the waste ways while repairs to the irrigation district works were made. Several valuable bridges spanning the rivers and forming important links in the county highway system were damaged beyond repair. Supervisor J. Ralph Anderson, in whose district the bridges were situated, said he didn't want his district to pay the expense of repairs, as this would leave no funds for road maintenance.

**LOSS TO TAXPAYERS**

In the arguments it was indicated that the loss, whichever way it is settled, would be paid by the valley taxpayers. Supervisor Anderson, however, insisted that he did not want the taxpayers in his district alone to pay all the loss when it could be spread over the entire valley.

It was announced that the District Attorney and the attorney for the irrigation district would be present to aid in the adjustment at the next conference.

## BUDDHA RITES SAID OVER FIRE VICTIMS

### NINE BODIES OF JAPANESE CHILDREN CREMATED AT SACRAMENTO

[BY A. P. DAY WIRE.]

SACRAMENTO, April 19.—Two thousand Japanese, relatives and freinds of ten Japanese children who perished in a fire which damaged a Japanese mission school here last Sunday night, gathered in the yard of the Buddhist Church adjoining the school today, to participate in the obsequies of the young fire victims.

The services were said over the bodies of none of the children, laid out in an open-air mortuary in the churchyard. The tenth child was to be buried outside of the city.

Twenty Buddhist priests performed the rites of Buddha over the bodies, which were surrounded by numerous huge floral pieces, among them being an arch of flowers 100 feet across.

Owing to lack of sufficient hearses in the city, automobile trucks were pressed into service to carry the little bodies to East Lawn Cemetery, where they were to be cremated so the ashes could be sent to Japan.

Members of the arson squad of the National Board of Fire Underwriters are in the city today from San Francisco to investigate suspicious circumstances surrounding the school fire. One man was arrested last night by authorities, but it was expected he would be released today.

## RAIL MERGER WILL NOT AFFECT TRAFFIC

[BY A. P. NIGHT WIRE.]

DENVER, April 19.—It is obvious that consolidation of railroads will eliminate competition between the consolidated parts, but existing channels of traffic will be maintained. This statement was made by Commissioner Henry Clay Hall today at the Interstate Commerce Commission hearing on tentative plans for consolidation of the Santa Fe, Denver and Rio Grande Western, and Colorado and Southern railroads.

Mr. Hall interjected his statement when the question arose, during the examination of a witness, as to the effect of the proposed merger on competition.

## AIR TRIP FROM EAST ENDS IN OKLAHOMA

### ARMY SERGEANT MAKES LONG JOURNEY IN RELAY PLANES

[BY A. P. NIGHT WIRE.]

MUSKOGEE (Okla.) April 19.—Supply Sergeant George Cleverly of the Sixty-eighth Air Service Squadron at Kelly Feld, Tex., was awaiting orders to proceed to his station there today following his arrival late yesterday from Springfield, Mo., on the last lap of a flight that began a week ago at Mitchell Field, N. Y.

About three weeks ago Sergt. Cleverly was advised at Kelly Field that his mother was dying in New York. The field was without facilities to transport him by air to that city so he went by train. He arrived there before his mother died.

The aviation service supplied him with planes for part of his return trip from Mitchell Field. Cleverly was taken to Bolling Field, Wash. His next flight was to Dayton, O., and thence to Indianapolis where he charged planes for the third time. The next lap carried him to Springfield, Mo.

At Springfield the sergeant was picked up by Capt. Charles B. Oldfield, in charge of the Army Aviation Service, and brought here.

**SYNOPSIS OF PREVIOUS INSTALLMENTS.**

Rosalie Aubyn, as the youngest child of a brilliant but lazy and embittered English clergyman, viewed the world as a place made and existing primarily for the benefit of man; a place in which woman, as represented by her mother and sisters, was chiefly concerned with administering to the wants and catering to the likes and dislikes of man, as represented by her father and brothers. To her all men were wonderful beings. Rosalie's childhood impression of men gives way to a feeling of genuine hatred for the opposite sex as she enters womanhood, and in her desire to be independent of them she determines to devote her life to a business career. In time her ability is recognized by the banking house of Field and Company and a cherished dream is realized when she enters the employ of that institution. Rosalie is invited one Sunday evening to a dinner at the home of her Aunt Belle Pounce where the engagement of Aunt Belle's daughter Laetitia to Harry Occleve, a rising young attorney, is scheduled by Aunt Belle to pass from a stage of tacit understanding to one of reality. But Harry loves Rosalie and just before the dinner he takes her in his arms and tells her so and Rosalie's hatred of men ends in her loving the one most hated. Since her antipathy toward love is put aside Rosalie tells Harry that their marriage must be a partnership of equal rights and he agrees. In the years that follow three children are born to the couple: Hugh (Huggo,) Dora (Doda,) and Benjamin (Benji.) The training of the children is placed in the hands of Miss Prescott, their governess. The bank plans to widen the scope of Rosalie's department.

Seated with Harry in Harry's room that night she was about to tell him her great news when, "I'd an unusual offer made to me today," said Harry.

Almost the very words herself had been about to use!

"Why so had I to me!" she cried.

They both laughed. "Tell on," said Harry.

"No, you. Yours first."

"Toss you," cried Harry; and spun a coin and lost and went ahead: "Well, mine doesn't exactly shake the foundations of the world with excitement because I refused it. It was to go out to defend in a big murder case in Singapore!"

She exclaimed, "In Singapore!"

"Yes, Singapore. Why do you say it like that?"

She did not answer.

The prisoner, Harry went on, was a wealthy trader, immensely wealthy, and immensely detested, it appeared, by the European settlement; had native blood in his veins; was charged with poisoning an Englishman with whose wife he was supposed to have been carrying on an amour. "A wretched, unsavory business," said Harry, and went on to say that, though the fee offered was extraordinarily handsome, he had declined the proposal. It was doubtful he would actually make more money over it than in his normal round at home, more than that it went against the grain to be defending a man of native origins who had pretty obviously seduced a white woman if not murdered her husband. "No, no ticket to Singapore for me, thanks," said Harry.

Rosalie turned to him with a sudden, direct interest. "Harry, suppose you had accepted, how long would you have been away?"

"Not less than six months in all. Certainly not less. That's another point against—"

"Yes, against the idea, because in any case you don't want to go. But suppose the circumstances had been different; suppose it was a case that for various reasons very much attracted you; would you have gone?"

Harry said indifferently, "Oh, no doubt, no doubt."

"Although it would have taken you from home six months—or more? You'd not have minded that?"

He laughed delightedly. "Ah, ha! I was beginning to wonder what you were driving at. You're a regular lawyer, Rosalie; you led me on and then caught me out properly."

His amusement was not reflected by her. She said with a certain insistence, "But you wouldn't have minded?"

He laughed again. "The judge ruled that the question was admissable and must be answered. Well, minded—I'd have minded, of course, very much in a way. I'm a home bird. I'd have hated being away the best part of a year. But there you are. If the call was strong enough, there you are; it would have been business."

She indrew a long breath. "That's it. It would have been business."

There was then a pause.

Harry, who had been talking lightly, then said slowly, "Rosalie, is there something behind this?"

She turned toward him with a very nice smile. "Harry, I've been doing a very shocking thing. I've been making you commit yourself."

"Commit myself?"

She nodded. "Been taking down your statement without warning you that it may be used in evidence against you."

He said gravely, "Somehow I don't like this."

She told him, "Ah, stupid me! I'm making a small thing seem big. Listen, Harry. It was curious to me this about you and Singapore—"

"Yes, I noticed that. Why?"

"Because there's an idea of my going out to Singapore."

He was astounded. She might have said to Mars. "You, to Singapore?"

"To the East generally. To Bombay, to Rangoon, to Singapore. For about a year."

He was all aback. "For about a year? Rosalie, I can't—Why on earth—?"

She did not like this. The great scheme! Her special mission! It necessitated. . . . Here was the necessity at which she had checked but confidently ridden on, and Harry was pulled right up by it. His astonishment was not comfortable to her. Was there to be a check then? He said again, "You? A year? But Rosalie, what on earth—"

She pronounced a single word, his own word.

"Business."

He was standing before her on the hearthrug. He made a turn and at once turned back. "Are you thinking of this seriously?"

"Most seriously."

"Of going?"

"Of going. It's business."

"For a year?"

"Harry, yes."

He began to fill his pipe with very slow movements of his fingers, his eyes bent down upon her. "And you called this—just now—a small thing?"

She said with a sudden eagerness, "Harry, it's a very big thing for me, for Field's. I meant a small thing in the sense not to be made a fuss about."

He made very slowly a negative movement with his head. "I don't see it like that."

"Let me tell you, Harry."

She told him how the great possibilities of the department she had established in the bank rested on the personal touch established between herself and the clients. The scheme was that those possibilities should be developed to their fullest extent. While she was in London that personal touch could be established with clients by dozens. If she visited the branches in the East, at Bombay, at Rangoon, at Singapore, it was by hundreds that the touch could be established. That was it. Field's customers would talk to her, and when she had returned they would talk of her, and would tell others of her, as one met, not during the jolly freedom of leave when the impulse was to feel that, after all, nothing mattered much, but met out there when they were in the yoke and the harness of the thing,—met as one fresh out from home in their particular interests and shortly, charged with their special interests, returning home. That was it! A novel mission, a valuable mission, her mission. About a year. To start in about six weeks. "There, Harry, that's the plan."

## STANDARD LOSES OUT IN WYOMING OIL FIELD

### UNUSUAL SITUATION MAY BE DEVELOPED OVER STATE AWARDS

[BY A. P. NIGHT WIRE.]

CHEYENNE (Wyo.) April 19. An unusual situation may develop in the Salt Creek oil field as a result of the action taken by the Wyoming Land Board this afternoon in awarding the lease on section 36 of that field to the Midwest Refining Company on a 65 per cent royalty basis, and then selling the State's royalty oil to the Mutual Oil Company, a rival of the Midwest. The two actions were officially announced at 4:15 p.m.

Under the new arrangement the Midwest, a Rocky Mountain concern owned by the Standard Oil Company of Indiana, will have to see a major part of the crude produced on the famous section go to an outsider, whereas up until the present time the Standard subsidiaries virtually have dominated that field.

The Mutual's bid for the royalty oil was 25 cents below the Mid-continent price, with a minimum of $1.50 a barrel specified. The Midwest had made four alternative propositions for the lease. The one offering 65 per cent was agreed upon as the most acceptable of those offered by the five bidders.

## CHICAGO TRIANGLE NOW FAMILY CIRCLE

### WIFE AND HUSBAND'S LOVE ARE GOOD FRIENDS, THEY SAY

[EXCLUSIVE DISPATCH.]

CHICAGO, April 19.—Arm in arm a wife and the "other woman" walked into court today with their man and told a story of turning the eternal triangle into a family circle that won for them suspended judgment.

Fred Vanderloan, a locomotive engineer, was the Apollo who has the double assignment of women. Rose, he married five years ago and they have a little girl by this marriage. The other, Elina, will bear him a child soon and they are not married.

It was explained to the court that Vanderloan and his legal wife lived in St. Paul until about a year ago. Then he came to Chicago with Elina and one evening when they went into a restaurant and when Fred looked up at the waitress, she fell to the floor in a faint. It was Rose, working to support the daughter.

Introductions were in order and after the trio had talked the whole affair over, the three became the best of friends and lived together. Elina became sick and Rose nursed her.

Today, both women told the court they were perfectly happy in their relations with each other and both loved Fred. It was too much for the judge, who took thirty days to figure it out. A bailiff led Fred back to jail, while the two women left the courtroom arm in arm.

## NOVEL ADVERTISING STUNT IS PLANNED

[BY A. P. NIGHT WIRE.]

DAVIS, April 19.—A new stunt in advertising will be put on here tomorrow morning when David McMilland and Richard Barlow, students at the School of Agriculture of the University of California here, will start on a hike to Berkeley, handcuffed back to back. Announcement of the stunt was made by M. W. Johnson, chairman of the farm students' picnic committee, to call attention to the fact that the State school at Davis will hold a picnic the 28th inst. The students will pass through Sacramento, Lodi, Stockton and Antioch, and will wind up their lockstep at the Campanile on the University of California campus at noon next Monday, Johnson said. They will alternate, it was said, in the difficult task of walking backward.

## EXTEND FARM LOANS TO CANNED PRODUCTS

[BY A. P. DAY WIRE.]

SAN FRANCISCO, April 19.—Farmers may obtain loans from Federal Farm Loan banks on canned fruits, canned vegetables, nuts and beans, although those commodities are not directly specified in the rural credits bill which permits farm loans on "personal property," United States Senator Samuel M. Shortridge was advised today in a telegram from Judge Charles E. Lobdell, chairman of the Farm Loan Board in Washington. An interpretation of the point had been asked by Congressman Arthur M. Free of San Jose, in the interest of canners and farmers in the San Jose region.

Dried fruits can also be listed as one of the commodities on which crop or "personal property" loans may be made under the rural credits bill, Judge Lobdell advised Senator Shortridge.

## NEW FIGHT ON WORLD COURT

### *Opposition Growing Among Republican Chiefs*

### *Try to Induce Harding to Give Up Advocacy*

### *National Committee Paper Has Joined Foes*

[EXCLUSIVE DISPATCH.]

WASHINGTON, April 19.—Opposition to the World Court among Republican party leaders has grown to such proportions that new and more determined efforts will be made to induce President Harding to abandon his advocacy of making the United States a member of the international tribunal.

Representative Wood, Republican, Indiana, chairman of the Republican Congressional Campaign Committee, will confer with the President tomorrow to urge him to pigeonhole the court. He will seek to emphasize what Senator Watson, Republican, Indiana, on behalf of many influential Republican Senators, told Mr. Harding several weeks ago. In an effort to impress the President with the soundness of his views he will take with him a bundle of letters from influential Republicans in all parts of the country expressing their disapproval of the World Court as an issue in the 1924 campaign.

Mr. Wood's opinions concerning the World Court are in accord with the one of Senator Moses, Republican, New Hampshire, chairman of the Republican Senatorial Campaign Committee. Senator Moses is now in Europe, but it is expected that immediately upon his return he will join Mr. Wood in the attempt to induce the President to side-track the court.

**TO SEE ADAMS**

John T. Adams, Republican national chairman, will discuss the political outlook with the President within the next few days. He has just returned from Europe and, although he has made no public statement of his views, a pretty fair indication of his position was contained in today's issue of the National Republican, the semi-official organ of the Republican National Committee.

Political circles were stirred by the frankness and audacity of the National Republican when it declared today, in open revolt against the World Court plan, that it would be "the height of folly to shift the line from domestic to international questions."

"Good times will be the Republican party's issue in 1924," says the National Republican. "Economic stability and governmental security will be Republicanism's strongest argument. Prosperity will be the Republican national administration's best press agent.

"To shift the issues from domestic to international questions would be the height of folly. The stressing of international rather than domestic issues can only create division within the Republican party.

**OPPOSES WORLD COURT**

"After five years of international entanglement and of consequent economic disturbance and social unrest the people of this country want a rest from the demand of those who have somehow 'doped it out' that the duty of this government is not chiefly to its own, but to foreign peoples.

"We were told that unless we entangled ourselves with Europe our prosperity could not be restored. Now that prosperity has been restored without European entanglement we are told that our prosperity cannot be maintained unless we interweave our destiny with that of nations which after ten years of war still haven't enough of it and are unwilling to quit hating and talking and go back to work."

A sample of the kinds of letters which are coming from prominent Republicans on the World Court question was provided by C. L. Knight, former Congressman and editor of the Akron Beacon Journal, and a figure in the politics of the President's home State.

"I am not sure that we are not now proposing to enter the League of Nations through the cellar door," said Mr. Knight. "In my humble judgment the only chance for an open revolt is on the League of Nations. If the Republicans surrender on that point, or even try to compromise with it, a revolt should and may come."

## JURY COMPLETED TO TRY BUILDING MEN

### ACCUSED OF CONSPIRACY TO KEEP MATERIAL FROM UNION JOBS

[BY A. P. DAY WIRE.]

SAN FRANCISCO, April 19.—Selection of a jury was completed today in the trial of more than a score of prominent building contractors and building material firms in the criminal department of the Superior Court on a charge of violating the Cartwright Anti-Trust Law, a State measure. There are six women on the jury.

The work of selecting two alternates was started after the last member of the regular jury had been sworn in. It is expected that the trial will last for several weeks.

The charge was based on a complaint by a plumbing firm that it could not obtain materials here because of an asserted conspiracy by the defendants against all contractors who employed strictly union labor to deprive them of material necessary to the conduct of their business.

## LAND EXPROPRIATION IN MEXICO IS UPHELD

[BY A. P. NIGHT WIRE.]

JUAREZ (Mex.) April 19.—Expropriation of the 1,900,000-acre estate of the Palomas Land and Cattle Company in Northern Chihuahua, as ordered by the Mexican government, was upheld today in an appeal suit in the Juarez Federal Court. "The estate will be expropriated at once, within all probability, as numerous attempts to save it have failed, as did the one in the Juarez court," said Federal Attorney Jenairo Ceniceros.

What IS Genuine Orange Pekoe?

"ORANGE PEKOE" is simply an Oriental term to denote one of three distinct gradings of tea:

Flowery Orange Pekoe (tea of the very finest quality)
Broken Orange Pekoe (tea of very choice quality)
Orange Pekoe (tea of average quality)

The first two grades are very much superior to ordinary Orange Pekoe. Ridgways *Genuine* Orange Pekoe is the finest tea procurable, because it is composed *only of the Flowery and Broken Orange Pekoes*.

Some teas marked "Orange Pekoe" have a very small proportion of Orange Pekoe. Right there is the value of getting *Genuine* Orange Pekoe.

The way to make sure of *Genuine* Orange Pekoe, without any doubt about it, is to insist firmly upon Ridgways *Genuine* Orange Pekoe. Then you are certain to enjoy the superb flavor, the exquisite bouquet you should rightfully expect in this superior tea. Order definitely by name and insist upon getting it. Question: Who invented the American game of baseball? S. B. B.

Answer: The modern game of baseball originated with the Knickerbocker Club, organized in New York City in 1845. The first person to prepare a diagram of the playing diamond was Abner Doubleday.

Q.: Are venereal diseases common in this country? A. S. M.

A.: The Public Health Service says that it is generally conceded that 10 per cent of the people are affected with venereal diseases.

Q.: What is meant by gang plowing? M. E. C.

A.: The Department of Agriculture says that gang plowing is plowing with a plow which has more than one disc or more than one share. Practically all the States in the West use this method of plowing.

Q.: Can a war veteran draw his pension if he goes abroad to live? A. M. P.

A.: The fact that a person were living in a foreign country would not interfere with the payment of the pension, but a voucher would have to be executed before payment would be made.

Q.: Is there such a thing as bloody sweat? M. J.

A.: Haematicosis is a rare phenomenon in which blood exudes from sweat pores. It is seen in young hysterical women and has been observed on the face, hands, feet, ears and umbilicus.

Q.: How much land in the United States is owned by negroes?

A.: Property valued at $1,500,000,000 is owned by negroes. It amounts to 22,000,000 acres or over 34,000 square miles, and has an area greater than that of the combined New England States.

Q.: What is poi made of that Hawaiians eat? J. C. M.

A.: Poi is made by placing paiae in a bowl or calabash and adding water until it comes to such a consistency that it can be dipped up with the fingers. Paiae is a product of taro, a species of caladium. This taro is a large root which the Hawaiians boil, and after paring, it is beaten into a pulp. In this condition it is called paiae and can be shipped. The custom among the Hawaiians at meals is to have several calabashes of poi on the ground and each member of the family digs his fingers in and helps himself.

## LETTERS TO THE TIMES

### Christ and Christianity Separating

LOS ANGELES, April 17.—[To the Editor of The Times:] With the executions of the church leaders in Russia and the thirst for blood among the Christian nations of Europe, we find the thinking public asking the question: Is Christ and Christianity parting company? We cannot associate the philosophy of the one with the acts of the other. It is possible that the failure of civilization is due to the fact that it has built upon the foundation of a material interpretation of a spiritual truth; that in the study of the historical Christ the church lost sight of the underlying principles of peace, love and justice.

The fact cannot be ignored that the World War was a Christian fight. One nation, claiming to be Christian, instigated another Christian nation to pick a fight with a third Christian nation. The fight enlarged until twenty-three nations were engaged in battle. Nineteen of the twenty-three were Christian nations. Before the United States and Rumania became parties in the conflict, 46,000,000 Protestants were fighting against 45,000,000 of their own faith. Sixty-two million Roman Catholics were opposed to 63,000,000 of their kind. The Greek Catholic Church was not so evenly divided against itself, but they were on both sides of the battle line. The thought of the "Prince of Peace" and the new century civilization failing to prevent this war is almost irreconcilable to the teachings of all ages.

Dr. Eliot, former president of Harvard University, was justified in his series of lectures delivered in Philadelphia, calling attention to this condition as proof that orthodox Christianity has failed. But so learned a man as Dr. Eliot should have distinguished the difference between the failure of Christ and that of modern civilization without Christ. The vital fact remains that civilization without Christ is just as great a failure today as it was when Egyptian culture, Hebrew piety, Grecian learning and Roman power tried it out. Had the philosophy of Christ been received, instead of his historical character studied by the Europeans, there would have been no World War. It is civilization that failed and not the principles advocated by Christ.

The world conditions today reveals the need of the Christ philosophy. The trouble is that a material interpretation by materialistic minds of the spiritual teachings of Christ has taken place. From the crevices of the broken hearts of sorrow-stricken and disappointed humanity comes hope on weary wings. Around the shoulders of the departing storm God will wrap love's rainbow while the world "shall beat their swords into pruning hooks; then nation will not lift up sword against nation, neither shall they learn war any more."

### The Way to Peace

LOS ANGELES, April 14.—[To the Editor of The Times:] Is marriage a failure? A correspondent says no, and asks:

"What do your readers think of these rules to make marriage a success?"

Rule 1—Never under any circumstances let the wife introduce her husband to her mother.

Rule 2—Never let the wife ask her husband for money, but always pay her bills out of her own private income.

Rule 3—Never let the wife ask her husband where he is going or where he has been; and, at whatever hour of the night he returns, let him always find his wife waiting up with his slippers ready, and the spirit stand on the table.

Rule 4—Never let the wife ask the husband to come home to dinner at any fixed hour; and if he doesn't come at all take no notice.

Rule 5—Always have one or two pretty young lady friends staying in the house in order that your husband may have some one to talk to.

Rule 6—When the babies begin to come, put them out to nurse until they are of an interesting age, and have left off crying. Then buy all their clothes yourself, and when they go to school get your papa to pay for their education.

Rule 7—Never ask your husband to take you anywhere unless he offers to. Then be careful not to have a headache or to trouble him to get you anything. If after the play or the opera is over he wants to go to his club, say: "Don't bother to see me to the carriage, dear." Kiss him and let him go. If he objects to the kissing omit it.

Rule 8—When your husband sees you, always wear a smile. Never be ill or out of sorts, and never fail to let your husband know that you consider it a very great honor to have married him, and that you are filled with a sense of your own unworthiness for such an exalted position.

The strict observance of these rules will enable many a wife who is asked Is marriage a failure to reply with a large and triumphant "No."

### A Protest

LOS ANGELES, April 17.—[To the Editor of The Times:] The other day I saw a picture exhibited in one of the Broadway theaters, which was supposed to be humorous. A black cat was placed before a cage in which there was a parrot, so that the parrot could bite the tail. I am sure the pain registered by the cat was not due to a command of the director.

I felt ashamed to think we had to resort to torturing animals in order to be amused. We are, of course, properly horrified when bullfighting is mentioned, and are so thankful that we are more civilized than the people who can enjoy witnessing the suffering of animals.

It is time the public protested against these exhibitions in which animals are abused, in order that directors will understand we do not care to be entertained by such methods.

## ALAMEDA OPENS FIRE ON ESPEE RAIL RATES

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 19.—The city of Alameda appealed to the State Railroad Commission today for an order directing the Southern Pacific Company to reduce its single transbay fare from 18 to 10 cents, and its monthly commutation rate from $4.80 to $3 a month. The lower rates prevailed before the war, the municipality contends, and the operating expenses of the company have reached the prewar level.

*is our proposition*

We have a new method of treating the scalp. It grows hair. It stops falling hair. Under actual recorded tests it grew hair on 91 heads in each hundred treated.

This is to offer it to you. Results are guaranteed. If we fail, it costs you nothing. Your own druggist signs the guarantee—we assume the risk.

The name is the Van Ess Liquid Scalp Massage.

**Infected Sebum**

According to authorities, over 90% of all hair troubles are traced to infected Sebum.

Sebum is an oil. It forms at the roots of hair. Its natural function is to supply the hair with oil.

But frequently it becomes infected. It cakes on the scalp. It plugs the follicles and chokes them. It forms a breeding place for bacteria—germs by the millions feed upon the hair and destroy it.

It invites semi-baldness. Soon total baldness follows. But it seldom kills the hair root. Remove the infected Sebum — normal hair growth usually follows. This is scientific fact. We guarantee results in writing under 3-bottle treatment plan.

**New Science Overcomes It**

The Van Ess treatment combats the infected Sebum and removes it. It penetrates to the follicles of the hair. It revives dormant hair roots and generally grows new hair.

We urge you to try it.

Obtain it at your druggist's under 3-bottle treatment plan. Your money returned if results are not obtained.

Mr. W. L. Lawler, a well known citizen of Northern Alabama, reports an experience which will interest everyone who is in an ailing, weak or generally run-down condition. Mr. Lawler writes:

"After using the wonderful tonic Lyko, I have received more benefit from it than any other remedy I ever used. I say that this is one of the greatest tonics for vitality, digestion and the liver; a general rebuilder for run-down persons. It has made me an entirely new man at the age of 55. I feel like 30 today."

The power of Lyko to keep a man fit is also well proved by the experience of Mr. H. Jenkins, of Chicago, who says: "My business keeps me closely confined to the office and at a desk all day long. As a result, my system became all clogged up. I was always tired, rested poorly at night and grew nervous and irritable. I began using Lyko and now I am in fine shape again, feel cheerful, and am able to do much more work without fatigue or nervous strain."

An Oklahoma man, Mr. Gallion, also tells about the help Lyko gave his wife after other remedies had failed. His letter says: "The wonderful relief Lyko has given my wife. She has been taking all kinds of medicine, which did no good. I saw Lyko advertised and got it and it is doing her lots of good."

Mrs. Dennie, of Mississippi, writes: "I have been taking Lyko and have found it the best medicine in the world for indigestion."

## BUSINESS NEWS OF BUSY MARTS

### *California Protests Proposed Express Rate Increase*

### *Santa Fe Announces Employe Stock Participation*

### *Egg Storage Without Extra Charge to be Permitted*

Active opposition to the proposed increase of excess rates in Western States has begun in Washington under the direction of Hugh Gordon, chief counsel of the California Railroad Commission, who is also representing the other western bodies in their interest to the Interstate Commerce Commission.

To chommission, on Oct. 11, 1920, ordered the interstate express rates into effect for interstate express business in all Western States, which would have been equivalent to an increase in California of 13 per cent. The other States, with the exception of California complied with the order, but the California commission demanded a hearing and an opportunity to present facts and figures showing that the rates should not be raised, and that the rates in Zone No. 5, which includes all Far Western States, were producing a larger net revenue to the American Railway Express Company, comparatively, than the rates in any of the other four express rate zones.

The California Railroad Commission asserts that its refusal to obey the order has resulted in a saving to shippers and receivers of express packages in California of more than $1,000,000 a year.

The Interstate Commerce Commission has ordered a nation-wide investigation of express rates by a board of examiners following the protests from California, and the action of the association of public utility regulatory bodies in its national convention at Detroit last November. Hearings have been conducted throughout the country, and will be continued in Washington.

### SANTA FE STOCK

A broad plan of the Santa Fe Railroad, whereby its employees are given an opportunity to buy a few shares of the company's stock, pay for it in installments out of their wages, and partake in the dividends declared, has been set in motion and is attracting a great deal of attention not only in railroad circles, but among other industries where thrift is being encouraged.

The plan, as outlined by President W. B. Storey of the Santa Fe system, permits any employee to fill out a blank for any number of shares of either common or preferred stock, not to exceed ten shares. Deductions from the payroll are made on the second half of each month in the amount of $10 per share. As soon as the first installment is collected, the shares are bought in the open market by the treasurer or his assistant.

Deferred payments may be paid at any time. The employee will be charged 6 per cent on the net amount owing the company, and will be credited with all dividends collected upon his stock purchased until the debt is canceled and the certificate is delivered.

A provision in the plan enables any employee taken ill or otherwise on leave, to have an extension of time in which to meet the installments.

### RATE ACTIONS

Eggs shipped from Los Angeles to points of consumption in the East will be allowed storage privileges before actual sale is made, without any change in rate, according to the general freight agent's office of the Atchison, Topeka and Santa Fe. The storage privilege enables egg shippers to transport their eggs to storage centers, and leave them there until favorable markets develop in nearby cities. The storage privilege usually lasts for one year's time.

The Santa Fe also announces a new tariff eastward on shipments of magnesite stucco and magnesium chloride. Magnesite stucco is manufactured here, and in recognition of the demand in the East for the product, the railroad has granted the new rates of 63 cents per 100 pounds to Chicago, 56 cents to St. Louis and Kansas City,

## DAILY TRADE TALK

### *Los Angeles World Traders and What They Stand For; Danger of Transportation Experimenting*

BY CHAPIN HALL

The World Traders of Los Angeles is an organization composed of individuals and firms interested in the promotion and development of oversea trade through the port of Los Angeles; in the building up of closer relationship with Central and South America and Asiatic buyers, and bringing into closer and more understanding fraternity the growing export and import trade between this city and the far places served through local channels.

It is an ambitious organization, and deservedly so, for it has a vision. It has hitched its wagon to a star, and its members foresee the day, not so very far distant, when Los Angeles will take its place beside the great Metropolis of the Atlantic Coast in importance as a foreign trade center.

Just at present the "World Traders" is undergoing the trials and tribulations incident to youth, but it is making headway and is rapidly taking the place in the community to which its ideals and high calling entitle it. Its membership is representative, and it has the indorsement of competent civic organizations and financiers. It stands for the Greater Los Angeles and is pledged to the promotion, within its field, of every legitimate proposition for the extension of the foreign trade and worldwide influence of the community.

The president of the World Traders of Los Angeles is Maurice Carasso; vice-president, C. S. Bessemyer of the Gilmore Petroleum Company; secretary, Alexander S. Cowie of the Hellman banks, and the treasurer, James Forsyth of the California Bank. These gentlemen and Marius de Brabant of the Union Pacific System; S. L. Kreider, shipping and insurance; Maynard McFie of the W. T. McFie Supply Company; Clarence H. Matson of the Chamber of Commerce, and R. C. Mead of the Western Wholesale Drug Company, comprise the directorate.

At a dinner given by the organization the wide and interesting range of its activities was demonstrated in the program, which included speakers representing the moving-picture industry, who laid before the meeting the plans for the coming American Historical Revue and Motion-Picture Exposition, as well as enlightening and instructive discussion of conditions in Mexico and the Philippines by men who have spent years in these places. Consuls representing half a dozen countries were among the guests.

In a word the World Traders of Los Angeles appears to stand for something very definite in the unfolding life of the city, and the organization may conceivably become a corner-stone in the very important structure of foreign trade, which will attain impressive proportions within the next decade.

### TRANSPORTATION

The transportation problem has its economic as well as its utilitarian side; a side which is entitled to careful consideration by voters given the opportunity to do incalculable harm to existing systems by impinging a new and overlapping service. When local transportation systems are threatened the economic heart of the community is immediately affected, and it is doubtful if the importance of such a disaster can be overestimated.

When street-car facilities in Boston, Denver and Chicago were suspended 50 per cent of their trade and 75 per cent of their labor and wages were lost. Health, happiness and comfort depend upon public utility service, and experience has taught that these may be more satisfactorily administered by private enterprise intelligently controlled.

In Seattle the financial difficulties which have beset the street railways ever since they were taken over by the city show no signs of abatement, according to the latest statement of the officials in charge of operations.

A year ago under stress of inadequate revenues the fare was increased to 8 1-3 cents in the hope that more funds would accrue. Instead the number of passengers dropped off, and revenues failed to increase. The fare then was placed at 6¼ cents, but without relief, and finally, in the hope of again placing the railways on a paying basis, the 5-cent fare was restored.

This action apparently has also failed, as the report of the company for March shows a daily loss of $4475 per day, or a total of $138,725 for the month. Passenger traffic showed a gain of 7.31 per cent over a year ago, when the 8 1-3-cent fare was in effect, and of this increase city officials say, 4 or 5 per cent may be attributed to the increase of the city's population.

## MARKET REVIEW

[EXCLUSIVE DISPATCH]

rather extraordinary move of the government, through its Attorney-General, to put a stop to trading in contracts for the future delivery of sugar by injunction against the New York Coffee and Sugar Exchange and its directors, was the outstanding development in financial affairs today. It was reflected immediately not only in the sugar market, but in the market for the future delivery of other commodities, notably cotton. To a lesser extent the influence of the move by the government against commodity speculation was felt in the market for stocks; its effect was to cool the ardor of professional operators for the advance. There were no wide declines anywhere, it is true, but nevertheless the development was of sufficiently arresting importance to at least call a temporary halt to activity that had even the faintest of speculative tinge, and as a result the markets merely simmered for the balance of the day.

It is, of course, much too early to say what the outcome of the Attorney-General's action will be; whether the sugar trade will be deprived of a market wherein "futures" in this commodity may be bought and sold, or whether this very valuable cog in the process of commodity marketing will be entirely lifted out of the financial machinery. Quite evidently the move was directed against what was termed "excessive and unreasonable speculation," but the impression prevails, too, in the financial district that an attack, even if a left-handed one, had been made by the government officials on the elaborate and very necessary system of trading in commodity futures. In some quarters, too, the phrase "political maneuvers" was heard in connection with the injunction suit.

The question must now be threshed out whether the upturn in sugar, which has put the price of Cuban raws to new high levels for the year, has been in response to out-and-out manipulation of the market, as the Attorney-General charges, or to the operation of the law of supply and demand. Estimates continue to differ widely about the Cuban crop. There is a difference of something like 600,000 tons between the low estimates on the final outturn, as made by the Cubans themselves, and the much higher one made by authorities in this country. The sugar centrals now are closing down and it is to be noted that such revisions in the final out-turn as are being made from day to day are on the side of those who predicted a short crop and an extremely high price for sugar before the new crop can come on the market. If this be true and there is an actual shortage of sugar, governmental injunction suits no doubt will prove futile obstacles in the path of the trend of prices controlled naturally by supply and demand.

The Federal Reserve Bank statement continues to reflect the fact that, while industrial expansion goes on apace, the reserve ratios of 1 per cent, despite the increase of some 523,500,000 in rediscounts. In the New York bank the change was even slighter, amounting to but one-tenth are practically constant. For the system as a whole, as a matter of fact, today's statement showed a change in ratio of only eight-tenths of 1 per cent. In the case of this bank, however, there was continued contraction, rediscounts having declined about $9,000,000 for the week. The statement of the Bank of France notes the repayment by the state of 400,000,000 francs on account of extraordinary advances and a further decrease of 473,000,000 francs in the note circulation.

CHICAGO, April 19.—Another remarkable "come-back" among industrial corporations last year is shown by the Sinclair Consolidated Oil Company, whose annual report was made public today. The company earned nearly three times as much as in 1921 and, furthermore, improvements now under way will increase its output of gasoline nearly 200 per cent, according to President Harry F. Sinclair.

While the advance in prices of crude oil and refined products undoubtedly helped, these came in the latter part of last year. The chief factors were an increase in gross earnings of $8,486,388 and a decline in expenses of $11,670,923.

Last year's earnings do not include undistributed surplus earnings of foreign or domestic subsidiary companies in which the parent company owns half or less of the capital stocks.

Net earnings last year were $30,943,793, compared with $10,785,312 in 1921. After all charges, etc., and preferred dividends last year produced a balance of $14,557,362 for the 4,491,892 shares of common stock outstanding. This is equivalent to $3.24 a share. After common stock dividends there was a surplus of $10,228,268, bringing total surplus up to $30,904,178. In 1921, after dividends, there was a deficit of $7,695,846.

Crude oil production continues to increase despite recent price cuts, the latest of which was a reduction of 20 cents a barrel on Bellevue crude announced today by the Standard Oil Company of Louisiana. The daily average gross crude oil production in this country was 1,951,650 barrels in the week ended April 14, an increase of 9500 barrels over the preceding week, according to the American Petroleum Institute. Pipe line and tank farm gross stocks east of the Rocky Mountains increased 3,300,000 barrels during March.

BY MONITOR

NEW YORK, April 19.—All traffic records were broken by New York Central lines during March, said President Smith today, as well as those for the first quarter. Car loadings on the system totaled 896,692, against 720,012 last year. The quarter's record was 2,416,098 loaded cars. In anticipation of the increased business New York Central early last year started to properly equip its lines and since January 1, 1922, has spent in this direction $80,320,251. This expenditure was for cars alone and today the system has 12 per cent of all freight-carrying cars in the country with which it handles 12 per cent of the nation's freight business. In fifteen months New York Central has improved its tractive facilities through expenditure of $21,889,600 for 359 new locomotives. It also has added to passenger-car equipment through expenditure of $6,656,172. This year the Vanderbilt system is to spend $18,000,000 on improvements in and around Albany; from its 1922 appropriation it brought forward into this year $29,000,000.

### BETHLEHEM STEEL

Quiet absorption of Bethlehem Steel "B" stock is declared to be going on in brokerage circles. In this connection it is said that purchases of the Schwab issue are for a purpose, which ultimately is to be revealed in further property acquisitions for the Bethlehem Steel Corporation. Bethlehem is greatly expanding its operations, first having taken over control of the Lackawanna Steel Company and now having the absorption of Midvale Steel control under way.

### CANADIAN PACIFIC

Canadian Pacific is up 60 points from its low level of 1921 when the stock touched 101 and about 10 points under the high for all time established in 1919 when it rose to 170 7-8. In Wall street there is a feeling that heavy buying of Canadian Pacific shares may not be based so much on good earnings as upon the prospective freedom of the road from political annoyances such as now are predicted for lines in the United States. Two months gross of the Canadian Pacific were $24,308,779, a gain of nearly $2,000,000 over last year and in net there likewise was a gain but not in proportion to the gross increase. There is an international market for the shares and an international demand for them and under this stimulus plus good buying from American investors, Wall street is by no means surprised at the net results accomplished.

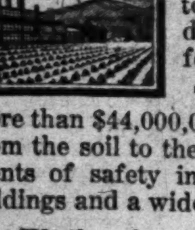
AS CONSTANT AS TIME



THE demand for fruit is as dependable as the productiveness of the soil.

This fact, coupled with a great variety of products and an international market, gives to the business of the Earl Fruit Company a degree of stability that is obtainable in very few lines of industry.

This business, which last year amounted to more than $44,000,000, covers every phase of the fruit industry from the soil to the retail dealer, and possesses all of the elements of safety including broad diversification of property holdings and a wide margin of assets and earnings.

We therefore regard the first mortgage 6½% bonds of this company as an especially sound and desirable investment.

# NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE]

NEW YORK, April 19.—The rising tendency of prices was checked shortly after the opening of today's stock market by the announcement of governmental proceedings to prevent speculation in raw sugar. Sugar stocks, which had advanced 1 to 1 5-8 points during the first hour, dropped 1 to 3 points when the government's action became known, but they rallied slightly before the close.

Prices in the general list yielded in sympathy and there was a marked reduction in the volume of trading. Prices pursued an uneven course during the rest of the session, with bullish demonstrations in the coppers, American Can and California Petroleum, counteracted by heavy offerings of some of the other oils, investment rails and a few specialties.

Revival of speculative interest in the copper group was founded on reports of increased foreign demand for the metal, particularly from Germany, and the activity of copper shares on the London Stock Exchange. Utah led the advance with a gain of 1 5-8 and American Smelting, Chino and Kennecott each closed about a point higher.

Stewart Warner Speedometer, which has been heavily bought lately on speculative expectations of an increased dividend, broke nearly 4 points to 118 and rallied to 119¾.

Commercial Solvents A broke 10½ points on a small turnover.

Profit-taking in some of the high-grade railroad shares halted the advance in that group. Canadian Pacific dropped to 156⅛, and then rallied to 157 1-4, where it was off 2 points on the day. Losses of 1 to 2 points also were recorded by Delaware and Hudson, "Katy" preferred, Peoria and Eastern, Southern Pacific and Union Pacific.

Kresge jumped 13½ points to a turnover of 200 shares. Transue-William Steel was active for the first time in several months on reports of large current earnings, closing 5 points higher at 39. Recent strength of Corn Products, which closed 1 1-4 points higher at 129 1-4, was attributed in part to the higher sugar prices, which are expected to lead to a large use of the sugar substitutes manufactured by this company.

Call money opened at 5 per cent, but softened to 4½ during the afternoon. The time money market was quiet, with brokers bidding 5 1-4 and bankers holding out for 5½ per cent for all dates on both classes of collateral. A few short-time loans were arranged at the lower figure.

Foreign exchanges held fairly steady around yesterday's closing prices. Demand sterling rose nearly a cent to $4.66 in the early trading, but receded to $4.65 5-8, where it was up 1-4 of a cent on the day. French francs were quoted around 6.65 cents and German marks rallied slightly to .0035½ cents.

Day's total sales, 786,500 shares.

Twenty industrials averaged 102.58; net gain, .34.

High 1923, 105.38; low, 96.96.

Twenty railroads averaged 88: net loss, .56.

High 1923, 90.63; low, 84.53.

## NEW YORK CURB

### Uneven Course

[BY A. P. NIGHT WIRE.]

NEW YORK, April 19.—Prices pursued an uneven course in today's curb market, with speculative activity centered largely in a selected list of industrial specialties.

Anglo-American Oil was pushed up 1⅛ points, but most of the other shares in that group were reactionary. Gulf Oil of Pennsylvania dropped 1⅛ points to 63⅛ and Imperial Oil of Canada 1⅛ to 113¼. Standard Oil of Indiana closed ⅛ lower at 63⅝ after having touched 63½. The South American issues held firm.

Glen Alden Coal was one of the strong spots in the industrial group, closing 1⅝ points higher at 14¼ after having sold half a point above that figure.

Cleveland Motors also was active on reports that the earnings were running at the rate of $8 a share, the stock duplicating its previous high record of 34⅝.

The other motors showed mixed changes, Reo closing fractionally higher, while Durant dropped nearly a point.

Narrow and irregular changes characterized the trading in mining shares.

## Printing Facts

### Do You Know *That*—

The old-fashioned type-case consisted of two shallow boxes, subdivided into many divisions, each of which contained a different character? One case was set above the other. The upper case held the ROMAN letters, or CAPS, as well as the Small Caps; the lower case housed the small letters. From the arrangement of his case the printer called the small letters "lower case."

and 50 cents to points in Colorado. Magnesite stucco is used as a wall plaster, and is said to be light in weight, waterproof and semifireproof.

Automobile owners are the principal beneficiaries of the reductions averaging $1 per 100 pounds on shipments of storage batteries from all eastern points to California. The movement of this article to California is in heavy volume, and consumers will effect a considerable saving.

The rates on magnesite stucco are effective immediately, while those on eggs and storage batteries will not become operative until sixty and ninety days.

### BANK SHARES

Employees of banking institutions are sharing in the movement toward participation in ownership and profits. The Irving Bank-Columbia Trust Company of New York has recently completed delivery of 3068 shares of the company's stock purchased by approximately 900 employees ranging from office boys to vice-presidents. The stock was sold at $100 a share, and has a market value of around $238.

The plans for participation by employees in profits were developed three years ago by the Irving National Bank. Payments were made monthly at the rate of $2.50 for each share, 6 per cent interest being charged for the use of the money advanced. Dividends of 12 per cent a year were paid during the purchase period, and were applied to the reduction of principal.

### Power Stock

Alvin H. Frank & Co. are offering Great Western Power 7 per cent cumulative preferred stock on partial payment when stock may be purchased for $100 per share, $5 down and $5 per share per month, with 7 per cent interest beginning with the date of each payment. Regular 7 per cent dividends begin when the stock has been fully paid for.

An illustrated booklet, "Perpetual Power" explaining more fully the details of the offer, as well as the hydro-electric development of the Great Western Power Company may be had by application at the office of Alvin H. Frank & Co.

### DIVIDEND PAID

Dividend checks for the first quarterly dividend of 1923 have been mailed to the stockholders of the Rio Grande Oil (Refining) Company, according to an announcement made by W. H. Daum & Staff, fiscal agents for that corporation. The stock is on a cash dividend basis of 12 per cent per annum, payable 3 per cent quarterly.

# METAL MARKETS

### Market Review

[EXCLUSIVE DISPATCH.]

CLEVELAND (O.) April 19.—Daily Metal Trade says: "Important makers of steel cotton ties have announced price of 1.60 per bundle for coming season, against 1.10 last year. Good orders for railroad track material of all sorts continue to be placed with mills. Third quarter Virginia pig iron commands 1.00 ton advance, while small resales in East fail to affect market adversely. Copper is quiet at New York at 17c. Tin is circular around 40c, lead is slow at 8⅛c and zinc declines to 7.20c, St. Louis."

# LOS ANGELES EXCHANGE

Sheel Union common improved 1-4 of a point yesterday on the Los Angeles Stock Exchange, selling at 18, while other representative oil stocks were off slightly. Globe Petroleum declined to 43, selling off from an opening price of 46. United Oil dropped from the first sale of 2.23 to a low for the day of 2.15, and closed at 2.16, off 4 cents from the final price of the previous session. United States Royalties at 88½ was down 1½ cents, and General Petroleum closed at 38 3-8, on increase of 3-8 of a point.

Liquidation was again evident in Simon Silver, although the undertone was firm enough to prevent any great amount of loss. The final price was at 40, off 1½ cents. Gold Ore moved to a high for the day at 7 cents, but ended at 6½ cents, a gain of ½ cent. Virginia Louise was firm at 8 cents, and Telluride was quiet at 15.

Some activity developed in San Joaquin Light and Power common around 26. Standard Oil rights moved in a range of 3 1-4 to 3 3-4.

*(Safeguarded under the Straus Plan)*

DATED: April 30, 1923 INTEREST COUPONS DUE: May 1 and November 1

Federal Income Tax Paid up to 2%
Pennsylvania and Connecticut Four Mills Tax Refunded

CAPITALIZATION

The capitalization of the company, after giving effect to the present financing, will be as follows:

| | Authorized | Issued |
|---|---|---|
| First mortgage 6½% serial bonds (this issue) | $8,000,000 | [illegible] |
| First preferred stock 7% cumulative | 15,000,000 | [illegible] |
| Second preferred stock 7% cumulative | 5,000,000 | [illegible] |
| Common stock (no par value) | 500,000 shs. | [illegible] |

STRAUS PLAN AMORTIZATION

UNDER the covenants of the trust mortgage, the bonds are paid off in yearly serial installments, the coupons being payable twice a year. In order to assure prompt payment of both principal and interest in cash on the days due, the trust mortgage requires the borrowing corporation to make 240 approximately equal monthly payments to S. W. Straus & Co., each monthly payment being approximately $60,000. These compulsory payments automatically provide in advance a fund averaging about $720,000 a year, from which the coupons are cashed, the balance being used for the serial retirement of the bonds.

*Serial Payments and Monthly Payments:*

The fixed charges under the Straus mortgage and the method of meeting them by monthly payments are set forth in the following table:

| Maturity | Principal | Interest | Total | Average Monthly Payment |
|---|---|---|---|---|
| May 1, 1925 | $240,000 | $520,000 | $760,000 | [illegible] |

| TOTALS | $8,000,000 | $6,063,200 | $14,063,200 | |

*Denominations: $1,000 and $500 bonds in all maturities; $100 bonds in last maturity only.*

From data on which we have based the purchase of these bonds and from a letter of Mr. George M. Brown, President of Certain-teed Products Corporation, dated April 10, 1923, we summarize as follows:

THESE bonds are a closed first mortgage obligation of the company, constituting its sole funded debt and are secured by a direct first lien on all the land, buildings, equipment, machinery, etc., now owned by the company and to be acquired.

*Purpose of Financing:*

The purpose of this financing on the part of Certain-teed Products Corporation is to purchase the plants and properties of Cook's Linoleum Company and Standard Inlaid Manufacturing Company, both of Trenton, N. J., among the best known manufacturers of linoleum products in the United States; and Acme Cement Plaster Company, St. Louis, Mo., leading producers and distributors of gypsum and gypsum plaster products; and to retire outstanding purchase money obligations issued in 1920.

The company operates roofing and paint plants at York, Pa.; Niagara Falls, N. Y.; Marseilles, Ill.; East St. Louis, Ill.; Richmond, Cal.; St. Louis, Mo.; linoleum and oilcloth plants at Philadelphia, Pa., and Trenton, N. J.; gypsum plants at Acme, Tex.; Acme, Okla.; Acme, New Mex.; Grand Rapids, Mich.; Laramie, Wyo.; Cement, Okla.; Gypsum, Ore.

Certain-teed Products Corporation, already the largest prepared roofing manufacturer in the world, thus takes a further step in its policy of steady expansion toward a complete and fully diversified unit in the production of high quality building products. These large additions to its present manufacturing facilities and administrative organization mean the completion of its line of products for the construction, protection and equipment of buildings, and for the distribution of these closely related necessities through the same channels, eliminating all avoidable waste.

*History of Business:*

THE business was founded in 1904 and has a record of steady expansion and growth until it now covers the United States and extends into many foreign lands. For nineteen successive years the company has shown a profit each year, even during the trying times of 1920 and 1921 when many industrial corporations showed losses.

It is important to note that the company's business is not dependent on new building or building booms, since a very large portion of its sales are for purposes of rehabilitation, repairs and replacements.

*Assets and Earnings:*

MESSRS. Ford, Bacon & Davis and Messrs. George W. Goethals & Co. have appraised the sound value of the company's fixed assets as of approximately March 31, 1923, at $17,0[illegible], equivalent to $2136 per $1000 bond. Net tangible assets are equivalent to $2765 per $1000 bond.

The average net profits after depreciation and depletion, but before interest and taxes for the five years ended December 31, 1922, as certified in part by Marwick, Mitchell & Co., and in part by Barrow, Wade, Guthrie & Co., are equivalent to 2.9 times the greatest annual interest charges on these bonds. Earnings during the last 18 months are greatly in excess of this ratio.

The company deals only in the manufacture of basic necessities in the building industry essential to the everyday life of all communities.

Legality of the issue will be approved and the trust mortgage and bonds will be drawn by Mr. Nicholas R. Jones and Messrs. White & Case for S. W. Straus & Co., Incorporated, and the [illegible] and Messrs. Cravath, Henderson, Leffingwell & de Gersdorff for the issuing corporation. Title to the properties will be approved by local counsel under the direction of the foregoing attorneys.

We have purchased these bonds after careful investigation and offer them with our full recommendation as a safe investment for sums of any amount.

For instance, they all try to get on the same street car at the same time and they all want the same kind of an automobile at the same time. He might have added that this custom causes great business activity, but the disconcerting thing is that their wants cease at the same time.

Direct information from the Motor City is that, while production is being rushed, the motor manufacturers are buying with caution and good judgment. It is a reassuring feature of the general situation that manufacturers are wary. Success breeds confidence, but they are not proceeding in the belief that the peak load registered by the meter of business is the normal or average load.

### BUYING POWERS

While the buying powers of farmers had not grown in proportion to that of others, and there is still a bad adjustment between the prices the farmer gets and pays, railroad buying is very large. Next to the farmer, the railroads are the great purchasers of all sorts of commodities. This buying has been going on for many months. Every car plant is running at capacity. The big locomotive shops have orders that they will be months in filling. Every concern that makes anything railroads use is busy. The railroads themselves are coming back. A distinction must always be made in the classification of railroads. They are of all kinds. Their enemies either don't know this or they ignore it. They like to speak in terms of average railroad efficiency, thereby reducing that of the well-managed, skillful road.

The last report as to the Illinois Central, always a well-managed railroad, gave in figures an incontrovertible statement of efficiency. Following the statement of its earnings comes announcement of an increase of 2 cents an hour in the wages of its 12,000 shopmen. Wage advances for other classes of employees are under consideration.

### WAGE PROBLEMS

Other railroads are studying the wage problem. This trend or prospect may be due to the demand for labor. It may come of a desire to meet and avert competition for labor, but it is a fact.

It is not surprising that railroads desire to hold their employees. A rising market for labor is unsettling. In the big industrial centers there is considerable shifting about by workmen. Such is the demand that anyone can get employment. Poor workmen are coming in and receive, of course, the same wages as the good. Complaints are beginning to be heard that the average quality is going down. The good workmen are becoming negligent.

Such conditions became pronounced at the end of the war period. They are apparently a usual manifestation of an unsatisfied and insistent demand. It will be very fortunate if, out of the condition now developing, some plan would come for separating the sheep of efficiency from the goats of shiftlessness and fixing wage rates accordingly.

## RUBBER MARKET

[EXCLUSIVE DISPATCH.]

NEW YORK, April 19.—Further easiness was noted in the rubber market today. Bidders were scarce, and while no large tonnages were offered, there were plenty of small lots available. Ribbed smoked sheets and first latex spot were quoted at 31⅛c a pound; brown crepe thin cleans, 30½c; amber No. 1, 30⅝c, and upriver Para, 28½c a pound.

## BOND QUOTATIONS

### Firm Prices

[BY A. P. NIGHT WIRE.]

NEW YORK, April 19.—Bond prices continued firm with irregular advances in today's dealings on the New York Stock Exchange. Sugar company liens, influenced by the flurry in stocks as a result of the government's action in seeking to stop speculation in sugar, were mixed, Punta Alegre Sugar 7s closing 2 points off, while Cuba Cane 8s were up a point. United States government bonds were steady in quiet trading. Foreign bonds were somewhat improved, French issues leading the moderate advances.

Railroad mortgages continued in fair demand but the price changes for the most part were small. Frisco income 6s advanced 1 3-8, and St. Louis, Iron Mountain and Southern 4s, River and Gulf divisions, were up 1. Copper Company liens were active, Cerro de Pasco 8s up 3 points, leading in this group. Armour & Co. 4½s were up 1.

Total sales (par value) were $10,441,000.

There were reports that there is soon to be a public offering of $15,000,000 Willys-Overland long-term bonds to refund about $10,000,000 notes maturing December 1, 1923.

## LIVE-STOCK MARKETS AT VARIOUS CENTERS

### Los Angeles

[Furnished by Federal-State Live-Stock Market News Service, 207 Exchange Building, Union Stockyards.]

Actual receipts Wednesday, April 18—Cattle, 556; calves, 154; hogs, none; sheep, 1442.

Disposition Wednesday, April 18—To Los Angeles packers, 656 cattle, 154 calves, 296 hogs, 1245 sheep; other packers, 3 cattle.

Cattle—Fairly liberal receipts and trading slow to start finds the market fully steady on strictly good steers, with the in-between kinds going at 10@15c lower. Two loads of good 1123-pound steers cashed at 7.85. Bulk of steers sold today from 7.00@7.60 and averaged from 1000 to 1100 pounds.

She-stuff held steady with rather liberal receipts of medium and common cows. Two straight loads of good 1015-pound cows cashed at 5.75. Odd load of medium cows sold for 5.25, with lots of common ones at 4.50 and 4.60.

Calves—Market weak. A part load of good 160-pound vealers cashed at 11.00, with six out at 8.50.

Hogs—On the first fresh receipts for two days trading was active with the market steady with yesterday's close. A load of good 192-pound killers made 9.70, as did a part load of 150-pound killers. Several loads of good 162-pound killers scored 9.65, while a load of medium 158-pound killers made 9.50.

Sheep and lambs—The only lambs on the market today were some trucked-in kinds. One load averaged 71 pounds, grading good, cashed at 12.50, while another load averaged 80 pounds, graded good and sold for 11.50, with twenty out at 10.00.

Quotations, based upon sales at the Los Angeles Union Stockyards, follow:

"Cash" Put Me on Easy Street!

*How? A lot of people have asked that question the past few days. It's simple. Read this and know how!*

My name is Cash Stall. My lease is located on Easy Street, Western Extension Santa Fe Springs, the "MOTHER POOL." Everybody is saying, "Cash" put me on "Easy Street." I hope you will be one of them.

In my judgment, the MOTHER POOL OF SANTA FE SPRINGS is under my four-acre lease in the Western Extension. I'll stake my reputation as an oil man and engineer on it. I've bet my last dollar on it. The center of present production at the Springs is not the center of the pool, in my opinion, and I'll be glad to explain my reasons to anyone interested. It's to the west and I believe the present big production at the Springs is drained from this western pool—the MOTHER POOL of the whole field.

The big producers now coming in on the Grand March Westward bear me out in my opinion.

Come up and meet me. I would also like to have you meet my associates. You will find them to be business men of responsibility and standing, who have made a success of their own affairs and will do so with this enterprise. They are men you will be proud to be associated with. PHONE MY FISCAL AGENTS, U. S. FINANCE COMPANY, Main 3236, for reservation in auto to visit Cash on Easy Street. If driving your own car, follow "Cash" signs leading to the property. Come today. Come Sunday! Call phone or write—immediately.

Yours, CASH STALL.

U. S. Finance Co., Fiscal Agents for C. C. Stall Oil Association, 620-621 Brockman Bldg.

I would like to meet Cash Stall and see his lease on Easy Street.

2 More Days

*Today and tomorrow positively end my special offering of royalties in*

8 Wells—19 Acres
at
Santa Fe Springs

Production and drilling activity is going ahead so fast on this property and on all sides of it that the prices of these royalties simply can't stay as low as they are. They advance—perhaps beyond your reach—tomorrow night. Because of five big reasons—

*On the East*
Julian 4 and the 6000-barrel Russell well are steadily producing their thousands upon thousands of barrels on leases that touch the 19 acres.

*On the North*
It is a matter of hours when the Standard Oil Company expects to bring in one of the biggest wells in Santa Fe Springs.

*On the West*
Here, also, the Standard is rushing to completion a derrick for its Watson No. 2.

*On the South*
This week saw timbers laid down for a new rig just across the road from Julian 8 and 9, which in turn immediately border the 19 acres.

*On the 19 Acres Itself*
Two wells are drilling—four derricks are completed—two are being erected. Furious activity on and all around!

You get quick action and the possible profits are tremendous. Eight wells of 4000 barrels each will return you the price of a royalty many times over inside of a year!

Tomorrow the Last Day

*This opportunity positively closes tomorrow night. I will be in my office until 5 o'clock tomorrow afternoon—to supply you with any size royalty you desire—from $550 up to $30,000. But after tomorrow—quien sabe?*

# "NOT SO BAD"

Some years ago—finances low,
Though I worked hard and harder,
I wondered if a chance might show
"To fatten up the larder."
In fact, I was so badly bent,
It kept me more than busy
To make enough to buy the gas
To feed my old **"tin Lizzie."**
When pay day rolled around each month
I took my little check,
Paid up a few of my old bills,
And was broke again, **"by heck."**
To everyone a chance will come
Within his tragic life,
When he may be a millionaire
Or drive a **"Liz" for life.**
One day I read a little "ad,"
'Twas signed in letters bold,
And said that "C. C. Julian"
Would drill for **"Liquid Gold."**
"C. C." was once a "rough-neck,"
He'd drilled for many a day,
And he said he'd eat a **"drill stem"**
If he didn't strike the pay.
I took a **"flyer"** on his stock
With the little I'd saved up;
Some people speak of "ups and downs,"
For me 'twas down, then up.
"C. C." sure knew his business
From the cellar to the crown,
I'm spending money now **"galore"**
And **"salting dollars"** down.
Each month, **"by heck,"** I get a check,
And my work has turned to play;
The dividends increasing
Since they struck the **"Meyer Pay."**
On 1, 2, 3 and 4 I'm in,
5, 6, 7, 8 and 9;
When **"Julian"** starts another lease,
Watch me, **"I'll sure get mine."**
For **"Honesty's"** his middle name,
And **"action"** is his first;
Just take a tip and shoot your wad
If for dividends you thirst.
Take a chance with **"C. C. Julian"**
With that cash you've saved so long,
Then sit back and wait for "Divies"—
**"Take a chance, you won't go wrong."**

# *Shorts Forced to Run; Grain Prices Advance*

[EXCLUSIVE DISPATCH.]

CHICAGO, April 19.—While many local traders and commission houses were disposed to take a bearish view of the wheat situation early and buying was not of a good character, there was active buying in the last few minutes of trading by several strong commission houses, which absorbed the surplus in the pit and stampeded shorts into covering. Prices failed to set new high marks for the season, but the close was at the highest level of the year, with net gains of ⅝@1⅛c. Corn was up ⅝@¾c, oats ⅛@⅜c and rye ⅜c.

Bullish crop reports were received from the winter wheat territory with increased apprehension of dry weather damage in Kansas, and private reports suggested that the country would raise much less wheat than last year. These claims were tempered by the excellent weather conditions in the Northwest, where spring wheat seeding is making excellent progress. The undertone was rather easy until near the close, with local traders the best buyers the greater part of the day.

Soaking rains are now needed in parts of Kansas heretofore regarded as outside of the actual dry belt. Liverpool ignored the decline in America on Wednesday and closed ⅜@1¼d higher, and export business was fairly good with sales of 1,000,000 bushels mainly Manitobas.

Buying by commission houses took the surplus off the corn market early, and the bulge in wheat caught many of the local traders short and forced them to cover, making a fair upturn at the last with the finish at the top. Cash demand showed improvement with sales of 200,000 bushels, although business is checked owing to the uncertainty as to whether lake steamers can be obtained for opening of navigation shipments. In the more southern sections of the belt plowing for corn is making rapid progress and farmers in all parts of the West are too busy with field work to deliver grain to interior stations. Receipts 90 cars.

Sentiment in oats was rather bearish due to the excellent weather for seeding and the market showed an easy undertone early, closing strong in sympathy with other grains. Cash demand was fair, with receipts 62 cars.

Houses with Duluth and seaboard connections were fair buyers of rye, but the market held within narrow limits. A good export business was on at the seaboard, with sales 400,000 bushels. The two northwestern markets had 62 cars.

# COTTON PRICES EASE TO LOWER LEVELS

[EXCLUSIVE DISPATCH.]

NEW YORK, April 19.—Cotton futures quotations were weak in a fairly active session today. Lower cables from Liverpool and an easier tone in the local dry-goods markets caused further liquidation. The market started at a net decline of 14 to 23 points and almost immediately after the call, offerings appeared in large volume.

This had an unsettling influence upon the market and it rapidly lost ground. The near months led the decline and at the low level of the morning showed losses in excess of ½ cent. What support appeared had only a temporary effect upon prices and around noon the list was only slightly above the low level, 33 to 49 points net lower.

The market had a brief rally during the early part of the afternoon. Later quotations touched new low levels for the day and at the extreme low level showed losses ranging between 47 and 77 points. Liquidation was again heaviest in the old crop months. The far months appeared to show more resistance to the selling movement. Liquidation continued in the final hour and prices touched new lows for the day. Final bids were about 48 to 75 points net lower.

Spot cotton was quiet, 80 points decline 28.20 for middling upland.

Southern markets: Galveston 27.95, 80 points decline; New Orleans 28.13, 25 points decline; Savannah 27.50, 80 points decline; Augusta 27.44, 75 points decline; Memphis 28.75, 25 points decline; Houston 28.00, 75 points decline; Little Rock 28.00, 25 points decline.

Drilling for oil in the western part of Kings county is to be resumed after several years of inactivity. The Pacific Oil and Gas Company is preparing to begin drilling on the southern edge of the Tulare Lake basin.

Another company is preparing to drill on the eastern slope of Kettleman Hills, west of Murray postoffice. Geologists have expressed the belief that there is a vast reservoir of oil in and near the Kettleman Hills.

Coalinga residents report that there is now much activity in what they term the southern field of the Coalinga district, which extends down into Kings county. Several companies with large capital are now wildcatting in that section, which is west of the Kettleman developments.

### May Assist Industries

The Peterson-Barker syndicates' well on the 106-acre Edens lease on the east side of Torrance and on the edge of the industrial district, is down 2400 feet, and is reported to be showing up well, according to officials of the company. The logs of this well are said to be comparing favorably with the best producers on the west side.

If this well hits the oil sand it will prove up the entire Torrance industrial district, and is expected to result in some of the larger plants with big acreage putting down wells for both fuel and commercial purposes.

### After Depth Record

Two wells of the Union Oil Company of California in the Huntington Beach field are expected to become the first and second deepest producing wells in the United States before many days.

The deep drillers are the Copeland No. 14 well, which is down to a depth of 5103 feet in the Ashton zone, and the Brooks No. 4, which has passed the 5070-foot mark. Both wells will be drilled to 5200 feet before attempts to bring them in are made, it is said.

The two Union wells, if they are successfully brought in, will eclipse all known deep production records. Reports from K. A. Hoxie, superintendent for the Union in this field, are to the effect that both wells should be good for a high rate of production.

### Leasing for Wildcat

C. W. Shenk, Los Angeles independent operator, who has been investigating the local district quietly during the past thirty days, announced yesterday that he has 500 acres under lease in the Baldwin Park-Azusa district, and that he will start a wildcat there within sixty days.

His leases lie north of Baldwin Park, west of Azusa, and on the south side of the San Gabriel River, southeast of Monrovia. A geological survey of the whole district was recently made by him and his associates, he states.

While no definite action has been announced, the citizens' committee in charge of the preliminary work in the Arcadia-Monrovia district declares that it now has between 500 and 600 acres signed up. A meeting of those interested will be called within a few days, it is expected.

Oil operators and geologists are advancing the theory that wells drilled in the northeastern section of the Santa Fe Springs field have been drilled to too great a depth. They think that the pay sand has been passed and the underwater sand tapped.

Activity in that section of the field is marked, several new derricks are being erected and transfers of small leases have been noted. The section near Orchard Dale on the La Mirada road has been getting a portion of the prospective locations.

### Concerning Oil Tests

The Department of the Interior says dynamometer tests on California lubricating oils for internal-combustion engines, now being conducted by the Department of the Interior at the San Francisco laboratories of the Bureau of Mines, are not intended for a comparison of California lubricating oils with those of other fields.

Misunderstanding in regard to this has arisen from the fact that acidity and emulsification tests for class C oil are said to have resulted in unjust discrimination against certain California oils. The assertion is made that some California oils which do not pass such tests have been found entirely suitable for internal-combustion engines.

The experimental work now being performed by the Interior Department in co-operation with the American Petroleum Institute, should determine the efficiency of California oils which do not pass the acidity and emulsification specifications by comparing them, through the medium of dynamometer tests, with California oils similar in general character but which meet the acidity and emulsification requirements.

### New Oil Producer

Drilled to a depth of 4562 feet, Getty No. 7 on the O'Connell-Getty lease came in yesterday at Santa Fe Springs with a flow said to have been nearly 4000 barrels.

This well is producing in the Meyers sand and is increasing in production, according to the drillers. The new producer is in the center of production and wells in that locality have averaged around 6000 barrels daily. For this reason, it is believed that the new Getty will increase in production.

### Approve Mexican Change

The Chamber of Deputies at Mexico City, which is considering the enacting of a new petroleum law, Wednesday night confirmed Article 5, which confirms petroleum rights legally acquired before May 1, 1917, when the present constitution became effective, stipulating, however, that the concessionaires must revalidate their claims within three years from the promulgation of the new law. The vote on the article was 102 to 23.

Article 5 is intended to satisfy the objections voiced by foreign oil men against the asserted confiscatory nature of Article 27, in the present constitution, which vests the subsoil rights in the nation.

The Deputies are continuing their debate in regard to regulation of petroleum rights acquired since the new constitution went into effect. The proposed law has not yet been considered by the Senate.

# Am I in Time?

*"My name's ———. I work for the Standard Oil Company. I bought some Yankee units last week—I'm here for some more. Am I in time?"*

## So it Goes

A man walks up to one of **Yankee's** derricks. His clothes are dripping with oil. Perhaps he has just helped to conquer a 6000 or 7000-barrel producer, which has been added to Santa Fe Spring's long list of giant wells. He walks over to our field office—pulls some money out of his pocket and says:—

"I know Santa Fe Springs. I ought to, anyway. I've worked out here long enough. **I know these five Yankee acres will produce oil—lots of oil.** Julian's big well, and the 6000-barrel Russel No. 1 prove that.

"I want some Yankee units. I've walked over here to get them. If you've got any left, start writing me a receipt."

## The Men in the Field Buy Yankee

The men in the field who are working day by day on the wells that have made Santa Fe Springs the greatest oil field in the world realize three things:

1. *There is mighty little good acreage left in Santa Fe Springs, in which an investment can ever be made.*
2. *That Yankee's five acres are good acres—proven acreage.*
3. *That Santa Fe Springs investments—in good proven Santa Fe Springs acreage—don't last long—that they are bought up at an average rate of something like $30,000 per day.*

That's why the first question out of his mouth was—

**"Am I in time?"**

He was in time. But you may not be if you delay coming for YOUR **Yankee** units after tomorrow.

**What your money can bring you in cash with 2 Yankee wells each making 6000 barrels per day.**

# *Ex-Policeman Being Tried for Slaying of Man*

"I did not hurt him much," two witnesses yesterday quoted W. A. Cornelius, former police officer, as saying after the shooting of Gilbert Greenwell on January 14, last. They were testifying at the trial of Cornelius for Greenwell's asserted murder, which is proceeding before a jury in Judge Shenk's department of Superior Court.

Michael Leahy and Harry L. Jenkins were the witnesses. They said they heard two shots and, running up, saw Cornelius putting his pistol in his pocket and Greenwell staggering away. They declared Cornelius lighted a cigarette and turned his back while the wounded man collapsed and died.

Several other bystanders, two police officers and a detective lieutenant testified also yesterday, establishing the corpus delicti and other preliminaries. The case, which is being prosecuted by Deputy Dist.-Atty. Powell, will continue today.

According to C. R. Morfoot, Cornelius's attorney, the ex-policeman will plead self-defense and will declare that Greenwell threatened to shoot him because he told him to move on. The defense will assert also that Greenwell was a criminal.

## DECREE GRANTED ON PLEA OF JEALOUSY

Elizabeth M. Ruhl, formerly proprietor of the Martinique Apartments, 1355 Wright street, was granted a divorce decree from her husband, Sylvester J. Ruhl, in Judge Hardy's court yesterday.

Sale of the apartment property and division between husband and wife was brought out at the hearing. The couple were married in December, 1911, and separated in March, 1922.

Mrs. Ruhl asserted her husband became insanely jealous and accused her of flirting with other men. Married life became impossible for them, she said. Finally, she said, she told her husband either he or she would have to leave. He left, she told the court.

J. H. Miller was attorney for Mrs. Ruhl.

## DAILY MARKET LETTER OF THE NEW YORK COMMERCIAL

(EXCLUSIVE DISPATCH)

NEW YORK, April 19.—The [illegible] plan for an injunction [illegible] trading in sugar futures brought a general wave of [illegible] in which prices dropped [illegible] 20 to 70 points with a [illegible] rapidity, although a recovery amounting to about 25 to [illegible] points followed. By about 1 [illegible] the market had recovered [illegible] 20 to 27 points, but was fully [illegible] to 30 points below the best [illegible] of the day.

[illegible] the house customers [illegible] until the close, at [illegible] doubt was expressed as to whether they had or [illegible] so and it was generally expected that another wave [illegible] would develop tomorrow. [illegible] sugar futures trade [illegible] to be highly indignant [illegible] injunction proceedings [illegible] expressed in leading [illegible] of the trade were to [illegible] that the suit could be [illegible] fought to the point [illegible] injunction against trading [illegible] thrown out.

[illegible] of actual new sugars [illegible] at 6½ cents cost and [illegible] the big decline in the [illegible] but no one was prepared to enter additional commitments [illegible] on the buying or selling [illegible] of the market.

[illegible] actual raw sugar was [illegible] offers were at 6¾ [illegible] Cuba with holders on [illegible] from 6⅝ to 6⅞ cents. [illegible] of futures sugar footed [illegible] to 90,000 tons. The day's [illegible] was 25 to 33 points. [illegible] switching from September to December at 40 points [illegible] July at 22 points and December to March at 101 to 102.

[illegible] refined sugar market was [illegible]. The largest consumers over the country have not [illegible] their spring and summer [illegible] as yet and with no [illegible] of any recession prices for [illegible] material so far as Cuba is concerned there appears little likelihood of any material recession [illegible] time being at least.

### CANNED FOODS

[illegible] of interest in the canned-food market was the [illegible] advance in refined sugar [illegible] and the probable [illegible] of the sugar boom on the [illegible] 1923 pack on canned [illegible] particularly canned fruits. [illegible] reported both in the sugar [illegible] in the local grocery [illegible] that the canners have not [illegible] in advance, this year as [illegible] they normally do and [illegible] they are faced with [illegible] advance in their packing [illegible] this year, particularly on [illegible] grades. While [illegible] advance has had no noticeable immediate effect, buyers [illegible] more interest in offerings and there is a growing [illegible] that canned fruits at [illegible] prices on many items will [illegible] good investment.

[illegible] prolonged "buyers' strike" [illegible] dried apricots has at [illegible] affected the market and [illegible] are quoted off all along the [illegible] the lower grades, which [illegible] fair supply. Standard [illegible] are held at 16 cents per [illegible] with choice at 19 cents [illegible] extra choice at 22 [illegible] 24 cents. The market [illegible] is strong at 28½@30 [illegible] comparatively little stock of [illegible] being available.

[illegible] of California prunes [illegible] a further recession in [illegible]. Twenty-thirties are [illegible] at 18 cents to 19 cents [illegible] 30-40s at 15 cents, 40-50s [illegible] 50-60s at 9½ [illegible] at 8 3-4@9 cents, [illegible] 80-90s at 8 [illegible] at 7½ cents, [illegible] at 4 3-4 cents and 120s [illegible] 4 cents per pound. [illegible] inquiry for the larger [illegible] of California prunes was [illegible] during the day, but the [illegible] involved in the inquiry [illegible] small.

### CITRUS FRUITS

[illegible] market favored the buyer [illegible] the sale of 9500 boxes [illegible] lemons, ex-SS Hall[illegible]. By comparison with Tuesday's [illegible] fine-choice 300s were [illegible] cents a box lower, but [illegible] prices for 360s was 25 [illegible] higher.

[illegible] of 545 crates of [illegible] pineapples sold at $2.88 [illegible] and eighty-five boxes of [illegible] oranges sold at $3.15.

[illegible] oranges were sharp[illegible] the advance ranging [illegible] to 50 cents per box. [illegible] twenty-nine cars of [illegible] four cars of mixed va[illegible]. Navels were quoted out at [illegible] $2.35@6.50 per box. [illegible] at $4.35@5.15, seed[illegible] $4.05@5 and bloods at [illegible]. Half-boxes St. Mikes [illegible] $2.05 to $2.35, bloods at [illegible] and tangerines at $2.60 to [illegible].

### COFFEE, TEA

[illegible] futures market got [illegible] strong start today with [illegible] of 11 to 17 points on call, [illegible] the early trading [illegible] of a trade commission [illegible] to secure a 1000 lot of [illegible] process prices were [illegible] 8.60 to 8.84. The de[illegible] responded readily [illegible] July showing a net [illegible] points from the initial [illegible] September contracts [illegible] a point only to react.

[illegible] for the weakness in [illegible] rate on London, [illegible] one time 15-64 pence [illegible] to come back to a [illegible] it showed a net de[illegible] of 5-64 pence, the Brazilian [illegible] reported as comparatively [illegible] with Rio unchanged [illegible] higher and Santos 50 [illegible] up.

[illegible] prices for green teas [illegible] a feature of the [illegible] situation as any oth[illegible]. Yesterday gov[illegible] standard Ping Sueys [illegible] a total of 16 cents a [illegible] advance of 1 cent over [illegible] previously prevailing fig[illegible] due to the strength [illegible] market here in face of [illegible] general demand.

### [illegible], BEANS, PEAS

[illegible] outstanding feature of the [illegible] continues to be the [illegible] of all the varieties [illegible] with stocks [illegible] on spot. [illegible] part of holders of [illegible] close buyers to [illegible] quality as low [illegible] this price is not [illegible] many events. There [illegible] for red kidneys, [illegible] neglected. Lima beans are steady, but selling on in a limited way.

### BUTTER, EGGS

The temper of the butter market was much weaker than it was any day this week, and with liberal offerings sellers were quite willing to accept another decline of ½ cent without protest. Call sales were 100 and 100 tubs extras, 44½ cents; three 25-tub lots at 45 cents; 25, 50 and 70 at 44½; 25 tubs at 45c, all for spot delivery.

The egg market shows little if any change in tone or price. Spot sales were three fifty-case lots No. 1 dirties, 26 cents; fifty cases f.g., 30 cents. In futures one car s.p. first seller ten days, 30¼ cents; one car, 30 cents, one car, seller five days, 30¼ cents; one car, seller nine days, 30¼ cents.

Pacific Coast white extras, 37¾ to 38 cents; white extra firsts, 36 to 37 cents; firsts, 32 to 34 cents; medium, 31 to 31½ cents.

### COPPER, ZINC

The copper market is firm at 17 cents for electrolytic delivered over the next few months and there are large consuming interests standing by to take up all the metal that is offered at under this figure.

Fairly large sales were reported to both France and Germany, which, if kept up, will shortly absorb cheap offerings in that quarter for the London cables reported that market firm and unchanged at £73 10s for standard spot, £74 7s 6d for futures, £81 5s for electrolytic spot, and £81, 15s for futures.

The spot market for zinc was a little firmer at 7¼ cents a pound, St. Louis, but futures were weaker at a discount of 5 points for each succeeding month. The decline in London was checked and a partial recovery reported. Spot advanced 7s 6d to £34, 5s and futures 2s, 6d to £34, 12s, 6d.

### BOND MARKET

The bond market proceeded to a steady close despite the increasing volume of profit-taking noted late in the day in line with the movement on the stock market.

The easing in call money to the 4½ per cent level again accounted in part for the optimism displayed at the last.

Sugar bonds turned nervous during the afternoon when sugar futures slumped with the filing of the government suit to stop trading in futures. All of the sugar issues were down substantially from the highs of the session.

Cuban government bonds were sharply higher with the single exception of the 4½s, which were off 2-8.

Copper bonds were steady.

Rubber issues were quiet and little new buying appeared in any of the steel mortgages.

The slight improvement in foreign exchange did not inspire much enthusiasm in the foreign list. Belgian and French issues were generally higher. Czech 8s were up ½ a point, but Dutch East Indies and several of the Scandinavian loans were lower. South Americans were irregular with Mexican bonds off. British 5½s were both up 1-8 in a quiet market.

Liberty 3½s were down 2 points. The remainder of the group were up 1 to 3 points.

## UNCHARTED SEAS TO BE EXPLORED

### Navy Cruiser Will Map Ocean Floor Over Area of 117,000 Square Miles

Unexplored seas with a total area of 117,000 square miles will be thoroughly charted this spring by the cruiser Denver, according to advices received at the local naval base from the Navy Department. Employing the new sonic depth-finder, the Denver's crew will map the floor of the ocean over areas of 57,000 square miles and 45,000 square miles in extent north of Colombia and Venezuela, respectively, and of a third sea area east of Costa Rica, of 15,000 square miles.

The depth of the ocean and contour of its floor in these areas are absolutely unknown, the advices state, and through the Navy Hydrographic Office first records of these seas will be issued to the United States Navy and the merchant marine of the world.

The Denver will also explore a number of dangerous banks and keys in the Caribbean Sea this summer in an effort to ascertain the cause of changing conditions of the ocean's floor which make the area the "graveyard of ships." Among the areas to be explored and charted on this latter survey are the Misteriosa and Serranilla Banks in the Caribbean Sea and the dreaded Sacramento Shoal in the Gulf of Campeche.

## Yale-Harvard Summer Rates Are Announced

Summer fares showing a marked reduction are announced by R. V. Crowder, general passenger agent of the Los Angeles Steamship Company, effective from the 27th inst. to September 30, on the Yale and Harvard.

## News of Ships and Sailings at Pacific Ports

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, April 19.—Advices from the East that the American-Hawaiian Steamship Company had definitely refused to join the intercoastal rate conference were confirmed by local officials of the company here today. The refusal of the American-Hawaiian Line to participate in the conference is said to mean that uniform rates in the intercoastal trade cannot be maintained and the various lines will, in the future, as in the past, continue to make such rates as they may see fit. It was said there that new eastbound tariffs would be issued by certain of the lines within the next few days.

With the sailing from San Francisco next Tuesday of the freighter M. S. Dollar, Sourabaya and Batavia will be added to the ports of call of the Dollar company after the ships have sailed from Manila. Following the departure of the M. S. Dollar, a monthly schedule in this service will be maintained, it was announced.

The Pacific Mail liner President Taft left for Hongkong today with an unusually heavy cargo and large passenger list. The President Cleveland arrived in the afternoon from the Orient with a full passenger list and a heavy silk shipment.

A substantial increase in both inbound and outbound tonnage for the week ending April 17 is shown by figures compiled by the harbor board. The inbound tonnage was 104,290, as compared with 89,784 for the previous week. The outbound tonnage was 62,013, as compared with 42,850 for the week preceding.

VANCOUVER, April 19.—Seven vessels will arrive Friday to load British Columbia cargo. The steamer Canadian Freighter will return from dry dock to commence loading for the Orient; the Moore-McCormick steamer Commercial Traveler will load for New York; the French motorship Nevada is due from Europe; the East Asiatic motorship Siam is due from Europe; the steamer Steel Scientist will arrive from New York; the steamer Pacifico is expected from California, and the Japanese liner Shidzuoka is coming in from the Orient, via the sound.

The liner Empress of Asia sailed at noon today with 400 passengers of all classes for oriental ports. The liner Empress of Canada is inbound from the Orient, due here Monday.

The steamship Makura is due in Vancouver Saturday morning.

The steamer Agnes Dollar is expected to get away tonight for San Francisco with a cargo of 1,200,000 feet of lumber.

ASTORIA, April 19.—The British steamer Heathfield will be due tonight from Vancouver, B. C., and goes to Vancouver, Wash., to take on lumber.

Bringing freight for Astoria and Portland, the steam schooner Annette Rolph arrived today from San Francisco.

The steam schooners Hoquiam and Daisy Freeman finished loading 750,000 feet of lumber each at Warrenton this afternoon, but they will probably not sail for California before morning.

SEATTLE, April 19.—The steamship Achilles sailed from Seattle this morning for the Orient with a capacity cargo of flour, canned salmon, wheat, lumber and other freight.

The S.S. President Madison is scheduled to sail for the Orient tomorrow morning. She will carry seventy first-class passengers, 200 steerage, and a capacity cargo of freight.

The freighter West Katan came from drydock tonight and will commence loading for Australia. She was formerly on the South American run.

The Japanese steamship Kashu Maru arrived in port last night and is berthed at Ames terminal, where she is loading a general cargo for the Orient, via Coos Bay and the Columbia River.

The Canadian steamship City of Vancouver arrived at Port Alberni, B. C., today, to load 1,500,000 feet of lumber, after which she will shift to Everett to finish loading a cargo of 4,000,000 feet of lumber for Australia, it was reported here.

PORTLAND (Or.) April 19.—The Norwegian steamer Unita left today for Yokohama and way ports with 3,000,000 feet of lumber loaded here, and with miscellaneous freight from Gulf ports.

The electroship Cuba arrived today some two hours behind schedule. The delay in the trip from San Francisco was caused by heavy headwinds which she encountered.

After discharging cargo here, which she had brought from Gulf ports, the steamer Point Lobos departed tonight for Puget Sound.

Announcement was made today that bids will be opened the 23d inst. for the sale of about 150,000 feet of Japanese squares salvaged from the wreck of the sunken steamer Welsh Prince at Altoona, Wash. Salvaging of the lumber is progressing rapidly.

Four vessels in the service of the Yamashita Kisen Kaisha are scheduled to load on the Columbia River during May. They will take out about fifteen million feet of lumber for Japanese ports. The Usuri Maru is listed to arrive May 5 to load for Yokohama, Kobe, Osaka and Nagoya; the Yehime Maru May 12 to load for Yokohama, Kobe and Osaka; the Torsium Maru about May 18 to load for Fushiki, Haiketa and Moji; the Tohkoh Maru about May 24 to load for Yokohama, Osaka and Kobe.

TACOMA (Wash.) April 19.—The French Line steamer Nevada is listed to arrive here Tuesday with considerable freight to take, including flour from the Tacoma Grain Company.

The Mukilteo is expected tomorrow from San Francisco, and the Floridian Saturday evening from the Atlantic coast. The Mukilteo has merchandise from San Francisco for local firms.

Besides loading ore here for the Atlantic coast, the Isthmian Line steamer Montgomery City will load around 1,500,000 feet of lumber. The Steel Scientist of this line was due to sail this evening for New York, after loading 2060 tons of copper at the smelter, and doors and other freight at the Terminal dock.

The Meriden arrived at the smelter this morning with ore from California. The vessel may load lumber outward for Los Angeles.

The Charles McCormick sailed for California ports this evening, via Everett, after loading 2,500,000 feet of lumber here.

The Nome City for San Francisco also sailed this evening, after picking up about 800,000 feet of lumber here.

## PORT NOTES

Completing a leisurely trip up the coast from Panama the U.S.S. Beaver, flagship of the Pacific submarine flotilla and the giant submarines S-30, S-31, S-32 and S-33, arrived at Los Angeles Harbor early yesterday. The flotilla is in command of Capt. Amon Bronson, Jr., chief of the Pacific submarine flotillas. The S-type submarines are four of six sister ships which left this base last spring for the east coast, where they had larger crankshafts installed. The Beaver and the S-boats will go to San Diego to station with the transfer of the local submarine base June 1, it was announced yesterday.

On their initial trips to this port the tank steamers Swift Arrow and Agwiworld are due in ballast from the Atlantic Coast today to load fuel oil for the return trip. Also due on her first call here is the British tramp steamer City of Pittsburg, en route from Savannah, Ga., with a full cargo for Kobe and putting in at Los Angeles Harbor for bunkers.

C. J. Lehman, Southern California manager for the joint service of the Royal Mail Steam Packet and Holland-American Lines and the Robert Dollar Company, returned yesterday from a week's business trip to San Francisco. Mr. Lehman announced that the giant Dutch motorship Drechtdijk, on her maiden voyage, is en route to Los Angeles from Rotterdam flying the house flag of the Holland-American Line. She sailed from Rotterdam on the 14th inst.

The former Shipping Board tanker Warwick, recently purchased by the Union Oil Company of California, sailed on the 11th inst. from New Orleans for Los Angeles Harbor. The vessel, together with the Deroche and Hahiro, were purchased from the Shipping Board for service out of this port. The Deroche will leave the Gulf for Los Angeles next week, while the Hahiro is due to sail from Pensacola within ten days.

In tow of the steamer Santa Ines, the five-masted schooner Rose Mahony left for the north yesterday after being in port here exactly a month in the discharge of 1,700,000 feet of lumber. The barge Henry Villard, formerly a famous clipper ship, was towed out by the steamer Griffdu.

## Pony Express Rider Passes at Glenville

[EXCLUSIVE DISPATCH.]

BAKERSFIELD, April 19.—James E. Dunlap, 86 years of age, famed as a pony express rider in the days of the early West, and known throughout Kern county as "Uncle Jimmy," died yesterday at his home near Glenville, a mountain section thirty-five miles northeast of Bakersfield. Dunlap had been ill for several days.

"Uncle Jimmy" more than fifty years ago carried the mail between Bakersfield and Los Angeles when only a trail connected the two cities, and the mail was carried between the points on horseback in saddlebags.

He was a resident of Kern county for almost sixty years. He will be buried at Glenville on Friday morning. He was one of the most noted hunters of Central California, and last year he shot his annual buck in the hills back of Glenville.

## MAD DOGS WORRYING EL CENTRO

### Five Persons Bitten by Rabid Canine to be Given Pasteur Treatment

EL CENTRO, April 19.—Chief of Police H. L. Barker received a telegraphic report from the State chemist at Berkeley stating that an examination of the head of a dog sent there showed unmistakable signs of rabies. The dog was killed by the police after it had bitten five persons, four of them young children.

The information received today caused the police to enforce more rigidly a recent order that all dogs running at large must be muzzled. Chief of Police Barker said that his men have been instructed to kill every dog found on the streets without a muzzle. Two more dogs, believed to have shown symptoms of rabies, were shot yesterday and their heads forwarded to the State laboratory.

Dr. F. A. Burger, City Health Officer, said the five persons bitten by the mad dog here last week will be sent to Los Angeles at once for the Pasteur treatment.

## Cantaloupes in Imperial Valley Show Up Well

EL CENTRO, April 19.—F. W. Waite, County Horticultural Commissioner, announced today that a survey of crops in Imperial Valley shows that 25,690 acres of cantaloupes have been planted in the valley this season. This is nearly 5000 acres less than the total acreage planted last year.

The heaviest acreage is near Brawley, where nearly 7000 acres are growing. El Centro district is second, with 4467 acres, and Heber third, with 4185 acres. The commission said the condition of the crop is good and predicted the shipment of the first melons about May 15.

### PRISONER IS REARRESTED

While George F. Sergeant was serving a term in the City Jail for having narcotics in his possession, he was rearrested for having additional illicit drugs on him while a prisoner, it was shown yesterday in Justice Forbes's court. Then he was accused of a felony because of prior conviction. He was held to answer and on request of Dep. Dist.-Atty. Burton bail was fixed at $5000.

# NEW MOVE IN PHILLIPS CASE MADE

## Motion for Dismissal of Appeal Notice Drawn; Hunt for Carson Fails

Further efforts to identify the mysterious Jesse C. Carson, reported to be the companion of Clara Phillips in her rumored flight to Central America, were made by the Sheriff's forces yesterday.

Friends of the Jesse C. Carson who formerly lived at 6514 Mineral avenue and who left here January 2 for Mexico City, were sought and questioned, but could give no information as to his present whereabouts or the possibility that he might have known the escaped hammer murderess.

While the local phase of the investigation was being conducted, word from San Salvador, where Mrs. Phillips and her companion were rumored to have taken refuge, was anxiously awaited. Late last night, however, no reply to the query sent by Sheriff Traeger several days past had been received.

Carson was accused of arson in a complaint issued yesterday by Dep. Dist.-Atty. McClelland. The complaint asserts he caused the burning of the house of W. K. Taylor, 523 Whittier Boulevard, last Christmas Day.

Stuart J. Flintham, county fire warden, was the complainant against him.

A motion to dismiss the notice of appeal prepared by attorneys for Clara Phillips previously to her escape last December from the County Jail is being drawn up by Dep. Dist.-Attys. Fricke and Stafford, it was announced yesterday. The action was taken because Mrs. Phillips broke jail. It is said, too, that withdrawal of the notice of appeal will facilitate extradition in the event Mrs. Phillips is located.

# CONFESSES TO SLAYING FRITZI MANN

## Former Sailor, Arrested in Texas as Auto Thief, Gives Details Regarding Murder

By a "Times" Staff Correspondent

SAN DIEGO, April 19.—Dist.-Atty. Chester Kempley may go in person to Miami, Tex., to investigate the reported confession of Louis Franky to the murder of Fritzi Mann, butterfly dancer. Sheriff Byers received a wire today from authorities in Roberts county, Texas, in which Miami is located, stating that Franky, who had been taken into custody on suspicion of having stolen an automobile in Bakersfield, had confessed to the murder for which Capt. Louis Jacobs now stands accused, and on whose guilt or innocence one jury has disagreed.

Franky was a former sailor with the battleship fleet, it is reported. His confession was said to be complete in all details. He said he had remained in San Diego for two months after the girl's death, without suspicion being attracted toward him.

San Diego authorities said today they had never heard of the man.

The general opinion is that his story has no basis in fact. Dist.-Atty. Kempley this afternoon conferred with his aides and with Capt. Jacobs's attorneys and decided on an exhaustive investigation to get at the facts in the case.

# INVITATION TO HARDING ANSWERED

## Message to Secretary of Chamber Holds Out Cheer to Angelenos

Frank Wiggins, Secretary of the Los Angeles Chamber of Commerce last night was in receipt of the following communication from President Harding:

"My dear Mr. Wiggins:

"The President has read with much interest your telegram of yesterday and greatly appreciates your writing to him. He will be more than glad to keep your wishes in mind should he find it possible to visit the Pacific Coast.

"Sincerely yours, George B. Christian, Secretary to the President."

The chamber has been advised, however, by the representative of the local organization in Washington that Los Angeles is on the itinerary of President Harding and that he contemplates spending a fair proportion of his time here. It is said that Los Angeles can be assured of a characteristic speech of significant text.

# Wireless Plane Simplification of Old Models

[BY CABLE—EXCLUSIVE DISPATCH.]

PARIS, April 19.—An American aviation expert, who witnessed the so-called wireless-conducted airplane flight at the Villesauvage aerodrome yesterday, says: "The only development is that push buttons were used instead of the levers and joy stick formerly employed. There is the same simplification as between operating an electric automobile with a single controller and a high-powered automobile with gear changes, clutch, gas and spark."

## TEACHERS GET INTO POLITICS

### *Group of Instructors Present School Board Ticket Headed by Radical*

Announcements bearing the name of the High School Teachers' Association were sent out yesterday, declaring that that body had "launched into the campaign for the Board of Education" and present a ticket of seven candidates out of the field of twenty. The action came as a considerable surprise to those citizens interested in the educational system of the city who oppose the active participation in school politics of the teachers as a body. A "teachers' ticket" as such has never before been put forward in a campaign for a Board of Education.

The present School Board for some months has been split in a factional fight that is largely the result of the internal school politics set in motion three years ago by persons outside of the educational system. This situation recently led to the formation of the Citizen's School Committee, composed of 1000 men and women of all walks of life in the community, who are determined to elect members of the board whose sole aim will be a betterment of the educational system without the introduction of radical measures that would upset the already high efficiency obtained here or being pledged to any individuals or groups inside or outside of the school system.

The candidates selected by the High School Teachers' Association are headed by Rev. G. Bromley Oxnam, well known as a radical. With Mr. Oxnam are selected B. L. Clogston, M. C. Bettinger, Miss M. Jessie York, Mrs. Mary C. Millspaugh, John J. Craig and William B. Himrod. Mr. Bettinger, Miss York and Mrs. Millspaugh are members of the present board.

The ticket selected by the Citizen's School Committee is Robert A. Odell, Irwin J. Muma, John B. Beman, Elizabeth Louise (Mrs George H.) Clark, Lucia, (Mrs. Norman) Macbeth, Frederick R. Feitshans and Frank O. Bristol. Messrs. Odell and Muma are now on the board.

## DEPUTIES FACE QUIZ IN COURT

### *Neglect of Duty Charged in Serving Summons*

### *Dabelich Defense Witnesses Fail to Appear*

### *Attorney Scores Laxness of Sheriff's Aides*

Charges that deputy sheriffs had deliberately neglected to bring into court defense witnesses in a murder trial, yesterday led Judge McCormick to order an investigation.

The charge was made by Attorney George Halberson, representing W. R. Krise and Forrest C. Mingle, on trial for the murder of Nicholas Dabelich, well-to-do cafe owner.

Five witnesses had been subpoenaed by the defense for yesterday afternoon. The first two appeared, but when Mr. Halberson read the last three names, the clerk of court reported that summons had not been served.

**ATTORNEY ANGERED**

The defense attorney leaped to his feet, and addressed the court. "Your honor, it is apparent to me that the Sheriff's office is deliberately lax in summoning my witnesses," he shouted. "You will observe that every witness subpoenaed by the prosecution has been brought into court. But many of my witnesses have not been found. I urge that your honor make an investigation."

Judge McCormick asked a few questions, and then directed the Sheriff to have the deputies assigned to this case in court today to explain why the witnesses had not been summoned.

Unofficially, the deputies asserted that the witnesses could not be found at the addresses given.

**CONFESSION DENIED**

The defendants are charged with murdering Dabelich to get some valuable yellow diamonds worn by him. Previously during the trial, police officers had testified that the two men on trial had confessed the killing.

But Krise took the stand yesterday afternoon to deny this statement. He said he had never made any such confession, although he said police officers had threatened him unless he did. He declared they had told him Mingle had confessed everything, and that he had better do the same.

Krise insisted that he had not left his hotel the night of the murder, contradicting the testimony of previous witnesses.

**Y.W.C.A. DIRECTORS MEET**

The board of directors of the Y.W.C.A. will hold its next regular meeting at the new association residence, 1138 West Twenty-ninth street, Thursday, the 26th inst., at 10 a.m. At the close of the session luncheon will be served. Hostesses for the luncheon are members of the residence committee, Mrs. Charles Nourse, chairman; Mrs. George Shugars, Mrs. Frank Shine and Mrs. Arthur Parks.

### *Club Gives Congress Candidate Great Ovation as Man Who Can Get Things Done*

The Los Angeles Optimists Club gave Capt. John D. Fredericks, Congressional candidate in the May election, its unqualified indorsement and a tremendous ovation as well yesterday when he spoke at a noonday luncheon.

The guest of honor dwelt on the harbor enlargement program and the urgent necessity for building the Boulder Canyon Dam to protect Imperial Valley from the waters of the Colorado River.

In his talk he announced that a report growing out of a conference between Los Angeles, San Francisco and San Diego relative to a policy to be pursued in finding harbor facilities for the Pacific Fleet had been filed with the Chamber of Commerce.

"I headed the committee selected by the Los Angeles chamber to meet the committees sent here

## *Director Not to Contest Wife's Suit for Decree*

George R. Clark, film actor and director, whose asserted amour with Celeste Zimlich first caused his arrest on a Mann Act violation charge and later caused Mrs. Mabel A. Clark to sue for divorce, will not contest his wife's action.

Yesterday his time for filing a cross-complaint or answer expired, but the director gave no indication of any intention to oppose his wife's suit. The case will be set for trial immediately.

Miss Zimlich is also a motion-picture actress. She met the director at New Orleans, where he was arrested by Federal agents.

## FAMILIES WAGE COURT FIGHT FOR COLLIE

### *Scarred Pet Remains Neutral While Judge Hears Claims*

**Principals in Complicated Case**

Left to right, Bob Neville (in chair,) Frances Brozmer, court reporter; Lillian Neville, Judge Hugh J. Crawford, Laddie and Mrs. Lillian Vaughn.

LADDIE, a Scotch collie of super-intelligence, was the center of attention in Judge Crawford's court yesterday, when two families waged a bitter controversy over the question of his ownership. The testimony was so complicated that the court continued the case until today to consider the evidence at leisure.

On the one side were two children, Bob and Lillian Neville, in court with their mother, Mrs. Lillian Neville, of Universal City, to present their claim to the dog. On the other was Edward Jackson, of 3875 Lankershim Boulevard, who insisted the dog was his.

While the argument proceeded, Laddie was unconcerned. He showed a strong affection for both plaintiffs and defendant, and occasionally toured the courtroom making friends with other children who were among the spectators.

Bob Neville testified that he had bought a Scotch collie pup in August, 1920, for $9, and had raised the puppy. In May, 1922, he said, the dog disappeared, and although he hunted for months, he could not find it. But on March 24, last, he said Laddie showed up again at the Neville home, almost a year after he had disappeared.

Three weeks later, he said the dog vanished again. But this time, he said, he traced it to Mr. Jackson's home.

Mrs. Neville said she obtained a search warrant, and with Detective Lieutenants Hack and McMahan searched the Jackson premises, finding the dog which the Nevilles assert is their Laddie.

They identified the dog as theirs by a scar on his lip which they said an infuriated tom-cat had inflicted while Laddie was a puppy.

Mr. Jackson, however, testified that the scar must be a coincidence, as he bought the dog and has had it for a long time.

Deputy Prosecutor C. L. Thomas conducted the case. That the participants are determined to carry the case to a higher court was indicated by the presence of a court reporter, Miss Frances Brozmer, who took the evidence in full.

## DOCTOR ACCUSED OF FRAUD

### *Widow of Bunko Victim Charges Physician Took $1000 for Liquor Never Delivered*

Charging that she had been defrauded of $1000 in what is purported to have been a bootlegging transaction, Mrs. Sophia F. Norris, widow of the late J. B. Norris, who died a few months ago after he had been victimized to the extent of $51,000 by Everett A. (Big Hutch) Hutchins, brought suit yesterday in the Superior Court against Dr. Rober B. Griffith, house physician at the Ambassador.

In her complaint the widow of the man who proved to be "Big Hutch's" undoing, assert that she bargained with Dr. Griffith in the month of April, 1920, for a barrel of liquor.

**CHARGES NONDELIVERY**

She paid the physician $1000 for the liquor, she declares, but the barrel was never delivered. From time to time, however, the widow declares, her husband was given small quantities of liquor, but that the quantity received did not amount to more than five gallons.

Norris, a wealthy farmer from Decatur, Ill., was suffering from a complicated disease in April, 1920, according to his widow's petition, and was being treated regularly by Dr. Griffith. Finally, she recites, the physician told her that it would be necessary for Norris to have whisky administered at regular intervals if his recovery was to be effected.

For $1000 Mrs. Norris asserts the physician told her, he could procure a barrel of liquor from which her husband's prescriptions might be filled.

**HUSBAND DIED**

For more than two years Norris lingered, during which time "Big Hutch" Hutchins, so-called "King of the Bunks," was arrested in New York and brought back to Los Angeles and sentenced to serve a term of from one to ten years in the State penitentiary for cheating Norris out of $51,000. Of that amount $30,000 was returned to Norris before he died, November 28, 1922.

During that time, however, the widow asserts, Dr. Griffith delivered but five gallons of the barrel of whisky she says he was to have bought with the $1000 she had given him.

All efforts to effect a settlement with the Ambassador physician, the widow says, have been fruitless.

She asks that judgment be awarded her for the original $1000 with interest and costs.

All of the representations made to her by Dr. Griffith, she charges, were untrue and she further insists that they were known by the physician to be untrue and that they were made with the sole "purpose of defrauding and misleading" her and "causing her to part with money without any consideration" and "without any intention on the part of said defendant of fulfilling any of said promises."

At the Ambassador yesterday Dr.

## BALLOON FIELD NOT TO CLOSE

### *Capt. Fredericks Pleads for Arcadia School*

### *Gen. Patrick Says More Funds to be Sought*

### *Reserve Officer Institution Planned by Army*

There is at present no intention on the part of the United States Army to abandon Ross Field, the balloon school near Arcadia, Maj.-Gen. Mason M. Patrick, chief of the United States Air Service, assured Capt. John D. Fredericks, representing the Chamber of Commerce, yesterday.

From a staff of almost 500 officers and men the balloon school forces have been cut down to a skeleton during the past year, and it had been feared that the government, as a part of its scheme of retrenchment, meant to retire from the operation of the field and to dispose of the land.

"We shall ask Congress for increased funds whereby we can reopen the field," said Gen. Patrick to Capt. Fredericks, now candidate for Congress in the Tenth District.

Capt. Fredericks, as president of the Los Angeles Chamber of Commerce, was instrumental in inducing the government to locate the field near Arcadia, leading the fight to grant the land and buildings to the Air Service and in retaining it as an active field.

**BACKS AIR SERVICE**

Yesterday he gave the general assurance that in the event of his election he would back the Air Service in its drive for a greater Ross Field.

"The government will not give up the land," said the general, "and though Ross Field is no longer retained as an active training center, it is to be used for the instruction of reserve officers. Later we hope to have thousands of men established here, with the field the greatest in the West.

"The chances for victory in that respect are greater than they have been," the general told the interested group about him. "In a year we hope that there will be a greatly increased activity about the field.

"An extensive plan for the fostering of a reserve corps for the Army is now on foot, and Ross Field fits in perfectly with that scheme. This field is peculiarly adapted to the use of the Air Service as a port, and the War Department will let nothing stand in the way of making use of it.

"A city with a great airport in its suburbs has an unusual advantage. The retention of Ross Field is of vital importance to Los Angeles as the western terminal of transcontinental air lines."

Ross Field was established on 185 acres of land in the heart of the famous "Lucky" Baldwin estate near Arcadia, sixteen miles east of Los Angeles, during the war. For some years it was used as a balloon training school, but later adapted to the use of dirigibles and airplanes.

Scores of barracks, executive buildings and warehouses were constructed, as well as two immense hangars. The field is level and extensive, and adequate as the landing place for hundreds of airplanes and other aircraft. The buildings have been kept up for the past few months by the small force of enlisted men still detailed to the field, but the long rows of empty barracks present a forlorn picture in the light of their former busy appearance.

In February, 1921, the Chamber of Commerce, led by Capt. Fredericks, exercised an option on the land, with the intention of turn-

## COAST DEFENSE PLANS REVISED

### *Southland Harbors Will be Heavily Guarded*

### *System Will Center About Los Angeles Port*

### *Importance of Strong Barrier Stressed by Official*

A complete revision of the Coast defense plans of the Pacific Coast is being effected by the War Department, it was learned at Fort MacArthur yesterday. Under them Los Angeles and San Diego will be the strong points in a line of defense extending the length of the entire Coast.

Maj. George Ruhlen, Jr., commandant at Fort MacArthur, who with Maj.-Gen. Ira A. Haynes, commanding the Coast artillery of the Ninth Corps Area, is formulating the new plan of defense, declared yesterday that Southern California should be adequately defended.

**FINEST HARBOR**

"Los Angeles lies in the richest agricultural and industrial district in the United States. More than 2,000,000 inhabitants occupy these two fertile valleys, cut off from the north and east by mountains and desert from land attack, but absolutely open to attack by sea," declared Maj. Ruhlen. "This is the finest harbor on the Coast from an enemy's standpoint. It has deep water and good facilities for landing troops and yet is open for a quick exit to sea in emergency."

The greatest system of defenses, communication and supply on either coast will be centered on Los Angeles Harbor by the new plan, which includes use of both the National Guard and Organized Reserves, it was indicated yesterday.

"Here in Southern California there are better railroad and highway facilities than in any other section of the country," Maj. Ruhlen pointed out. "The district's fertile agricultural sections will furnish subsistence for hundreds of thousands of troops while transportation facilities permit the quick dispatch of men and supplies, both by land and water, at a moment's notice.

**DEFENSE IS VITAL**

"These things are just as valuable to us as they would be to an enemy," he continued, "and it is therefore of paramount importance that here we center our strongest points of defense."

Maj. Ruhlen said that there are but three deep-water harbors north of San Francisco and that none of these would permit the landing of a large enemy force. They are also cut off from the hinterland by mountain ranges, the greatest natural barriers, he continued.

In formulating the new defense plan staff officers are being guided in the work by mosaic maps of the harbors and important military areas along the Coast made by airmen of the air service operating from March and Crissy Fields.

An important feature of the scheme is that it involves a co-ordination of land troops, both mobile and fixed; air forces of both the Army and Navy, and the vessels of the entire United States Battle Fleet. The work of the Army and Navy is now being coordinated by a selected board of naval and Army officers under confidential orders of the War Department at Washington.

With the completion of the new plan of defense, according to both Army and Navy officers, Los Angeles Harbor will become the greatest military operating base on the Pacific Coast.

## CRISIS IN SCHOOLS MAY 1

### *Battle Lines Drawn for Primaries; Citizens Indorse Anti-Radical Ticket*

*[This is the fifth of a series of articles disclosing the effort that is being made by a group of radicals to get control of the public school system of Los Angeles, an issue little known outside of a small group of persons, but which will be one of the principal ones for decision at the forthcoming municipal elections when a new school board must be chosen by the voters.]*

For many years our local school regulations have provided for an advisory committee of teachers, kindergarten, elementary and high school, to meet each month with Mrs. Susan M. Dorsey, Superintendent of Schools, and to discuss with her matters of common concern. And aside from their formal meetings, teachers at any time might complain or suggest to the superintendent or her assistants, just as wise employers in any business encourage their employees to do. Why, then, the "reformers'" agitation for "teachers' councils"?

One communication from Dr. Haynes's committee advocated "that it (a teachers' council) function through a system of teacher councils represented at the conference of the superintendents' staff and that it be given powers of initiative, counsel and review." In other words the committee desired the teachers to be given the right to initiate new methods of school administration, to advise the school board and to review, for approval or otherwise, its official acts. This is the kernel of the whole sovietizing scheme. Under it, in effect, the teachers, and not the school board, will run the schools.

When the matter of teacher control was first broached, Mrs. Charles F. Gray as first vice-president of the California Congress of Mothers and Parent Teacher Associations addressed a letter to the board saying that since "a formal request for the formation of

# TROLLEY LINES PUSH BUS PLAN

### File Their Applications for Extension Permits

### Comprehensive Program to Call for Large Outlay

### Utilities Board Will Take Up Question Today

Carrying out their pledge to spend $6,000,000 immediately to improve transportation conditions in Los Angeles, the Los Angeles Railway and the Pacific Electric Railway companies yesterday afternoon filed with the Board of Public Utilities at the City Hall applications for permits to establish and jointly operate motor-bus lines on Western avenue, on Vermont avenue and on Larchmont Boulevard and Vine street in the Hollywood district. Transfers between the busses and the red and yellow car lines will be given.

BY TWO COMPANIES

Applications for permits were also filed separately by the two companies for additional motor-bus lines to act as "feeders" and extensions to existing rail lines. Applications for rail extension franchises are expected to be filed with the City Council within a few days by the Los Angeles Railway, and if transportation conditions are to be improved, it will then be up to the Board of Public Utilities and to the City Council to grant the permits and the franchises so that the company can start work at once.

The applications for three bus lines to be jointly operated by the Pacific Electric and Los Angeles Railway companies were as follows:

ROUTES PROPOSED

Western avenue—Beginning at the intersection of Western avenue and Hollywood Boulevard, thence south on Western avenue to Slauson avenue.

Vermont avenue—Beginning at the intersection of Third street and Vermont avenue, thence north on Vermont avenue to Los Feliz Boulevard.

Larchmont Boulevard - Vine street—Beginning at the intersection of Yucca street and Vine street, thence south on Vine street to Melrose avenue, thence east on Melrose avenue to Larchmont Boulevard.

D. W. Pontius, general manager of the Pacific Electric, filed, at the same time the joint applications were laid before the board, the following applications for motor-bus permits which will be "feeder" extensions for the Pacific Electric system:

OTHER PROPOSALS

Sunset Boulevard—Beginning at the intersection of Sunset Boulevard and Hillhurst avenue thence west along Sunset Boulevard to Laurel avenue. From this point service to be divided, one-half operating via loop south along Laurel avenue to Fountain avenue, east along Fountain avenue to Fairfax avenue, north along Fairfax avenue to Sunset Boulevard, thence east along Sunset Boulevard to point of beginning. The other half of service is to operate around loop from Laurel avenue and Sunset Boulevard, north along Laurel avenue to Hollywood Boulevard, east along Hollywood Boulevard to La Brea, south along La Brea avenue to Sunset Boulevard, thence east along Sunset Boulevard to point of beginning.

Los Feliz Boulevard—Beginning at the intersection of Hollywood Boulevard and Western avenue, thence north on Western avenue to Franklin avenue, thence east on Franklin avenue to Oxford avenue, thence north on Oxford avenue to Los Feliz Boulevard, thence east on Los Feliz Boulevard to Commonwealth avenue.

The Board of Public Utilities will this afternoon hold a special meeting to consider the applications of the companies filed yesterday and other pending applications filed by the McAdoo-Hellman group and other independents.

YELLOW CAR PLANS

The yellow-car system asks to run a bus line on Beverly Boulevard with 5-cent fare and transfers to and from Los Angeles Railway lines. The route is from Beverly Boulevard and Heliotrope Drive along Beverly to Larchmont Boulevard. The company proposes a ten-minute headway from 6 a.m. to midnight with more frequent service as warranted by traffic. The application proposes that Beverly and Wilton be a temporary terminal until Beverly is paved between Wilson and Larchmont.

A line on Wilshire Boulevard from Wilshire and La Brea to Westlake Park is proposed. The route is from Wilshire and La Brea along Wilshire to Park View, to Sixth, to Alvarado, to Seventh and returning to Wilshire via Park View. Ten-minute headway from 6 a.m. to midnight is proposed with more frequent service if needed. Ten-cent fare with transfers to yellow cars is proposed.

A third line is proposed on Thirty-seventh Place between Vermont and Western avenue with the understanding that operation is not to commence until Thirty-seventh Place is paved. Fifteen-minute headway from 6 a.m. to midnight is proposed with 5-cent fare and transfers to and from Los Angeles Railway cars.

Application is made for a bus line on Melrose avenue between Western avenue and Seward street. Twelve-minute headway is proposed at 5-cent fare with the understanding that additional service will be give if warranted by traffic.

## PICKPOCKET IS CONVICTED

Herman De Vaughan, colored fashion plate of Central avenue, was convicted by a jury in Judge Monroe's court yesterday of pocket picking. He will be sentenced Monday. De Vaughan wore the largest checks, the fanciest waistcoat and the most expansive pair of spats ever seen in the Hall of Records. Police said his car looked like a bootlegger's dream and that all this magnificence was maintained from the proceeds of his chosen vocation.

# SCHOOL CRISIS FIRST OF MAY

(Continued from First Page)

teachers' council" had been made to the board, it was suggested that " a parents' council, committee or something of that nature be formed and accorded equal privilege in conferring and advising, also that such a committee have equal weight and consideration as a teachers' council."

LINES ARE DRAWN

Mr. Craig resigned to take a place on the Superior Court bench. This left a vacancy on the school board that has not been filled, and is not likely to be until the election, because of the split among the six remaining members of the board that the introduction of "progressivism" into school matters had caused.

In years past there often was difference of opinion among the board members, but no issue ever had caused long deadlocks or the introduction of heated faction. The "progressives" were out to capture the whole board, and are determined to nominate a ticket at the primaries May 1 and elect them June 5.

And now enter Rev. G. Bromley Oxnam.

Mr. Oxnam, like Dr. John R. Haynes, father of the teacher control movement, is looked upon by local radicals as a spokesman, if not a leader. Mr. Oxnam is pastor of the Church of All Nations, which holds services in the Union Labor Temple. He is a skilled orator and has made many addresses before large civic and social organizations. He does not always discuss the errors of the social order, and will speak on any subject with eloquence and ardor.

The "progressives" in school matters of a sudden put forward Mr. Oxnam to fill the vacancy on the board. The opposing elements favored Percy H. Booth, a prominent business man. But nothing could be done because the board was evenly divided in the matter. Finally a petition arrived from the executive committee of the teachers' association, favoring Mr. Oxnam's appointment for the remainder of the term. The petition said that 700 teachers had signed it, but the names were not divulged. There are more than twice that many high-school teachers.

Mr. Oxnam has filed a petition for nomination to the school board. He has become the leader of the "liberal" group. It is reported that the teachers have been asked to give one-half of 1 per cent of their salaries as a campaign fund for the "teachers' ticket."

It is understood, almost a foregone conclusion, that the candidates who are usurping the name of the teachers, for still only a small minority of teachers support the radical wing, will be pledged to enact the "teacher control" measures as first presented by Dr. Haynes, and the "super-superintendent" idea.

CITICENS' TICKET

The gravity of the situation has led to the formation of the Citizens' School Committee. It has been formed to meet the radical movement and to try and elect a board whose members will be sufficiently harmonious to insure orderly conduct of the schools and above all who will not countenance any plans that would be subvertive of American citizenship.

This committee is composed of some 1000 members, with an executive committee of 100, representing every walk of life, men and women whose chief aim is to work for a betterment of the educational system or at least to prevent any step backward which they feel the introduction of radical measures would bring.

Of the field of twenty candidates, the Citizens' Committee has chosen seven men and women who, it is felt, could bring about order and efficiency in the school system. Two members of this Citizens' School ticket, Messrs. Odell and Muma, are members of the present board. The others on the ticket are John B. Beman, Elizabeth Louise (Mrs. George H.) Clark, Lucia (Mrs. Norman) Macbeth, Frederick R. Feitshans and Frank O. Bristol.

Mrs. Yeoman, "and they also sell near-beer which does not contain an illegal amount of alcohol so long as it is kept on ice. However, I understand that this beverage soon develops a 'kick' when taken off the ice."

TALK IS ILLUSTRATED

Mrs. Runnels, who for fourteen years has been superintendent of the antinarcotic department, gave an illustrated address on the evils of liquor and tobacco, in which she said that the people of America spend annually three times as much money for tobacco or for educational purposes. The annual "smoke bill" alone, she said, amounts to more than the worth of the Kansas wheat fields.

Among other pictures shown was that of an old-fashioned saloonkeeper, smoking a cigar that costs as much as a good loaf of bread.

"And tons of bread are thus going up into the air in poisonous smoke, while children of our country are starving," said Mrs. Runnels. She also showed a picture of a young man accepting a cigarette from a "flapper" and declared that such "yellow-fingered young men are not the type which the nation depends upon for defense in time of war, nor are they the ones being sought for responsible positions in time of peace."

WARNED OF DOPE

Mrs. Runnels sounded a warning to society against the growth of the dope evil and said that the W.C.T.U. should use every effort to combat it. Many drug addicts, she said, are not to blame for their condition because of the fact that they were started on their downward career by physicians who had prescribed morphine and other opiates for those ignorant of the effects of such drugs.

Among other speakers yesterday were Mrs. Frances P. Parks, national corresponding secretary; Mrs. Eva C. Wheeler, State president of Southern California; Rev. Frank Miller, children's evangelist; Mrs. Ellen D. Blair, State superintendent of the Loyal Temperance Legion; Mrs. Roana Radford, superintendent of Christian citizenship, and Dr. Flora Phelps, superintendent of the department of health. A banquet at the church closed the day's sessions.

The chief business of this morning's session will be the election of officer, to be conducted under the direction of Mrs. E. E. Nicklin, county parliamentarian. Among the speakers of this afternoon's session will be Mrs. John C. Urquhart, district president of Women's Clubs; Mrs. Charles F. Gray, first vice-president of the P.-T.A., and Mrs. Margaret L. Coates, president of the Southern California Conference of Home Missionary Societies.

# McARTHUR GARRISON ARRANGES FIELD DAY

A military field day filled with spectacular races and stunts, will be conducted at Fort MacArthur on the 25th inst., it was announced yesterday by Maj. George Ruhlen, Jr., commandant of the port post.

Among the events to be run off by the artillerymen are races with the soldiers, in full field equipment, tent pitching and striking contests and a shoe race. The shoes of an entire company will be mixed together in one pile, the man winning who first finds his own footwear and puts it on.

Fort MacArthur has a new adjutant, Capt. Joseph C. Stephens, recently assigned to this post from Fort Mills, P. I. He relieves Lieut. Benjamin F. Manning, who assumes command of the One Hundred and Fifty-eighth Company, Coast Artillery, stationed at Fort MacArthur.

# CHAMBER BUILDING BEGUN

### Band Music and Plaudits of Crowd Mark Turning of First Dirt; History and Growth Recounted

To the accompaniment of music and of plaudits from the crowd, the first shovelful of earth was thrown yesterday at 2:30 p.m. upon the site of the new Los Angeles Chamber of Commerce Building, at the intersection of Twelfth street and Broadway.

Three presidents of the chamber, whose administrations have been occupied with the completion of the plans for the new building, and its present secretary, who has thirty-four years of service to the chamber behind him, helped to break the earth for the first time.

Past-President Sylvester L. Weaver started the spade in the ground and Capt. John D. Fredericks, president of the chamber in 1922, and President William T. Bishop gave it an extra thrust. Frank Wiggins, secretary of the chamber, was chosen to throw the first shovelful of earth.

TELLS OF STRUGGLES

In a resume of the history of the chamber, founded in 1888, and of its steady journey uptown from its original cramped quarters in the old Board of Trade Building rooms at the intersection of First street and Broadway to its modernized home, which will be built at a cost of $2,500,000 upon the Twelfth and Broadway site, President William T. Bishop told of the struggles of the past presidents and directors and of the work of financing the new building.

In 1890 the chamber moved to the second floor of the Mott Building on Main street near Second. In 1894 it moved to the Mason Building at the intersection of Fourth street and Broadway. The present building was constructed in 1903.

FINANCES PLANNED

The campaign for the new building, which began during the presidency of Sylvester L. Weaver, and continued through the administrations of Capt. Fredericks and Mr. Bishop, necessitated the raising of $554.000 in 5 per cent gold notes for the purchase of the property, and of an additional $500,000 in 7 per cent second mortgage bonds. There is still $2,000,000 to be raised by 6 per cent first mortgage bonds, according to President Bishop, who added that applications for this amount already have been received.

Cups were awarded by the board of directors yesterday afternoon to the heads of three financing committees, Paul G. Hoffman, John W. Kemp and W. H. Coune. These trophies are to be kept under glass in the new Chamber of Commerce Building.

Miss Anita Stewart, film star, represented Miss Los Angeles at the ceremony of ground-breaking. Music was provided by the firemen's and policemen's bands. John P. Burke, vice-president of the First National Bank, chairman of the building committee, was out of the city and could not assist in the ceremonies.

# DOCTOR IS SUED IN BOOZE DEAL

(Continued from First Page)

Griffith refused to comment on the case other than to admit that he had received money from Mrs. Norris for what he characterized as "medical services."

"Her check to me was for medical services," he said, "and clearly states as much. That is all she has upon which to base her charges."

WHISKY SEIZED

Dr. Griffith would not admit that there was any connection between the widow's charges and the fact that Federal prohibition agents seized four barrels of liquor from him several months ago.

"Under a misapprehension," he explained, "I withdrew five barrels of whisky from a bonded warehouse. Subsequently, however, prohibition agents seized four of the barrels. The other had been emptied. Although it was established that the interpretation of the law which allowed physicians to withdraw liquor from warehouses was afterwards found to be erroneous, I was never able to recover the amount of money I had paid for the four barrels which the prohibition agents seized."

George M. Pierson, the attorney who filed Mrs. Norris's petition for her, declares, however, that Dr. Griffith represented to the widow that the whisky he had purchased for his patient had been seized by Federal officers.

ing over the property to the government. The field was purchased from Mrs. Anita M. Baldwin and the Los Angeles Racing Association for $148,409.60. Public-spirited citizens contributed heavily to the fund in order that the field be not abandoned by the government.

The Board of Supervisors of Los Angeles county also set aside $93,000 for the purchase of the land, which was accepted by the government in August, 1921, the War Department paying $55,000 for the buildings and $1 for the land.

About one year ago the force of Air Service officers and men stationed at the field began to disintegrate, on orders of the War Department, moving to other fields.

Gen. Patrick, who is now touring the country on an inspection of Air Service fields and equipment, motored to San Francisco immediately following the conference with Capt. Fredericks.

by San Francisco and San Diego, and for the first time in the history of California we reached an agreement on this subject," he declared.

"We agreed to cease our sectional bickering and to get back of the Navy experts in any recommendations they may return and to support their indorsements in Congress, to the glory and good sense of the Pacific Coast!"

URGES STRATEGY

He urged that the quarrel over power to be developed by the proposed Boulder Canyon Dam be forgotten in the interest of flood control on the Colorado and the irrigation of arid lands.

"Congress viewed us with suspicion when we attempted to write a power contract into the Johnson-Swing bill a year ago and we failed to make progress. The East thought Los Angeles was attempting to get money from the government with which to develop a power project and we failed to get our appropriation. It lost sight of the danger which threatens the Imperial Valley and the need for reclaiming 2,000,000 acres of land susceptible of irrigation in Southern California and Arizona, but the party of thirty Congressmen who came out here a month ago to look over the project went away satisfied that we are entitled to help and none of them will vote against our appropriation when it comes up again if we will put the power feature out of our minds.

"So let's forget about the power. That's business; that's strategy; that's putting it over, and that's what we want to do. When we put the project across we'll get the power.

"A man must be sent to Congress whose hide is saturated with knowledge of Southern California, and who knows our needs. Los Angeles needs a man down in Washington, who can get us what we want and who doesn't have to read the newspapers and almanacs to learn our requirements."

The optimists noisily agreed with Capt. Fredericks that Los Angeles wants a man in Congress who can do things.

"We'll send Capt. Fredericks," William O. Anderson, chairman of the day, called out. Shouts and applause echoed through the dining-room.

Attorney Frank G. Tyrrell spoke on the traffic problems.

"We are a bit perturbed by not knowing what to do, but please excuse us, we are not going to McAdoo," he said.

He counseled against permitting motor busses to operate on the streets, declaring that the entrance of the busses would bring about further congestion on the downtown business streets and lead to increased street-car fares.

Helen Jerome Eddy, screen actress, now starring in "The Flirt," was a special guest of honor. She asked the Optimists to be optimistic over the future of the picture industry and to have faith in the men and women who earn their livelihood before the camera.

The LIFE of a Country Gentleman

IN olden days the Spanish don enjoyed the wonderful California climate on his wide-stretching rancho, with its groves and grazing herds. In his place today, hundreds of El Monte people enjoy the same balmy climate amidst their groves of English walnut trees.

The pleasures of life in a small community, with city advantages, low living costs and real neighbors are theirs. With fascinating beaches, lonely mountain canyons or the delights of Los Angeles only a few minutes away, the growers of the thin-shelled nuts really live at their best here.

Walnut production averages one hundred pounds per tree. El Monte's two packing houses shipped 1700 tons of nuts in 1922. Rarely touched by frost, unfailing in profits and easiest of crops to produce, a walnut grove is a possession to be prized.

El Monte walnut growers are members of our clubs, churches, Chamber of Commerce. Excellent schools are provided for their children. From their bungalows, ever-changing vistas of snow-capped mountain peaks serve as a fitting background for their groves and gardens.

# NG BEACH IS HOST FOR KHJ

### Woman Piano Soloist and Accompanist

### Opera Singers Also Charm Listeners

### 's Hour Is Featured by Harpist

BY [illegible] A. MARKSON

Long Beach came to KHJ last night and made itself at home. [illegible] at home, it was in a position to entertain guests. Being in [illegible] to entertain guests, the Long Beach residents felt called [illegible] to sing and play. The singing and playing found warm approval. Now for details.

The program was arranged by [illegible] Banbury of the Fitzgerald [illegible] Company and included piano [illegible] by Mrs. John G. Young, well [illegible] in club and musical circles [illegible] Long Beach. A member of [illegible] Club and Woman's Music [illegible] Club, she was accompanist [illegible] Ghrey, internationally [illegible] singer, who appeared on [illegible] Times' Italian program Monday.

[illegible] numbers were "Indian Love [illegible]" by Homer Grunn; "Sweet [illegible] Thee," by Schubert-Liszt; "[illegible] Du Ruh" and "Flor- [illegible] grand waltz de concert, by [illegible]. It is interesting to [illegible] "Indian Love Song" was [illegible] by the composer to Mrs. [illegible]

ACCOMPANIES BARITONE

[illegible] Young accompanied James [illegible], baritone, in his numbers. The singer is a pianist as [illegible]. He has studied under famous masters in this country and [illegible], and has toured extensively.

[illegible] sang "Ave Maria," by Kahn; "[illegible] Alone," by Henry E. [illegible]; "My Desire," by Nevin, and "[illegible] Flower," by Campbell-[illegible]

[illegible] P. Gilmore, saxophonist, put pep into the program with [illegible] selections. With [illegible] Klein and Henry Rose, [illegible] and Marie Lyman, accompanist, he played duets and [illegible] ranging from popular [illegible] to semiclassical numbers. [illegible] has one of the largest [illegible] classes in America—a [illegible] band of more than fifty [illegible]

[illegible] Martin, the "Ole Olson [illegible]," which was the title [illegible] monologue, is a funny fellow whose dialect has spread grins [illegible] vaudeville circuits the country [illegible]. He twists language into ludicrous [illegible], with a laugh for every [illegible]

FOUND BY LETTER

[illegible] Martin came to the notice [illegible] John through a letter so [illegible] that KHJ immediately asked him to come to the [illegible] and manufacture radio [illegible]

"[illegible] Sailor Aboard and Ashore" [illegible] subject chosen by Capt. [illegible], chaplain of the [illegible] fleet, an inspiring speaker. [illegible] the life and character [illegible] and the attitude [illegible] ashore should adopt [illegible]. His talk was a plea [illegible] entertainment for sailors [illegible] come ashore.

[illegible] program brought KHJ [illegible] from the De Lara [illegible] Company.

[illegible] Grosse, dramatic soprano, [illegible] has been studying opera [illegible] Maestro Manuel Sanchez [illegible] for the past three years. [illegible] Pasadena girl with a [illegible] beauty. She was [illegible] for more than a year at St. [illegible] Church of Los Angeles. [illegible] sing the role of Leonora [illegible] Trovatore," to be presented [illegible] Lara Grand Opera Company [illegible] the Gamut Theater on [illegible], and at the Pasadena [illegible] Auditorium on Thursday [illegible]

[illegible] noon she sang "Hom-[illegible] Del Riego; "I'll Forget [illegible]" by Ball, and "Daddy's Sweet-[illegible]" by Lehmann.

DE LARA SINGER

[illegible] Ershoff, Russian baritone, was formerly a member of the Russian Grand Opera Company. His success in "Pagliacci" with the De Lara Grand Opera Company recently is expected to be duplicated when he sings the role of Count 'di Luna in "Il Trovatore" next week.

A flexible, melodious voice, rich in volume, made his numbers yesterday noon of enjoyable worth. He sang "Pietra Signore," by Stradella; "Mother of My Heart," by Frank Grey, and "Nicht Worte Geliebte," by Tschaikowsky.

R. M. Boulden, pianist, was the accompanist for Mr. Ershoff and Miss Grosse.

George Lewis of Manual Arts High School, speaking in the school oratorical contest, talked on "The Constitution, Our Citadel of Freedom."

An excerpt from the eloquent oration of Edward O'Flaherty of Loyola College, speaking on "The Constitution, Our Charter of Liberty," is as follows:

"Let us turn our eyes to the glorious American flag, which stands as a beautiful emblem of the unselfish lives of our patriots; as a lasting monument they bequeathed to us; whose red ran out of a soldier's heart, whose white was bleached by a nation's tears, whose blue has been fixed and constant as the firmament and whose stars were there to sing together until the eternal morning when all the world shall be free."

Grace Currey, harpist, was the melody weaver for the children's program, playing solos of exquisite beauty. She provided harp accompaniment for the singing of Edna Roberta Stewart, 9 years of age, whose pleasing numbers were "Gypsy Love Song" and "I Love You Truly."

The harpist has a touch of silk, drawing a soft rustle from the strings akin to the crooning of a low wind in the reeds.

Mildred Richard, pianist, 14 years of age, played for the lads and lassies with a skill that deserves compliment. Her selections included "Butterflies," by Merkel, and "Waltz," by Brahms.

### HIGHER SALARY ASKED

Chief Engineer Mulholland of the Bureau of Waterworks and Supply yesterday made a strong plea to the members of the City Council that in view of the enormous burdens now being carried by City Engineer Griffin, that his salary be increased from $5600 to $10,000 a year. The Councilmen said they would seriously consider the proposed increase when the preparation of the budget expenditures for the fiscal year beginning July 1 is commenced on May 1.

## AUTO THIEF SENTENCED TO PRISON

### Burglars and Forger Have Day of Retribution Before Judge Reeve

J. J. Bucher had a penchant for stealing autos and selling them, according to the report of Probation Officer Neily, filed yesterday in Judge Reeve's court. The report states that Bucher's operations netted him about $10,000 in six months. The defendant was denied an application for probation and was sentenced to San Quentin prison for from one to ten years on a grand larceny charge.

Bucher had pleaded guilty to a charge of stealing a car valued at $500 from George J. Mossbacher, 1919 South Harvard Boulevard, on May 20, 1922. He was sentenced yesterday for this offense. Counts two, three and four of the information were continued until May 9 for trial. He is still accused of stealing cars valued at $500 each from H. T. Morrow, 3913 West Twenty-seventh street; C. I. Whitesell, 1316 Vernon avenue, and C. D. McLean.

The court also sentenced James Gorham to San Quentin for from one year to life for robbery and for from one to fifteen years for burglary. Gorham had pleaded guilty to burglary and stealing $468 in cash and jewelry valued at $1000 from James Langan. Yesterday he pleaded guilty to the robbery charge.

Joe Compos, convicted of burglary at the house of Phillip Lorenzo, Osborn and Webb avenues, San Fernando, was denied a motion for a new trial and was sentenced to San Quentin for from one to five years for second-degree burglary. Notice of appeal was filed.

Hollis Vaught, a youth who pleaded guilty to forging the name of his father, C. H. Vaught, of Whittier to a check for $4.50, was sentenced to San Quentin for from one to fourteen years. It was stated in the probation officer's report that the youth had passed numerous checks with his father's name signed to them.

## GOES TO TOLEDO

### Building Inspector Will Get Rest From Growing Duties

Los Angeles having advanced to third place among American cities in the amount of building permits issued, Chief Inspector of Buildings Backus, upon whom has fallen the work of handling this immense volume of business, will take a prominent part at the conference of municipal building officials which opens at Toledo next Tuesday.

Mr. Backus has been officially delegated by the City Council to represent Los Angeles at the conference, which will be attended by building department officials and building materials' experts from all parts of the country.

The conference will be devoted mainly to unifying and standardizing building laws of American cities, and raising the requirements for building work.

### THE BIG CHURCH

Chicago is said to have the biggest church in the country. It has over 10,000 members and is of the Baptist faith. The odd thing about it is that it is a negro church. One might expect to find the greatest colored congregation in Alabama or Georgia, but here it is in a northern city all dressed up and running fine.

### REMEMBERING ALICE

President Harding has designated Alice Robertson as a welfare worker in the Veterans' Bureau. This doesn't sound like a moneyed job for a lame duck, but, as the former Congresswoman owns a few restaurants, she does not have to worry about her meals. The point is that she is recognized by the administration. When she first came to Washington it was another case of Alice in Wonderland, but now she is listed as an old-timer.

### DANGER SIGNALS

A Philadelphia banker who carelessly ran down and killed three pedestrians with his auto has been sentenced to the penitentiary for ten years for murder. Neither money nor position was used in extenuation. He takes his medicine like any other malefactor and the importance of the incident is the lesson it leaves. Murder might well be charged in many a case where the victim has died under the wheels of a reckless motorist.

### THE SWEET MARKET

The tariff commission and the special investigators in New York agree that neither the tariff nor any other reasonable factor is to blame for the advance in price of sugar. It has not been raised by the so-called sugar trust or the refiners. The people are raising the price on themselves. They have deluded themselves into the belief that there is or will be a shortage—that some day, in some way, somebody will sob unavailingly for sweets. So they have speculated on one another. As a matter of fact, there is plenty of sugar in the country and a surplus coming.

### SPORTS AT SEA

President Harding says that some of our ships will be kept going. The government will keep them in commission, although lack of a subsidy will halt private operation. The tourists still prefer the ships that carry liquor and have American bars, but in time they may learn to love a bone-dry ocean. Just now the Shipping Board is offering music, dancing and the Follies as an inducement. There are no cocktails on the Leviathan, but there will be a regular New York chorus show every afternoon and evening. This should make the European trip quite endurable. It leaves open the old sport of waiting at the stage door.

### IN DAYS OF OLD

A gentleman from Jerusalem was much wrought up over the report that before he died Pharaoh Tut-Ankh-Amen had made a deposit of thirty shekels in the savings department of the Thebes National Bank. If this money has been working at compound interest ever since it would now amount to $437,690,525,580,360,345.05. If a man can find Pharaoh's bank book and claim the money he would have more money than Rockefeller and Ford would have if they had been working twelve-hour shifts twice a day. The only trouble is that at last accounts the Thebes Bank was buried under seventy feet of penetrating sand and it is feared that it has suspended payment. The heirs of Pharaoh may never be able to secure a dollar of this rich patrimony.

### BROKEN CHINA

One of the big bankers of the East who has just returned from a sojourn of nearly a year in the Orient says that China is broke. But broken china has been mended and a country that is so rich in man power and soil possibilities may easily be restored. But the banker says that for the present China is helplessly insolvent. He knows because he has been trying for months to collect the interest on a $5,000,000 loan. He tried every Yankee method, but to no purpose. Yet, with internal peace, a sensible tariff and an honest and capable administration, China could easily right herself. She may be a creditor nation inside of twenty years and twenty years is but a breath with peoples as ancient as the Chinese.

### BEAUTIFUL HANDS

The girl who was declared to have the most beautiful hands in New York—as determined at a contest at the perfume and cosmetic show—developed and trained them by washing dishes and playing the piano. The one made them soft and pink and the other left them delicate and sensitive. It was quite a shock when the judges learned that the girl had never visited a manicure or beauty parlor in her life. For a number of years daughter has escaped dishwashing and other kitchen sports on the plea that it left her hands red, knotted and shapeless. Now a girl who is said to have the most beautiful hands in the great metropolis brazenly boasts that dishwashing did it. If mother will give her testimony in corroboration it will have a wonderful effect in giving dishwashing that standing as a social accomplishment to which it is evidently entitled. We may yet find our daughters fighting for their turn at the dishpan.

### FOOLISH FINANCE

That taxes are levied for the purpose of raising revenue is understood by everyone; but it is surprising to find how many there are who fail to realize that an increase in rates of those taxes which are not assessed against property often defeats the very purpose for which they were devised.

When a Republican Congress reduced the surtax in 1921 a great hue and cry was raised by radicals and demagogues that it would enable the rich to escape their just share of taxation. "What the rich will save the poor must pay;" so argued the demagogues; and it was a course of reasoning that swayed the minds of the uninformed and had something to do with the unrest last year in the country and probably lost the Republicans some seats in Congress.

March income-tax collections, which cover the first quarter of 1922, carry their own refutation of this sophistry. Since the surtax was reduced the rich are paying more in volume than under the higher rates and the poor are paying less. The Progressive bloc, with its elaborate program for increased rates of Federal taxation, will have this uncomfortable fact to face when they launch their offensive in the next Congress.

To argue that higher tax rates will produce more revenue is like arguing that marking up goods in a general merchandise store will increase the profits to the firm. There is a limit beyond which high prices will leave the firm without customers; and there is a limit where higher taxes produce less revenue.

Revenues collected under the new tax rate brought the government for the first quarter $70,000,000 more than was collected for a similar period under the old rates. The argument that this increase is due to improved business conditions does not apply; for the period covered is the first three months of 1922—this year's taxes are based on last year's income—before the business revival had begun.

Secretary Mellon stated the case very clearly when he said:

> The high rates sound productive, but the fact remains that year by year they are becoming increasingly ineffective and are operating to reduce rather than increase the government's revenue.

The Secretary of the Treasury has expressed the opinion that more revenue would be raised if the present surtax rates, with their maximum of 50 per cent, were reduced to a maximum of 25 per cent. In this connection he said, "There is no point in maintaining high rates of taxation which do not produce revenue, and there is no doubt that the high income-tax rates which are still in effect are gradually defeating their own purpose. They create artificial conditions that tend to hamper business and industry and to reduce the volume of income subject to taxation."

"Make the rich pay for the war" was an appealing radical slogan four years ago. Legislative bodies of most of the countries engaged in the great struggle, including our own, tried to put this into effect. There was a general desire to "soak the profiteer," but it was found necessary to catch the profiteer before he could be soaked; and most of the blows struck at him wounded innocent bystanders.

The excessively high surtaxes levied by the Democratic Congress robbed the government of $1,000,000,000 in revenue; for it drove billions of capital into nontaxable securities. The attempt to soak the rich industrial by taking two-thirds his income failed, for the very simple reason that he declined to work two days for the government for every day he worked for himself. He retired from productive enterprise and lives comfortably on his income from nontaxable securities.

Governments, like individuals, are not omnipotent. They must distinguish between what they would like to do and what it is possible to do. They can tax incomes, but they cannot compel men to continue to amass incomes against which the surtaxes apply. Greed of governments and of "blocs" within governments invariably defeats its own ends.

### SOMEBODY BLUNDERED

Through a series of misunderstandings a very complete and comprehensive program for advertising the Pacific Northwest region may fall into abandonment. Ten railroads and numerous civic bodies of Oregon, Washington and British Columbia were partners in the enterprise. This federation of interests had done successful work in the past and the plans for this year contemplated the expenditure of something like $200,000 by the railroads alone. But all was based upon official co-operation.

The government of British Columbia had made a substantial appropriation toward this publicity extension. The Legislature of the State of Washington stood ready to do likewise. It was understood that the Oregon Assembly would authorize an appropriation of $20,000 a year for a two-year period and give its official sanction to the movement, but almost before a hearing could be had upon the proposition the Legislature, by a narrow margin, voted it down.

For six years the governments of the three States or provinces in the Pacific Northwest Association have been making substantial appropriations toward a general advertising program and the results have been wonderful. This year an even greater expansion had been provided for by the railroads and commercial bodies. The action of Oregon, however, has thrown a chill over the enterprise. The whole structure is apt to fall. The railroads will only feel inclined to support the program so far as their interests are concerned.

The civic and commercial bodies are properly shocked and disappointed at this withdrawal of support from a venture that was bringing more men and money into the State than any other one thing. If the expenditure of $200,000 or more on a nation-wide publicity program is abandoned because of the incapacity of the Oregon solons to see $20,000 worth of political advantage in it for themselves it looks like a bad business for Oregon.

For more than six years Oregon, Washington and British Columbia have journeyed hand in hand. They have combined upon their publicity program and the results have been remarkable. There have been six years of definite and wonderful progress. More than 15,000 tickets to the Northwest were disposed of through one agency alone last year, largely as a result of the intelligent advertising program carried on through the federation agreement. Nearly 350,000 persons registered at the auto camps within the three great districts. All the visitors spent money and thousands of them remained and will become citizens.

The whole State enjoyed a substantial and permanent benefit from the strength of its advertising campaign. This year many special features, expositions and celebrations had been planned to attract and entertain visitors. Spokane, Seattle, Tacoma, Portland and other cities had arranged for festivals and pageants of national importance. But the action of Oregon has thrown a damper over them all.

If business, new citizens and visitors are desired there can be nothing more resultful than a coherent and discriminating publicity campaign. The testimony of the All-Year Club of Los Angeles and Southern California is unanimous in that respect. The work of that organization knows no season. All months are its harvest and the members have learned that a wise and tactful advertising program is the greatest agency that can be devised for the advancement of the State or a community. We are not only gaining citizens, visitors and friends, but we are getting the kind we want. We are picking and choosing. We are not merely accepting quantity, but we are achieving quality. That is where a judicious and consistent advertising program becomes the main contributing factor.

The Oregonians are indicating a penny-wise, pound-foolish policy in withholding the official support that means so much to the future of the State.

### IRISH PEACE NEARER

The capture of Austin Stack by the Free State leader, Gen. John T. Prout, following so closely the death of Liam Lynch, has stiffened considerably the position of the Irish government and brought peace to that distracted country perceptibly nearer. Liam Lynch was the bitterest military chief in the irregular army and Austin Stack the most uncompromising of the political die-hards.

A document, taken from the captured rebel, is especially encouraging to the friends of Irish peace, for it affords the first definite proof that the rank and file of the irregulars are losing their enthusiasm for a campaign of violence, arson, bombing, destruction of property, terror and bloodshed and are urging the Republican executive to discontinue these activities pending another election by the people themselves.

In no part of the world will peace for Ireland be more heartily welcomed than in the United States, no matter in what form their charter of liberty is finally drafted. At present the majority of the Irish have indorsed the constitution upheld by the Free State government, and for that government to weaken in its opposition to the enforcement of the law and order would be to play into the hands of the Communists and to allow one of the most beautiful and naturally blessed spots in Europe to drift into Russian anarchy.

Fortunately the chances of such a disaster are slim. In the mass the Irish people—sentimental, idealistic, impulsive, hot-headed—are nevertheless strongly conservative. The Free State government has passed through the fire and has not fallen. Indeed, it is stronger today than it was after the assassination of Michael Collins. American sympathizers with the cause of Irish liberty, who contributed largely to the fight put up by the old Irish patriots against control of Irish affairs by a foreign Parliament, are not disposed to supply funds for bombing and burning Irish homes and slaying Irish officials.

Also the Catholic Church is using its influence with Irish leaders on both sides to bring about a peaceful settlement of their bloody quarrels.

### WORTHY OF IMITATION

Riverside has set an example to every community in Southern California by the unflagging efforts of her citizens, now happily nearing the goal, to raise funds for building a unique Community Hospital to occupy a place between the high-priced sanatorium and the county institution.

It is essentially an enterprise to reduce the cost of sickness and accident to the moderately well-to-do, a hospital run for the people, by the people. The sponsors have already secured a five-acre tract on Magnolia avenue and plans have been drawn to build thereon a handsome and scientifically arranged structure of Spanish design. It will be managed by a board of fifteen directors elected by the members, a $100 subscription constituting a life membership. The directors will be chosen from men and women outside of the medical profession.

Sickness and accident we have with us always, no matter how ideal the natural conditions or how healthful the climate and environment. How many families are facing financial difficulties, even in Southern California, through heavy expenses incurred by sudden and unexpected sickness only those know who have nursed a loved one back to health and strength after a long siege with the archenemy, disease.

Such an institution as the Riverside Community Hospital will in the future help hundreds in the age-worn contest with death and debt, the twin despairs that skulk behind the skirts of civilization. In this fight that very few escape, without the tender care and skillful attention afforded by the modern hospital, the lot of the sick and suffering would hardly bear contemplation. To live in a country without hospitals to the average city dweller would be equivalent to living in a wilderness.

Yet very few large cities contain a sufficient number of these institutions to meet the varied needs of all sorts and conditions of people. The Community Hospital fills a distinct gap in the treatment of our suffering and unfortunate fellow-citizens. Riverside has set an example here of doing the right thing in the right way.

## RIPPLING RHYMES

FOR THE CHILDREN

I watch James Beeswax dig and delve and hoe long rows of peas; I watch him ply the ax's helve and chop down banyan trees; he labors that his children twelve may bask on beds of ease. His life has been a weary road, he's never paused a day to loaf around his cheap abode, some checker games to play; he's always borne his heavy load along an endless way. "I would not have my bright sons tread a weary path like mine, my daughters must not earn their bread in toil that breaks the spine; I'd have them all," he's often said, "be gents and ladies fine." He labors like a house afire, while yet his years advance; his children have the gay attire, the joy ride and the dance and all the curves they may desire of pomp and circumstance. "When I am gone," James Beeswax sighs, "my bairns will love me well; these little male and female guys will hear my passing bell and wipe the teardrops from their eyes and loving tales they'll tell. They'll stand around my costly grave, composed of boneyard soil, and tell of all the strength I gave to make the kettle boil, of how I wrought through life to save their hands from brutal toil." Perhaps they'll follow up this plan; perhaps they'll blush to think their father was a toilworn man whose clothes were on the blink, who packed his dinner in a can and wore his galways pink. Nathaniel Bacon started the first rebellion against the authority of the British crown in the American colonies in the year 1676. The people of Virginia asked Gov. The volunteers thereupon set out under Bacon in defiance of the Governor, who immediately proclaimed Bacon a traitor. Bacon died during the expedition of fever.

### XVIII. GREAT EVENTS OF THE AGE OF [illegible]

The Age of Reptiles dawned when, among amphibians, creatures appeared which were able to spawn and hatch their eggs, not in water, but upon moist ground. As the earliest amphibians differed from fishes only in the way they breathed, the earliest reptiles differed from their amphibian ancestors only in one fundamental particular: instead of laying naked eggs in water, reptiles laid eggs inclosed in water. When a reptile's egg is ruptured the water runs out, disclosing the embryo. Each egg, therefore, is simply a small water-bag with a germ cell in the center, the surrounding water being saturated with yolk or food materials. Unlike amphibians, therefore, reptilian mothers did not have to go down into water to lay their eggs, for their eggs came enveloped in water.

Not the large, highly-specialized species of amphibians, but one of the lowliest species, matured organs which enabled them to surround their eggs with soft-shelled capsules of water. If a member of that species were seen today it could hardly be distinguished from a newt. Indeed, it is said that representatives of the species have survived in a little lizard-like saurian, found in New Zealand, called the Hatteria Punctata.

Few Americans have seen the little half-and-half creatures of New Zealand, but everybody has seen newts, toads, frogs and salamanders (surviving amphibians,) as well as lizards, which are typical of the early reptiles, and understands the close physiological relationship between the two classes of animals.

Due to their improved egg-laying methods the primitive reptiles were able to wander far away from the water courses into interior regions where, living luxuriously in untracked feeding grounds, many varieties ran to brawn and acquired prodigious proportions.

The Age of Reptiles, which ended with the appearance of mammals, lasted many millions of years, during which time some of the most consequential events in the history of the animal kingdom occurred. For, subtracting characters inherited from amphibians, it becomes plain that reptiles greatly improved their lungs, scrapped gill-breathing organs and originated a long list of new nerves, muscles and internal organs. ## SEEING PARIS

BY WILLIAM FOSTER ELLIOT

There is a story, perhaps apocryphal but certainly not without point, of an American who spent several weeks in Paris and returned with extremely positive notions about the character of the French people. These notions, which he spared no pains in giving circulation, boiled themselves down at last to a statement something like this only more so: That all Frenchmen spend their entire waking time in the pursuit of women and that all Frenchwomen spend theirs in seeing to it that they are pursued.

For a time the American got along very well with his story. As none of his hearers had ever been to Paris he could speak plainly; which he did, much to the delight of the boys down at the office. But at last nemesis overtook him in the shape of a man who had also been to Paris; and this man, after hearing the traveler's lurid report, said calmly:

"Very interesting, indeed. Who did you say showed you about Paris?"

"Oh," replied the cheerful chronicler of misdeeds, "a very nice and obliging young man whom I met in the lobby of my hotel."

* * *

I repeat that this anecdote, though it may not be true, has point; and the point is this. There is a great deal of present-day writing about American life, the authors of which have very obviously been shown around America by an obliging young man whom they met in a hotel lobby; and this writing, which is touted as the last word in truth, is just about as true as the American traveler's report on Paris.

The most conspicuous fault in the "younger generation" of writers who today ask us—nay, command us—to read their masterpieces is, indeed, not their frankness, but their lack of it. They are frank upon one subject only; and now, after some years of Freud and his various intellectual heirs and assigns, the subject grows tiresome. Man does not live by sex alone anywhere, but in these emancipated novels.

It is not so much decency that is outraged as good sense. Despite its parade of tremendous sophistication, this literature begins to seem incredibly naive, impossibly crude. The tremendous discoveries these young writers are constantly making about themselves have been made by every generation of normal people who have been born into the world. They long ago passed into the category of measles or whooping cough; unpleasant things which must be got over some time, and the sooner and quieter the better.

* * *

These apostles of the new freedom make a grave mistake in supposing that they shock any intelligent person very seriously; they make another mistake in thinking that all people of past generations refrained from talking about their pet theme because they were afraid of it.

Sex has always been discussed by sophisticated people and always will be, when there is any particular reason for discussing it. But up till lately it has been thought rather bad form to discuss it in mixed company, just as a well-mannered person feels that the drawing-room is hardly [illegible] to mention a rupture [illegible] of colic. Incidentally, [illegible] thought had form [illegible] reason by many [illegible] ten more about [illegible] most of these young [illegible] yet learned.

# CITY ILLS LAID TO CHARTER

## *Mayor Cryer Tells Club Power is Not Centralized and That Dissension is Promoted*

**Municipal ills from which this city is suffering are directly traceable to its antiquated charter, Mayor Cryer declared yesterday in a speech before the Lions Club of Los Angeles Harbor.**

The present charter, he said, is outworn and virtually obsolete. It has been amended so frequently that many of its ordinances are in direct conflict with each other. It makes no provision for centralization of power and promotes dissension among city departments.

A statement made by the late Sir James Brice, English Ambassador to the United States, was quoted by Mayor Cryer in support of his contention that the city is haphazardly governed and administered.

"'America's greatest failing is its lack of proper city government,'" he quoted the Englishman as saying.

"The Los Angeles city government is now run under a system of checks and balances," he continued. "This system prevents efficiency and promotes dissension. The Mayor has no control over the city budget and almost no power in city affairs.

"The City Council, instead of functioning as a legal body, is functioning as an executive body."

Mr. Cryer stated further that the present commission system of government under which many of the departments are administered by commissions is a further source of municipal trouble. Under this system, he said, there is no single directing head responsible for the department and this inevitably leads to inefficiency.

He urged revision of the charter so that one responsible individual could be placed at the head of each department. He pointed out further that the charter was drafted thirty-three years ago when the city had a population of 50,000.

C. W. Cook, City Prosecutor of Long Beach, also spoke, emphasizing the need for developing Los Angeles Harbor.

# SEE GRADE CROSSING RELIEF

## *Plans Laid at Conference of City, County and Rail Officials for Construction of Six Viaducts*

**Progress was made yesterday at a City Hall conference presided over by Councilman Sanborn toward the elimination of grade crossings in the industrial district and for the construction of six new viaducts over the Los Angeles River to replace the present inadequate bridges. The railroad companies tentatively agreed to bear 40 per cent of the cost of these improvements, or approximately $2,400,000.**

The companies which are concerned in the grade crossing separation and the new viaducts are the Santa Fe and the Union Pacific. Their representatives at the conference agreed on behalf of the roads to recommend that the railroads co-operate with the city, county and street railways in making the $6,000,000 improvements, and the two roads will divide their share of the cost.

The remaining 60 per cent of the cost will be borne jointly by the city, county and street railway companies, the city's share being $1,200,000.

A bond issue for this amount will be presented to the voters at the June 5 city election and if it carries the construction work on the viaducts and the depressing of the railroad tracks can start at once. Chief Engineer Lorentz of the Board of Public Utilities is expected to be instructed at once by the City Council to work out detailed plans for the improvements which call for the separation of grades and the building of viaducts at Macy, Aliso, First, Fourth, Seventh and Ninth streets.

The conference yesterday was attended by representatives of the city, county, the street railways and the railroads.

# EDGERTON SHORE MARRIES

## *Rail Board Member, Divorced About Year Ago, Weds Former Secretary of Ex-Gov. Stephens*

Egerton Shore, a member of the State Railroad Commission, was married yesterday to Mrs. Virginia Albright, former secretary to ex-Gov. William Stephens at Washington, D. C., a little more than a year since a divorce was granted to his former wife by Judge Summerfield of the Superior Court.

The marriage took place in the First Congregational Church of Washington. Shortly after the ceremony the couple left for some of the spring resorts in North Carolina, where they will spend their honeymoon. They plan to return to California about May 15.

The wedding follows closely Mr. Shore's appointment as a member of the State Railroad Commission by the repudiated Governor in the dying days of his administration. This appointment created a State-wide furore and at the time it was hinted in Sacramento and other politcial camps that the bride of today was more than anyone else responsible for his selection.

Mrs. Albright became well known in California through her association with Gov. Setphens as his secretary and her part in the political campaigns which resulted in her chief's election. She came from the South.

The first Mrs. Shore obtained a divorce after a sensational trial here on April 5, 1922. She charged nonsupport. Shore did not appear in court to press his cross-complaint, charging desertion.

# ACTRESS WINS DIVORCE

## *Mrs. Von Schiller Says Ex-Husband Thought "Juvenile Lead" Should Not Have Family*

A romance which had its beginning and ending on the stage yesterday was legally terminated in Judge Summerfield's court when Mrs. Ethelyn Von Schiller, known in the world of drama as Ethelyn Bray, was granted a divorce from Carl Von Schiller, familiar to theatergoers as Jerome Sheldon.

Mrs. Von Schiller said that her husband left her because he said "I can't keep on playing juvenile leads and have a family, too."

The wife said she was married in Chicago in 1913, while she and her husband were playing in the same company. She said they continued to play together in companies from coast to coast. Recently they have been playing in the Alcazar Theater Stock Company in San Francisco, she said.

Mrs. Von Schiller told the court that in March, 1920, her husband told her that he didn't care to be married any longer. She said he declared marriage interfered seriously with the practice of his profession. She quoted him as saying "Juvenile leads are not supposed to have wives and families."

The wife testified that she had other troubles with her husband. She said she asked him for money on one occasion, and that he threw the money at her. On another occasion she said she threatened to tear down his pictures on exhibition in the theater lobby if he did not give her money she needed.

Mrs. Von Schiller said that at the time her husband told her he intended to leave her he added: "I have nothing in the world against you."

The actress assured Judge Summerfield that she would never again marry an actor, because she did not believe stage marriages were ordinarily happy. She said she was planning to keep up her stage work in order to support her mother.

The wife was represented by Attorney Benjamin Lewis.

# POSTOFFICE OFFICIALS HERE

## *Washington Representatives Look Into Conditions With View to Improving Mail Service*

**Needs of the Los Angeles postoffice have at last received official recognition. Yesterday two representatives of the joint commission on postal service representing both houses of Congress—E. H. McDermot, secretary, and Peter A. McGurty, superintendent of mails at New York—arrived here for the purpose of making a survey of conditions, and to ascertain whether the pleadings of Postmaster O'Brien, as to additional clerks and carriers, were justified. If the two men's report is favorable it is expected that relief will be given when the fiscal year begins, July 1.**

### COMMISSION MEMBERS

The joint commission consists of Senators Sterling, Moses, Walsh and McKellar; Representatives Steenerson, Griest, Paige, Bell and House; Rush D. Simmons, postal expert, John Gribbel, Philadelphia; Charles G. Bancroft, Boston; Prof. M. E. Cooley, Ann Arbor, Mich; T. W. Dwight, Sioux Falls, S. D.; Union N. Bethel, Montclair, N. J.; Albert Holmboe, Crookston, Minn., and Col. I. C. Wade, Cornelia, Ga.

The representatives who are in the city, were shown the postoffice by Postmaster O'Brien. The party also visited the new terminal station at Central avenue and Third street. This is the first time the terminal, for which the government pays a rental of more than $2,000,000 during the life of the twenty-year lease, has been seen by a Washington official.

In addition, Postmaster O'Brien provided the men with a statement of the growth of population of Los Angeles; a table of postal receipts for ten years from a total of $1,906,398.91, in 1912, to $5,813,139.01, in 1922, or an increase of 204.93 per cent, figures not duplicated by any other postoffice in the United States, population considered; the area in square miles served by city carriers; number of classified carriers, classified stations, contract stations and rural routes; money orders issued; postal savings on deposit; classified carrier stations and number of carrier deliveries at each; parcelpost collections, separations and routes, and number of clerks and substitutes. Suggestions were made by Postmaster O'Brien and his assistant, A. B. Foster, toward the improvement of the service.

### OTHER DATA PROVIDED

Another feature of the information furnished was in relation to what had been done to curtail service, carrier trips, collections, etc.

From this city the representatives will go to San Francisco, Portland and other points along the Pacific Coast.

The local situation appealed strongly to the visitors, and Postmaster O'Brien and Assistant Foster were warmly congratulated on conditions here, and the splendid manner in which affairs are being handled with an insufficient force.

# *MORE CARS FOR USE IN HOLLYWOOD*

## *Fifty New Ones Ordered by Pacific Electric to be Delivered Soon*

Fifty new multiple unit cars for use in Hollywood service were ordered yesterday by the Pacific Electric Railway. D. W. Pontius, general manager, announced They will be of the same type as those placed in service recently, and will cost $887,000. The order calls for the earliest possible delivery.

"The Hollywood cars placed in service in December have proved so satisfactory, and the district is growing so rapidly, that the addition is a necessity," said Mr. Pontius. "They are now operated in two-car trains during the rush hours. When the new tunnel is finished we expect to operate them in three-car trains. With these cars we will have spent $1,837,000 for new Hollywood service equipment in a year."

**NEVER WASH YOUR HAIR WITHOUT OLIVE OIL TO MAKE GLOSSY**

Nothing is more unattractive than lustreless, dry looking hair. Shining hair only is beautiful. The secret is in the now famous olive oil shampoo used by beauties all over the world. Beauty experts charge big prices for it, but you can have it at home just as satisfactorily and for only a few cents. Obtain a bottle of Palmolive Shampoo at any drug or department store and use it according to directions. Soon your hair will be silky, soft and lovely with a wonderful gleam and delicate lustre. No one knows how beautiful hair can be until she tries this gentle way of washing.

With the aid of a delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package and mix fresh.—[Advertisement.

# The Cream Pitcher

TODAY the Recipe Club column is devoted to the subject of vegetables. Because so few people actually realize the importance of plenty of vegetables in the diet. Children, especially, are sure to be finicky about eating them. And the ordinary homely vegetables like carrots and beets and cabbage and parsnips and turnips are too familiar to be exciting.

But if you take pains in serving them, you will find them a wonderful addition to your menus. Serve at least one vegetable with both lunch and dinner.

. . .

In preparing vegetables for the table, remove all inedible portions and pare thin.

All green vegetables and tubers should be crisp and firm when put on to cook. If they are wilted, the vegetables should be soaked in very cold water to restore the crispness.

Vegetables that form heads—cabbage, cauliflower, lettuce and artichokes—should be turned head down in salted water to which a few tablespoons of vinegar have been added, to remove insects.

All vegetables except dried beans and peas should be cooked in boiling water. Strong flavored vegetables are often blanched or parboiled, then dropped in boiling water and cooked. Such vegetables should be cooked with the cover drawn to one side to allow the volatile gases formed in cooking to pass off in the steam. Vegetables cooked with good ventilation are much more wholesome.

Root vegetables may be cooked in a covered pan, but all green leaf vegetables should be cooked with the cover partly off—with green vegetables, this also preserves the color.

Avoid using more water in cooking vegetables than necessary. Add simply enough freshly boiling water to cover, allowing one teaspoon of salt to one quart of water. This may be added when vegetables are put in, except in case of the delicate green vegetables such as peas, spinach, etc.

. . .

In preparing a cream sauce to serve with vegetables—celery, peas, asparagus, etc.,—substitute the liquor in which the vegetables were cooked for water in combining with the evaporated milk.

### CREAM SAUCE

1¼ cups Borden's Evaporated Milk
¼ cup water
2 tablespoons flour
2 tablespoons butter
½ teaspoon salt
Pepper

Melt butter, add flour, salt and pepper; stir until smooth, remove from fire and gradually add the cold liquid; return to the fire, stir constantly until boiling point is reached, then let simmer ten minutes.

Most vegetables are delicious served with hollandaise. Here is a simple recipe for hollandaise sauce that always turns out right.

### MOCK HOLLANDAISE SAUCE

1 cup Borden's Evaporated Milk
¾ cup boiling water
3 tablespoonfuls butter
2 tablespoonfuls flour
1 teaspoonful salt
Few grains cayenne
1 tablespoonful lemon juice
2 egg yolks, well beaten

Melt the butter in the top of a double boiler. Add the flour. When well blended, gradually add the hot water and stir continuously until it thickens. Season with salt and cayenne. When ready to serve, add the evaporated milk to the egg yolks. Mix the sauce thoroughly with the milk and egg yolks. Reheat quickly. Remove from the fire. Add the lemon juice, a few drops at a time, and serve immediately.

Mrs. Wm. E. Adams,
*Charlotte, N. C.*

Since the basis of these two sauces is milk, let us add a few words about Borden's Evaporated Milk. You will find it particularly successful for making creamed dishes. For it is the purest of country milk simply evaporated to double richness. And of course, it is much less expensive than double cream. Keep it in your kitchen for regular use.

## RECALLS D.A.R. DOVE OF PEACE

### *Convention Two Years Ago Quiet, Says Neophyte*

### *Only Battle Was to Visit With Hardings*

### *Disappointed Over Fight at Present Meeting*

BY THE NEOPHYTE

Bombshells and national D.A.R. conventions seem to go together! The fighting background of the organization is always on the job. The daughters of daughters of fighters still want to fight. Or so it seems. From far-off Washington the rumble of the battle has reached us here, and the Neophyte is disappointed.

Two years ago she was in Washington at the convention and all was peace. Everybody's disposition had been cleaned up for the occasion and life was very sweet and quiet and peaceful. Even at an early breakfast at Childs the daughters refused to answer the challenge of warfare suggested by all the battle badges they wore, and imbibed hotcakes with the little dove of peace perched on their eating arm.

It was a wonderful convention. The President-General, Mrs. George Maynard Miner, reduced all red tape to a minimum and inspired all the rest of us with awe and admiration. It takes a New England woman to cut out all nonessentials! The first program of the convention stood out as a milestone not only in D.A.R. circles, but in all respects, for it was the first time that a British Ambassador had spoken on the platform of an organization which had for its background a war in which Great Britain was defeated.

SPEECH BY GEDDES

Sir Auckland Geddes stood up there, the typical Englishman, and told of the power and strength of the Daughters of the American Revolution, lauding the ancestors who had defeated England. Did they love it, those daughters? Well, rather! They reduced their gloves to a pulp, while for the first time in their existence the Battle of Valley Forge dwindled to a mere boat ride.

Coming nearly to Sir Gedde's shoulders, but fiery with enthusiasm, Ambassador Jusserand "Vive'd L'Amerique" until he was hoarse, and everyone had a beautiful time. It was the most international experience of the Neophyte's existence. It is an uncanny feeling, this fading away of city, State and country, and finding oneself simply a part of a great company which thinks the same thing, no matter what the tongue or the manner it is spoken. The Neophyte wondered what was in the mind of a real Daughter of the Revolution who sat in the calm dignity of her 90-odd years on the platform.

ONLY ONE BATTLE

The battle for the President's hand was the only battle that year! The last day of the convention, President and Mrs. Harding issued an invitation to the Daughters for a reception at the White House. The Neophyte was all a flutter! She and the President were going to meet face to face and say "Howdy!" She decided on organdy and a big hat and such luscious shoes with French heels—nothing was too good for the President!

Several other Daughters had the same idea. In fact, several thousand of them did. The President started in receiving at 3 and at 5:30 the Neophyte staggered forward to shake his hand. The organdy lay tight to her body, the shoes were scuffed and marred, the hat—well, portions of it nestled in the meshes of half the veils of half the women there. In the struggle for the President's hand the Daughters forgot their ancestors and remembered their elbows, and the Neophyte was black and blue. She moved when the crowd moved, which was an inch an hour.

But all was forgotten when ahead of her she saw President and Mrs. Harding and the reception committee. Hat on the back of her head, nose unpowdered, it mattered not. Her heart beat a G.O.P. tune within her and her head was held high. She whispered her name to the naval attache who repeated it to the President, and then it came. Her moment. Her hand in his, and with a special squeeze for it, President Harding said, "How do you do, Miss Lipke, I am most happy to greet you!"

The White House was hers! She felt at home with Roosevelt's picture and Taft's statue. It mattered not. The President and she had had a talk. This ended the National Convention of the Daughters of the American Revolution. It was filled with peace and joy and harmony. Everyone loved the Daughters and they loved everyone else. Moreover, they loved each other.

### Joint Program

Every day is Reciprocity Day in Southern California. Big clubs, little clubs, study clubs, social clubs all have held or are planning to hold a program when they invite their sisters to share with them their hospitality. This week is of special significance, it being Shakespeare Commemoration Week, and so tomorrow at Cumnock Hall, the Galpin Shakespeare Club will unite the two and hold its Reciprocity and Commemoration program.

The day's activities will begin with luncheon at 12:30 when Mrs. Frederic B. West, president of the club, will play a tribute to William Shakespeare which will be followed by toasts, these being in the hands of Mrs. Robert Robinson, toastmistress. The official reception of a large class of new members into the club will be one of the chief features of the day and they will contribute a large portion of the program. Their subject, "Forerunners of Shakespeare," deals with women and women's influence as shown from the old biblical age up to the time of Shakespeare. Mrs. Walter Raymond Gillette, who has charge of this part of the program, has rewritten most of the legends in simplified form.

Last Monday, another Reciprocity program was given when the Woman's Club of Redondo Beach entertained its sister clubs in the lovely clubhouse which was filled with quantities of wild flowers.

Luncheon was served at 1 p.m. The president emeritus, Mrs. M. Frick, "scolded" her club as she expressed it, by calling attention to the fact that Redondo Beach, which is one of the oldest beach towns, and as a result has wonderful old trees, has permitted these trees to be cut in great numbers. She quoted these lines from Joyce Kilmer.

"Poems are made by fools like me
But only God can make a Tree."

She also spoke of the resolution framed by her and adopted at the Los Angeles district convention just concluded at San Luis Obispo. This resolution referred to the carelessness of throwing refuse on the streets and recommended that this be a misdemeanor punishable by a fine.

In introducing, Mrs. C. H. Toll, president-elect for the Los Angeles District of the California Federation of Women's Clubs, Mrs. Frick had only words of praise and love born of a long intimate period of friendship.

Mrs. J. S. Trewhella was introduced by the president, Mrs. T. A. Gould, and reminded club members of their duty to attend the State convention at Eureka, and of the importance of electing a State president from the Southern Districttrict who will be in office when Los Angeles is hostess to the National Convention.

After the luncheon the guests were entertained with a sketch, "Pass the Cream," Miss Ione Gale and Rev. Nance taking the leads. A musical program under the direction of Mrs. De Garmo, consisting of vocal selections by Mrs. P. S. Venable, Mrs. J. F. White, and instrumental solo by Mrs. Cloyd Walker, concluded the afternoon meeting.

Many of the guests were taken for drives over Redondo Beach, Hermosa and Manhattan Beaches.

# Diet and Health

### By Lulu Hunt Peters, M.D.

### I, I, I: I, MYSELF, I
### THE HISTORY OF ME BY ME
### CHAPTER LIII

DIARRHEA

Dear Mamas, because we know some of you are situated where you cannot go to a physician or to a baby clinic, doctor wants me to tell you a little more about diarrheas of babies today. But if your baby has diarrhea and you can possibly see a baby specialist, you should do so and not try to treat him yourself.

There are four general types of diarrhea. I shall tell you what they are and a little of each of them, for it will help you to treat them intelligently if you have to do it yourself.

If you want the name of a book written on the management of the sick infant, send a self-addressed, stamped envelope to my doctor and she will send it to you.

DIARRHEA IN BABIES

First: Mechanical.
Second: Fermentative.
Third: Putrefactive.
Fourth: Infective.

The mechanical diarrheas are due to some mechanical obstruction and they are more frequent in the second year of babyhood, when we are beginning to eat dirt and paper and other such things, if we have not been taught not to put them in our mouths! They may also be due to unsuitable food given us in tastes at the table. Bad business, mamas. You won't do it, will you?

We should have our own food at regular times. Food that our little tummies and intestines have been very gradually trained to care for.

It sometimes happens that milk will form very hard curds and these will act as foreign bodies. If these occur, mamas, if you boil the milk three or four minutes the diarrhea will stop, if it is due to them. Boiling the milk makes it more digestible, contrary to what many people think.

We do not have fever, or if we do, it is not high; nor do we have any great weakness in this type of diarrhea. A good dose of castor oil, one teaspoonful at two or three months and a tablespoonful after that usually clears these cases up quickly—if the bad habits causing them are stopped. Warm the spoon, mamas, and the oil will slip off the spoon and go down easier. We don't mind it.

FERMENTATIVE DIARRHEA

Fermentative diarrhea is due to the fermentation of the sugars and the starches and usually occurs when these are given in too great quantitities. Although sometimes when the top milks are used and the formulas are rich in fat, the fat may cause the diarrhea first and then there is a fermentation of the sugars afterward. These fermentative diarrheas are the most common diarrheas.

The bowel movements are very acid and make the babies very much inflamed and chafed. Babies must be wiped with a pure oil and powdered lightly with some pure talcum powder after each movement. The stools are foamy and watery and smell very sour.

In the treatments of this kind of diarrhea you must cut out all of the sugar (and gruels, if you are using them in the formula) until the movements are normal for three days. It is also best to weaken the formula and cut it down to one-third milk and two-thirds water, boiled together. Babies who have had a stronger formula than one-half milk and one-half water can have one-half milk and one-half [illegible] the water first, [illegible] the milk and boil [illegible] stirring all of the [illegible] diarrhea stops, [illegible] the milk and sugar [illegible] before. Asparagus for a Guest Dinner: Cut the tops from ten small dinner rolls, scoop out the soft inside part of the rolls and slip the scooped-out rolls into a hot oven to become dry and crisp. Boil one cup of asparagus tips till tender in salted water, then drain well. Now make a sauce by heating one-half cup of milk and thickening it with one tablespoon of butter which has been creamed with one tablespoon of flour; when this thickens, add to it one tablespoon of grated or chopped mild cheese, salt and pepper to season, one tablespoon of top milk, the beaten yolk of one egg, and the cooked asparagus tips. Boil this mixture slowly for five minutes, then fill up the toasted rolls with it. Sprinkle grated cheese over the tops and serve at once.

Spinach Sandwiches: Fine for a Sunday night supper. Press all the juice from cooked, left-over spinach. You should have one and one-half cups of spinach to make twelve sandwiches. Mix with it enough mayonnaise dressing to make a stiff paste (the bottled mayonnaise on the market is very good if you do not wish to bother making it). Season with salt and a dash of nutmeg. Spread on crustless slices of wholewheat bread. Let stand in a cool place till firm. These may be made in the morning for a night meal.

Steamed Strawberry Batter Pudding: Put into a mixing bowl three cups of bread flour; stir into this gradually three eggs which have been beaten and combined with two cups of sweet milk; stir in one-half teaspoon of salt which has been mixed with one teaspoon of baking powder, and add two tablespoons of melted butter. Dredge one pint of hulled strawberries with a little flour and stir them into the batter. Add one-half teaspoon of strawberry extract and turn the mixture into a buttered earthenware bowl. Tie a piece of thick brown paper over the top of a bowl, or put on a cover and weight it down. Then stand the bowl in a large saucepan containing boiling water. The water should rise almost to the top of the bowl. Let the water simmer around the bowl three hours. Serve the pudding turned out on a platter and pass a dish of hard sauce.

All inquiries addressed to Miss Kirkman in care of the "Efficient Housekeeping" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be inclosed with the question. Be sure to use YOUR full name, street number, and the name of your city and State. —The Editor.

## HOUSEHOLD SUGGESTIONS

### The Nut-Cracker

The ordinary nut-cracker frequently comes in handy as a wrench for opening obstinate cans and bottles with screw tops.

### An Explanation

When you strike the term "beat well" in a recipe, it means to beat until all the ingredients are thoroughly mixed together.

### Testing Silk

Artificial silk can be detected by burning a sample of the material. Silk burns slowly and gives an odor like that of burning feathers. Artificial silk burns rapidly, with an odor of burning paper. Artificial silk is not so soft, strong, nor elastic as true silk, and is weakened by washing, and may even go to pieces in boiling water.

### Rainy Days

The ingenious mother has a few tricks put away for rainy day play for the kiddies. One woman I know saves all boxes that come to the house and always has a few rolls of wallpaper (purchased at the 5 and 10-cent store) on hand, and on rainy days the kiddies are given the usually forbidden mucilage and blunt scissors and they cover the boxes, for use at Christmas or birthdays. Being allowed this amusement only on such occasions it never loses its novelty or thrill.

### Leather Upholstery

Rub the leather furniture occasionally with sweet oil to prevent from drying and cracking.

### For the Vegetable Salad

Chopped pimentos on the top of the mayonnaise dressing on a salad are almost bound to make it look appetizing.

### Fruit Cake

When making fruit cake, always pour boiling water over the fruit, squeeze dry with hand and roll in flour, before putting it into the batter. It will then never sink to the bottom of the cake.

### Salty Soup

A couple of slices of raw potato will be a great help if the soup is too salty. Remove after boiling for a few minutes.

### Wash Off the Mould

Always wash and wipe the apples that have been lying in the cellar before eating as they are covered with an imperceptible mould.

### Will Last a While

Earthenware mugs can be bought in attractive designs and are sensible for the children's milk. They are not only durable but are easily washed.

### Clean and Shiny

A cloth dipped in kerosene will remove all grease and dirt stains from the sink as well as add to the polish.

### A Home Remedy

Coat weights sewn in each corner of the rug that continually curls will keep it in place as well as prevent its turning up.

### More Space

Put away your small leftovers in jelly glasses or tumblers. They are sanitary and take up very little room in the refrigerator.

### Cuts the Grease

Try pouring kerosene down the stopped-up drain pipe before sending for the plumber. It may save you a bill.

### More Economy

A little adhesive tape on the inside of the shoe will delay the trip to the shoemaker's when the sole is not quite worn through.

### Safety for Children

When the children arrive at the investigating age it is time to put matches, pins, scissors, medicines and similar articles out of their reach, and to keep them out until the kiddies fully understand the danger of each article and how to handle it.

### Worn Rubbers

Rubbers have a faculty of wearing out at the heel. Cut out the heel, leaving a narrow strip to go around the back of the foot and your winter rubbers are converted into your spring sandals.

### Stuffed Peppers

Try filling the green peppers with the following mixture: Three cups of boiled rice, one cup of walnut meats, a half cup of chopped celery and two table

### Squeaky Shoes

There is perhaps nothing so annoying as squeaky shoes. Place them in a dish with just enough linseed oil to cover the soles and let them stand all night.

### A Neat Finish

When hemming linens that are to be finished with lace, turn up the end on the right side and place lace on top of that. The wrong side will look as neat as the right.

### Dry Poultry

If the fowl to be roasted seems lean or dry, place pieces of butter over it before you put it in the oven and baste frequently.

### Tough Meat

If the fowl or meat for boiling seems tough, add a pinch of soda to the water in which it simmers. It will make it nice and tender.

### Save Those Fingers

If you are not a very good carpenter and you must drive a tack in an awkward place, press the tack through a strip of stiff paper and hold the paper instead of the tack.

## FASHION SHOW TO BE GIVEN BY GIRLS' CLUB

### WORKERS FOR Y.W.C.A. ARE IN CHARGE OF DISPLAY OF LATE STYLES

A fashion show will be given the night of the 28th inst. at the Y.W.C.A. health unit building, in the gymnasium, by the Poly-Ami Club of the Girl Reserves of the Young Woman's Christian Association. It is to be called "Down Petticoat Lane." Bullock's store is providing costumes.

Those in charge are Mrs. B. F. Bledsoe, Miss Louise Smith and Miss Frances Bartlett.

The purpose of the fashion show is to raise funds to send about twenty representative Y.W.C.A. girls to the conference at Asilomar in June.

## Grotto Band Relief Fund to Get Boost

Constance Balfour, soprano; Colman Luboviski, violin; Charles Henri De La Plate, basso; Kathryn Thompson, saxophone, accompanied by Lillian Althouse; Hendron Robinson, pianist, and the Jinnistan Grotto Band, led by Mort Stuart, will be on the program of a popular-priced concert at Hollywood Bowl Sunday at 3 p.m.

The concert is for the benefit of the Grotto band relief fund. The Grotto band is one of the best-known musical organizations in the city and won first prize at the Kansas City convention of the order.

## TESTS TO USE IN BUYING PICTURES

Here are a few certain tests to think about when purchasing pictures for the new home:

Does the picture thoroughly appeal to you besides the knowledge that it is a good subject?

Are you certain it is a good picture?

Can you tell the story of the picture you have selected?

Will the pictures you have selected for the same room look well when in proximity and make a harmonious effect?

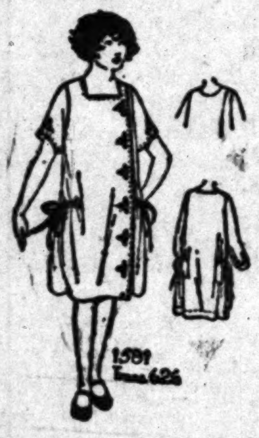
### A NEW $10 STYLE FOR GIRLS WHICH CAN BE MADE FOR $2.00.

Frocks that sponsor the popular left-side closing are by no means limited to grown-up-toggery, but are seen a great deal for the young girl and have already been branded with a mark of approval by even the most critical mothers.

This charming dress for very youthful femininity exploits that popular feature making an extremely simple style "tres chic." This style could employ serge at $1.00 per yard for its medium and then the finished garment would cost about $2.00. A touch of embroidery in the form of gayly colored flower motifs lends a very smart and interesting note to so simple a frock as this.

The pattern No. 1581 cuts in sizes 4, 6, 8, 10, 12 and 14 years. Size 8 requires 2 yards 36-inch material. Price 15c, stamps or coin (coin preferred).

Transfer Pattern No. 626—in blue only—15c extra.



No patterns are kept in the Los Angeles office of The Times. To get patterns send the price, in stamps or well-wrapped coins, and the number and size of the patterns desired to this address:

## DOUG IS AFTER AUSTRALIA

### Fairbanks Representatives Go to Antipodes to Promote Run of His Pictures There

When the Canadian Pacific steamship Makura sails from Vancouver, B. C., the 27th inst., bound for Sidney, Australia, there will appear on the passenger list the names of Edmund H. Benson, his wife and young son, Courtney.

Benson is going to the Antipodes for a six-months' stay as special representative for Douglas Fairbanks. His particular mission will be to stimulate business in connection with Doug's old United Artists films and also to assist in making "Robin Hood" the great success in Australia and New Zealand that it has been in Europe and America.

Besides "Robin Hood," the pictures that Benson wil ldevote his attention to are "His Majesty the American," "When the Clouds Roll By," "The Mollycoddle," "The Mark of Zorro," "The Nut" and "The Three Musketeers." All these photoplays are now showing in Australia and New Zealand.

Co-operating with Benson in arranging the showings of "Robin Hood" will be Sam Blair, of the New York office of the United Artists, who will handle exploitation and publicity. Blair sailed from San Francisco last Friday for Wellington, N. Z., where "Robin Hood" will be introduced May 27. The first showing of the film in Australia will take place at the Crystal Palace Theater in Sidney.

"There are approximately 800 theaters in Australia and New Zealand," said Benson, "and we hope to play every one of them with 'Robin Hood' and the other Fairbanks films."

**RADIO OPERATORS SCARCE**

Radio operators are hard to find in Los Angeles, according to Carol B. Pratt of the Y.M.C.A. Radio School. Pratt says he had a hard time supplying licensed operators for two ships in the last few days and that two other jobs are open.

## Scenarist Will Write Script on Borzage Staff

According to announcement made last night by Arthur H. Jacobs, producer of Frank Borzage productions, Mary O'Hara, scenarist, has been added to his staff.

Miss O'Hara has just completed "The Merry Go Round" and was previously identified with Metro Pictures, more recently having written the scenario for Rex Ingram's "The Prisoner of Zenda" and Laurette Taylor's "Peg O' My Heart," in addition to writing scripts for many other notable picture plays.

Miss O'Hara's initial work for Frank Borzage Productions will be the adaptation of "Dust in the Doorway," recently published in McClure's Magazine. Borzage will start casting this new story next week at the United studios.

## SANTEL CONTRACTS TO PRODUCE FOR POWERS

Al Santel yesterday signed a contract for three years with the Powers studio and will begin work in a few days on his production, "Lights Out," which has been adapted from the stage play by Paul Dickey and Mann Page.

This picture will be filmed with an all-star cast which will include Ruth Stonehouse, Theodore Von Eltz and Marie Estains.

## ACTRESS IS RELATED TO WAR CLANS

### Descendant of Franktown Settlers Winning Success on Lasky Lot

Franktown, N. Y., has discovered that one of the last direct descendants of the family of sturdy settlers who founded that locality is winning success in motion pictures. Her name is Bernice Frank, and she has been playing in Paramount productions at the Lasky studio for more than a year.

Bernice Frank.

Although the film player was aware that her ancestors had once settled in Cattaraugus county, in Western New York, a locality that was then named for them, she little suspected that this farming community still bore the name of Franktown, until a letter apprised her of the interesting fact this week. The Franks were Hollanders who emigrated to America shortly before the revolution, three brothers falling in the war. Their descendants pioneered westward, settling Franktown in 1820.

This transplanted screen player is a true daughter of the revolution. In her possession is an authentic copy of an American land grant to the other branch of her family—Folts—in 1720 by King George II of England. Like the Franks, members of this family fought on the side of their adopted country, giving up important official positions for love of freedom.

## PROTEGE OF CHAPLIN TO BE STARRED

### Dinky Dean, Youngster in "The Pilgrim," to Be in Costume Play

Work on "John of the Woods," the first of a series of all-star specials featuring Dinky Dean, the mischievous youngster of Charlie Chaplin's "The Pilgrim," was begun yesterday at Universal City.

Dinky's first vehicle was chosen by Z. A. Stegmuller, producer of Dinky Dean Productions, after a search of all material suitable for the featuring of the 4-year-old youngster. The story is from the pen of Abbie Farwell Brown.

"John of the Woods" is to be a costume drama of the fifteenth century. The locale is Italy.

The cast will consist of such film celebrities as Sam De Grasse, who played Prince John in "Robin Hood;" Josef Swickard, who achieved fame by his interpretation of the father in "The Four Horsemen of the Apocalypse;" Ethel Wales, whose work in "The Covered Wagon" is attracting attention, and other artists who will be signed this week.

Albert Austin, who wrote and directed "My Boy," and who directed "Trouble," is to direct "John of the Woods." The script was prepared by Douglas Doty. Lew Lipton, who has been Dinky's business manager for some time, is to have charge of production activities.

**RABBI TO GIVE SERMON**

"The Redemption of the Jews" will be the theme of Rabbi L. Louis of San Diego, at a confirmation service at Beth Israel Congregation, Temple and Olive streets, tomorrow at 9 a.m. The son of Mr. and Mrs. George Fischer will be confirmed.

## PICK NAGEL FOR LEAD IN NEILAN FILM

### Screen Star to Come West This Week to Begin Work on Goldwyn Contract

As his first part for Goldwyn under his recently signed contract, Conrad Nagel has been chosen for the leading role in "The Rendezvous."

CONRAD NAGLE

Marshall Neilan will direct the picture, the story of which is a new type for him. "The Rendezvous" is a Russian romance by Madelaine Ruthven.

Nagel is now finishing a picture in New York at the Famous Players-Lasky studio. He will start West before the week is over.

Nagel was obtained for the Goldwyn Stock Company after three years in Lasky pictures. He played important parts in "Bella Donna" (with Pola Negri,) "Saturday Night," "The Lost Romance" and "Sacred and Profane Love," among other pictures, and is one of the few "character leading men."

Nagel started in motion pictures in "Little Women" in 1918. He came from the stage, where he acted under the William A. Brady management.

## MEXICO URGED FOR FILM ACTS

### Z. L. Cobb Calls Attention to Fine Scenery

### Addresses Given to Local Organizations

### Ties of Two Countries Seen Tightened by Move

Mexico's wonderful scenery as a setting for certain parts to be filmed by Los Angeles motion-picture companies is being brought to the attention of various local organizations by Zach Lamar Cobb, formerly a leading lawyer of Texas and now a resident of Los Angeles.

A series of talks was requested by leading motion-picture, banking and business men, following an address given on the subject by Mr. Cobb at a meeting of World Traders at the City Club Wednesday night. A similar discussion was presented to the foreign-trade committee of the Chamber of Commerce and a subcommittee was appointed to co-operate with Mr. Cobb in formulating plans for tightening the bonds of business and friendship between Los Angeles and Mexico, through the motion-picture industry.

**ACCEPT OPEN DOOR POLICY**

Only recently have Los Angeles film companies been accepting Mexico's policy of the open door to the industry. One company has just returned from Mexico City where a large number of scenes were photographed in and around Chapultepec Castle, Mexico's "White House." The Mexican people have since displayed their appreciation to this Los Angeles film company for sending its stars to Mexico to picture the favorable side of that nation's life.

This feeling of friendship, coming from Mexico, is illustrated by the career of Ramon Samaniego, according to Mr. Cobb. Samaniego is known to the film world as Ramon Novarro, a young actor who has achieved stardom under Rex Ingram's direction.

"Samaniego belongs to one of the old families of Mexico," Mr. Cobb said yesterday. "He, like many others, came to Los Angeles at the time of the Mexican revolution. He started in motion pictures without any influence or connection to boost him, and he is now on his way to the top as a motion-picture star.

**STAR IS WATCHED**

"Samaniego's story is known all over Mexico. When one of his pictures is displayed there, the people of that country see further than the film itself because they see in Samaniego one of their own countrymen who has achieved the highest success in his profession, and this success has come to him in the American city of Los Angeles.

"The result is that hte Mexican people appreciate the fact that their countrymen receive the same opportunities and rewards here that are accorded our own people.

"The motion-picture industry will soon present its great exposition to the world in this city during the summer months. Representatives will come here from all the Latin-American countries. They will take home impressions that will directly affect our future trade relations. They will not only see, but will understand the importance of Los Angeles as a commercial city, and a banking center. They also will have seen Los Angeles Harbor and all it stands for.

"But these physical things of themselves will not suffice. We must impress the Latin-American through the motion-picture industry, that Los Angeles is their one best friend among all the cities of the United States. With that in view we should have President Obregon and the executives of the other countries send special commissions to the exposition in order that they can see the industry in its greatness here at home and where they can come in direct touch with its 'simpatico.'"

**SUBCOMMITTEE MEMBERS**

The subcommittee appointed by the foreign trade committee of the Chamber of Commerce consists of Robert E. Tracy of the Milton G. Cooper Dry Goods Company; R. C. Mead, of the Western Wholesale Drug Company, and Eugene H. Kaufman.

The committee's duties, consist of urging the motion-picture industry to continue to carefully censor all motion pictures and see that nothing offensive to other countries enters them; and to make productions in whole or in part in other countries so that the truth of these nations may be shown to the American people.

"The films, by giving a truthful portrayal of us to people in foreign countries, and of them to us in the United States, can be made to serve as the greatest agency for good will between nations," Mr. Cobb concluded.

## Cullen Landis Will Play Lead for Vitagraph

Cullen Landis, who played the lead in "The Fog," is to play the juvenile lead in "The Alibi," the David Smith production for Vitagraph, which will be started within the next few days. Landis obtained a contract for this production night.

His work in "Masters of Men," a Vitagraph production which was completed two months ago and is as yet unreleased, won him his latest contract with that company.

THOUGHT

SAID an important man to a friend: "How do you account for the fact that The American Magazine has increased in circulation from 400,000 to more than 1,900,000?"

Said the friend:

"It grows because it provokes thought. I find *myself* in each number, *my* problems, *my* obstacles, *my* plans. Invariably there is something by which I can strengthen and test my own thinking."

Here is an example of what this man had in mind. In the May number, now on sale, one of the foremost executives in America gives these six tests which he applies in his measurement of men:

1. Do you do little things well?
No man can be more damaging in an office than a would-be executive who, in his reach for larger things, despises and neglects the smaller responsibilities confided to his care.

2. Have you learned the meaning of order as to time and place?
Napoleon fought his earlier and most brilliant battles against forces far superior to his own. But he always arrived a little *before* the opposing generals expected him.

3. Do you do first things first?
Work is constantly delayed because some well-meaning person is busy on Operation Number 20, when he should have started and finished Number 1.

4. How do you use your leisure?
"If I can know what a man does on trains," says this executive, "and in the free hours of his evenings, I can give a pretty good guess as to where he is going and how likely he is to arrive."

5. Have you intensity?
Unless every man you go to see is stirred, even if only a little, by the energy and magnetism you bring into his office, it is doubtful if you will create much of a stir in any position you want to fill.

6. Do you take advantage of momentum?
Suppose you win a little recognition, a little success. Then is the crucial time. There are moments when a month is worth a decade—if a man who has been pushing hard knows how to push a little harder.

THERE ARE more than twenty-five other features in this May number; H. G. Wells is here and Mary Pickford; Gelett Burgess and Dr. Frank Crane.

But the six tests which are reprinted above represent something which you and I and all the 1,900,000 buyers of The American Magazine can look for in *every* number and never fail to find.

It is the stimulus, the interest and the power, the mighty and uncommon advantage, that we gain from looking deep into the *minds* of people who have lived well.

## WILL NOW DIRECT

### WILLIAM WELLMAN TO MAKE FILMS FOR FOX

By Grace Kingsley

It looks as though there were no chance in the world of William Wellman's ever being called Willie Chadwick. Mr. Wellman, you will recollect, is Helene Chadwick's husband.

But he is also destined to become a very fine director, according to reports. He has been working as an assistant director for a long time. Now he is being given his chance as a director at the Fox Studios, and all the authorities predict great things for him.

Wellman's first picture will be a vehicle for Dustin Farnum called "The Twins of Suffering Creek," and the company is to go to Sonora on location today. The players will remain on location for about a month.

The picture serves also to introduce a new discovery in the way of leading ladies. She is Jacqueline Gadden, who has been playing small parts of late, but showed so much ability that she is being promoted.

Another important part is that taken by Lloyd Whitlock, who will do the villaining in the piece. In private life, Whitlock, as is usual with professional villains, is one of the most devoted husbands and fathers; and when he completes his role in the present picture, he will go to Portland, Or., to join his wife and baby daughter, who are to pay a visit to Mrs. Whitlock's mother in the northern city.

**Shows Up Picture Folk**

There soon won't be a bit of mystery left about the picture people and their lives.

Now it is Robertson-Cole who are to make a picture about the picture players. It is to be called "Lights Out," was written by Paul Dickey as a play, and will be a comedy drama.

Al Santell has just been signed on a two-years' contract and will direct the picture. The cast is shortly to be announced.

**Louise Fazenda Answers Back**

It takes Louise Fazenda to think up the right answers, even when she is relating a Happy Hooligan on herself.

While driving from San Mateo with her mother, after completing her work in "The Fog," the Graf production for Metro, Louise saw a man walking along who seemed all in. She invited him to the extra seat in her car. Settled in it, he began to score the motion-picture profession with great animosity.

"Did you tell him you were in pictures?" some one asked her.

"No, I was afraid it would embarrass him," said Louise.

"Why didn't you ask him," said another, "what he thought of Louise Fazenda?"

"He probably wouldn't have known anything about me," replied Louise, "and then my mother would have been embarrassed."

**Emory Johnson a Papa**

Once more Emory Johnson, well-known picture director, is a fond papa. Mrs. Johnson, known professionally as Ella Hall, presented her husband with a little daughter last Wednesday. The child was born at St. Vincent's Hospital, and mother and child are reported as doing well.

Two other children have been born to the couple, who live at 7018 Franklin avenue, Hollywood.

**Irene Rich Ill**

Irene Rich, Warner Brothers star, is ill at her Hollywood home, suffering with influenza, having been confined to the house for a week. Miss Rich has been working in a picture at Universal City, but is expecting to start work within a month on her first Warner Brothers starring vehicle, "Lucretia Lombardi," from Kathleen Norris's novel.

**Tourneur Directs Spectacle**

Maurice Tourneur is winding up "The Brass Bottle" in a blaze of glory. Yesterday he took the most spectacular of the scenes, when he photographed a hundred oriental dancing girls and Nubian slaves in an "Arabian Nights" harem scene.

**Alma Tell in Pictures**

Alma Tell has succumbed to motion pictures, and is to appear in a Fox feature, to be directed by J. Gordon Edwards, the name of which is being kept secret. Edmund Lowe and Florence Martin have also been engaged.

**Ruth Dwyer Comes West**

Hollywood gets them all sooner or later. Now it is Ruth Dwyer, featured player in "The Stealers," former leading woman with Eugene O'Brien, who has been engaged by the Fox Film Corporation, and who will leave New York shortly for the Coast.

**Warner Baxter, Composer**

Just why screen acting and musical talent should go together is hard to tell, but they seem to. The latest star to break into the composer class is Warner Baxter, Robertson-Cole star, who has just composed a song he calls the "Navy Blues." He picks a mean mandolin while singing it, too.

**Brown With Universal**

Clarence L. Brown has been signed by the Universal Pictures Corporation. Brown, it will be remembered, directed "The Light in the Dark," and other notable screen successes. His contract with Universal calls for the making of four productions of unusual caliber.

The first of these will be "The Acquittal," Rita Weiman's famous stage play, which has been a sensation in New York, and is just now opening a run in London, which is expected to rival its success in New York. Priscilla Dean is to play the star role in the picture.

## ELEPHANT STAMPEDE IN JUNGLE PICTURE

Even the wildest of imaginations could hardly conceive the furious elephant stampede as pictured in Martin Johnson's "Trailing African Wild Animals," which is to have its premiere showing at Loew's State Theater Sunday.

Pachyderms by the score are seen in a mad dash at the cameras, while ill-tempered rhinoceros and snarling lions and leopards are shown in close-ups.

# MUSICAL

## VIRILE ARTISTS

### LONDON QUARTET ACHIEVES NOTABLE IMPRESSION

By Edwin Schallert

Strong, vigorous, sturdy, the Anglo-Saxon ideal in music was vouchsafed to us by that estimable organizatoin, the London String Quartet, at their concert last night at the Gamut Club. This was the first program by this noted ensemble in the city, and was given under the auspices of the Los Angeles Chamber Music Society as their closing contribution to the season, and it proved one of the worthiest of their many musical enterprises since they came into being, for the concert was a revelation of virility and distinction in the muscal art.

The London String Quartet is made up of Arthur Beckwith, first violinst; Thomas W. Petre, second violinst; H. Waldo Warner, viola player, and C. Warwick Evans, violoncleilst. Of these Mr. Warner is known through one or two of his compositions which have been given by the Chamber Music Society. The program by the London String Quartet contained his String Quartet Opus 23, the fairy suite, "The Pixy Ring."

There is a notable individuality to the work of the London Quartet. Not for one moment would you confuse their playing with that of the Flonzaley Quartet or the Kneisels. The Flonzaley represents to the mind of the musical auditor perfection in its most elusive and uncanny sense. There is a remarkable unanimity in their renditions.

While the cohesion is remarkable in the London String Quartet, it is of much broader character. There is more room apparently for the individual player to make an individual impression. There is bigness and a certain glorious crudity about some of their interpretations, despite the fact that the members achieve a remarkable blending. You feel that real men are bringing music to you in a really mannish way. The shading, the color, the richness and expressiveness of their interpretations urge themselves convincingly upon you whatever they play.

These vital and vibrant characteristics were disclosed in a remarkably balanced and finished production of the String Quartet in C Opus 59, No. 3, by Beethoven, and in the String Quartet in F by Anton Dvorak. In Mr. Warner's suite, a fantasie of light enchantment, decidedly modernistic, more delicate qualities of style were disclosed by the musicians. This work is most refreshing in imaginative coloring.

The rapid movements in the various numbers were played with fire and enthusiasm that will be long and well remembered. In some of the slower movements the 'cello passages seemed to have especial beauty but the ensemble was in each instance splendidly balanced and rounded.

The popular success of the organization was exceptional. They were long applauded after every selection, and finally at the close gratified their listeners with an encore.

## CONTRALTO PLEASES AT MORNING MUSICALE

The first of a series of four spring morning musicales was given at the Ambassador Hotel Theater yesterday morning. Viola Ellis, dramatic contralto, accompanied by Homer Simmons, and Robert Raymond Lippett, piano soloist, were the musicians. These morning musicales are a fine thing, offering as they do, concerts at a less crowded part of the day, and presenting artists who, in many cases, still have their reputation to make.

Dramatic contraltos are rather a scarcity in Los Angeles. So it was with more than usual interest that one listened to Miss Ellis. She is a singer of sincere ability, and at times her voice evinces a richness that is unusual in its mellow beauty. At other times her quality is not quite so good. And her interpretations likewise were commendable.

Her best numbers were "O Don Fataie," from "Don Carlos," by Verdi; "Supplication," a number dedicated to Miss Ellis by Helen Lukens Gant, and "Le Tigre," by Masse.

She is best in dramatic numbers; in fact, she gave little that was not dramatic, and she sings forte much more than pianissimo.

Two of her numbers by local composers were "The Storm," by Charles Ferry and "Un Pajarite," by Gertrude Ross.

The pianistic talents of Mr. Lippett are negligible. For the most part he is uninteresting; it was only here and there that he showed anything unusual in his playing. For the most part he lacks the element of charm, nor does he touch any opposite extreme.

Although he is not a Debussy interpreter, his "La Cathedral Englouttie" was the most interesting by the composer. The Grieg "Ballade" opened the program. His most satisfactory renditions were "Am Meer" (Schubert-Liszt;) "A la Cubano" (Granados,) and Fourteenth Rhapsodie (Liszt.)

## IN "COVERED WAGON" ROLE AT WAMPAS BALL

The film fans who have seen Lois Wilson in her latest role as Mollie Wingate in "The Covered Wagon" at Grauman's Hollywood Egyptian Theater will have the chance to see her playing that role in the flesh at the Wampas Frolic and ball on the world's largest stage at Warner Brothers' studio tomorrow night.

Lois Wilson was one of the "baby stars" of 1922 sponsored by the "Wampas" and she has since developed into full-fledged stardom, and was given her biggest role in "The Covered Wagon."

"The Covered Wagon" is shattering the records established by Douglas Fairbanks in "Robin Hood" at Grauman's Hollywood, and gives every indication of a long and successful run.

# Screen Shows How Russians Won Freedom

Graphically depicting the struggles and sufferings of the Russian pepole since the start of their fight for freedom, "Russia Through the Shadows," which might have had an alternative title, "The Birth of the Soviet Government," opened a three-day engagement at the Philharmonic Auditorium yesterday.

Although poorly photographed, the picture is a smashing revelation of the hardships these people have experienced. Opening with a visual explanation of the oppression under the Romanoffs, the film in turn treats with Russia's part in the war, the revolution for freedom, the counter-revolution which resulted in the formation of the soviet government, the toll-taking famine which swept the country, the relief work done by America and the gradual recovery of the country to normal conditions.

Perhaps the most striking portion of the film is the episode dealing with the famine, with the views of the dried-up and cracked agricultural ground, the starving men, women and children, and live stock, and the scramble of the peasants for weeds with which to make life-sustaining bread.

This is not entertainment, this "Russia Through the Shadows," but it is a living chronicle of actual events, several scenes of which are far from pleasant.

## MAN-KILLING LION SLAIN BY H. A. SNOW

A man-killing lion, twelve feet in length, was one of the beasts slain by H. A. Snow, the explorer, in his two years of wandering in the heart of Africa, a 10,000-foot cinematic record of which will be shown at the California Theater Sunday.

The beast had slain Harry Klopper, one of the Snow party, and the hunter started after it, determined to avenge the death of his companion on the expedition.

## WILL CONTINUE TO PLAY FATHER ROLES

Even though the father does seem to get the worst of things, according to the many "flapper" pictures that have been released recently, there is one actor in the industry who has not as yet threatened to scratch pater roles from his histrionic list. He is George Nichols, chosen by Hobart Henley to play James Madison in "The Flirt," which comes to Tally's Broadway on Sunday.

Nichols declares that inasmuch as he is a father in reality, he feels more at home in this role on the screen, and will not give it up no matter how bad his screen daughters behave.

## OBSTACLES MEAN NOTHING TO THEM

That obstacles mean nothing in the lives of motion-picture property men was proved when preparations were under way to film the Norma Talmage production, "The Voice from the Minarets," which is the feature of the Alhambra's bill.

Location man and "props" had to find camels in a land where no camels abound; to round up several foreign cars and to find suitable polo grounds for the shooting of the Bombay scenes.

## RAISIN DRIVE IS IN DANGER

### *Sun Maid Campaign Now at Critical Place*

### *Results Are Disappointing to Those in Charge*

### *Volunteers Fail to Gather Subscriptions*

[EXCLUSIVE DISPATCH.]

FRESNO, April 19.—"The public and the growers can be under no illusions about the present dangerous condition of the Sun Maid campaign."

In these words Managing Director Ralph P. Merritt of the Raisin Association today summed up the results of yesterday's intensive effort to put over the growers' campaign to sell $2,500,000 of preferred stock and sign up 85 per cent of the acreage under the new contracts.

Business houses of the valley in many places closed, including Fresno, and thousands of volunteer workers, strove to bring in subscriptions and signatures. The general result today was characterized by Sun Maid officials as a signal failure.

Information was received by the Sun Maid today that in expectation of failure of the drive, on which the officials say the life of the association depends, independent packers in the Middle West are quoting new crop raisins on a basis of 7 cents a pound, against the Sun Maid figure of 10 cents.

Advices received here today also say that meetings are being arranged in San Francisco at which plans will be made to help put over the Sun Maid's double drive. It is due to close Raisin Day, next Thursday. Official tabulations today showed $1,494,200 subscribed for stock, besides $47,500 pledged by the Clearing-House banks.

An additional $100,000 is to come from San Francisco as a result of a visit of representative Bay City men here yesterday.

These figures represent a twenty-four-hour gain of only $21,000 in subscriptions on the day when it was hoped the total would be brought close to the $2,500,000 goal.

To this $21,000 gain must be added some subscriptions not yet reported from various valley communities and $15,500 subscribed in and about Fresno yesterday and not yet tabulated. Fresno's quota is $650,000, and so far $513,800 has been raised.

Director Merritt and Al C. Joy, director of the campaign in the Fresno district, were due to go to Los Angeles tonight to meet with Chamber of Commerce officials here tomorrow.

## PORTERVILLE OVER QUOTA IN ACREAGE

[EXCLUSIVE DISPATCH.]

PORTERVILLE, April 19.—With 1092 acres subscribed for the Sun-Maid Raisin drive against a quota of 947 and indications of more Porterville will probably go over with a surplus of 24 or 25 per cent on acreage according to Secretary Gehring of the Porterville Chamber of Commerce. An additional $800 worth of stock was subscribed at the monthly community luncheon of the chamber today, making a total of $2600 toward a quota of $6000. Gehring says Porterville is for the Sun-Maid and delay on stock is occasioned by difficulty in covering a wide field. Closing time on the 26th inst. is expected to see it well over. A. I. Wishom, president of the San Joaquin Light and Power Company and director of the Sun-Maid Growers, formerly in charge of much orange property here, was chief speaker at the meeting. The Tulare County Farm Bureau has indorsed the campaign and is urging growers to sign the contracts.

## Anaheim Homes Are Opened to Epworth League

[EXCLUSIVE DISPATCH.]

ANAHEIM, April 19.—While the vanguard of the 700 delegates to the thirty-first annual convention of the San Diego district of the Epworth League was arriving in Anaheim this afternoon, members of the local organization were completing arrangements for the entertainment of the visitors in Anaheim homes during the three-day conclave which will open tomorrow afternoon.

The delegates will be cared for on the "Harvard Plan," according to Rev. J. A. Geissinger, pastor of the Anaheim Methodist Church, who explained that several homes in Fullerton were also available for the entertainment of the guests. The convention will open at 6:30 o'clock tomorrow evening with a banquet at the White Temple. Dr. E. E. Helms of Los Angeles will deliver an address on "Loving Service." A feature of Saturday's sessions will be a picnic dinner at Orange County Park. The closing sermon will be preached by Dr. Clyde Crist, district superintendent of the league. The installation of officers will take place before the convention adjourns.

## WEATHER IS PLEASING TO TULARE COUNTY

[EXCLUSIVE DISPATCH.]

PORTERVILLE, April 19.—Sunshine today followed yesterday's welcome storm, bringing season's rainfall to 8.60 inches as against 11.82 at this time last year. Rain this April is 2.79 inches, while last April only .17 inch fell.

Warm weather and late rains have advanced the grape season two weeks, and strengthened belief that the season generally will be favorable. Although frost danger is not past, and exceptional heat later in the year may cause loss, outlook for deciduous fruit is most promising in Tulare county, according to Horticultural Commissioner Brann.

## *LAUNDRY IN DANGER OF EXPULSION*

### *Citizens of Alhambra Up in Arms Over Business House of Chinaman*

[LOCAL CORRESPONDENCE.]

ALHAMBRA, April 19.—A Chinese laundry, almost homeless and quite friendless, has stirred up a fine fracas here and the City Commissioners have been called on to arbitrate the matter.

Forced from a location on North Garfield avenue, where he had held forth amid the sputtering irons and the shirts and collars for many years, because of the advance of the American business enterprise Quong Lung arranged for the purchase of a lot on Orange street for his future commercial activity. The land was bought by Wing Ling, said to be a wealthy naturalized Chinaman of Los Angeles, and head of a so-called laundry trust.

The old ramshackle frame structure which had served Quong Lung long and well, housing a multitude of Celestials who took turns in the narrow bunks and at the ironing tables, was moved to the Orange street lot, which is in a narrow strip of the industrial district and thereby open to a laundry industry. The building, after a tortuous journey and with the loss of only a few boards, was finally set on its new foundations and the irons were heated again.

Then the peace of the neighborhood was threatened. Home owners living close by became greatly agitated and a petition was presented, asking the honorable gentlemen of the City Commission to change the district from industrial to residential. The Commission, although looking with favor upon the plea, has deferred action until May 7.

Meanwhile the irons sizzle over the shiny shirt fronts—and possession is nine points of the law.

## TWO HURT IN BLAST

### Exploding Claremont Gas Main Injures Workmen

[EXCLUSIVE DISPATCH.]

POMONA, April 19.—Marvin True, 210 North Monrovia and Lynn Wheeler, 944 West Monterey, were seriously burned in a gas explosion today, while a main of the Southern Counties Gas Company was being tested out under pressure at Indian Hill and Seventh street, Claremont. True and Wheeler, both employees of the gas company were working in a ditch in which the new main was being laid. The welders had finished making the last joint and the gas had been turned on full pressure to make sure that none of the joints leaked.

It is thought that a rock had been left inside the pipe and when pressure was turned on the friction of the rock against the pipe threw a spark, which caused the explosion. Both men were terribly burned about the face, head and arms. Both will recover.

## BUILDERS' EXCHANGE SOUGHT AT ANAHEIM

ANAHEIM, April 19.—Rumors that Anaheim is to be the location for the Orange County Builders' Exchange headquarters were current here today following a visit by A. N. Morris, Southern California Builders' Exchange representative. It is thought the headquarters probably will be established here since it has been the opinion of county builders that an exchange was needed for cities in this vicinity. The work of the exchange for this county has been handled by headquarters in Los Angeles, but with the rapid growth of Orange county cities it is now considered advisable to make Anaheim the center of the building district.

## ANAHEIM WILL HEAR STUDENTS OVER KHJ

[EXCLUSIVE DISPATCH.]

ANAHEIM, April 19.—The Anaheim High School auditorium was being prepared today to receive the program which will be broadcast over KHJ Times' Radio by Anaheim High School students at 12:45 o'clock tomorrow morning.

Miss Constance Williams, winner in a high school vocal contest, will sing "If I Were a Rose." Trumpet solos will be given by Bert Steel Head, accompanied by Mrs. Leona Steel Head. Other students who will be heard are: Florence Austin, Elvin Grauer and Marion H. Higgins.

## TRUCKLOAD OF WINE IS SEIZED IN HOME RAID

[EXCLUSIVE DISPATCH.]

ANAHEIM, April 19.—Following the arrest of Peter Ailland who, according to police, had stored 200 gallons of wine and a large wine press in the basement of his home on East Vermont street, Chief of Police Bert Moody today announced that his force would co-operate with Sheriff Sam Jernigan and his deputies in an effort to rid the town of moonshiners and bootleggers. Officers declared that Ailland had been operating a bootlegging business unmolested for several months because they had been unable to obtain evidence. But a truck was needed to haul away the evidence last night. The police also seized a small still in a raid on a South Claudina-street home.

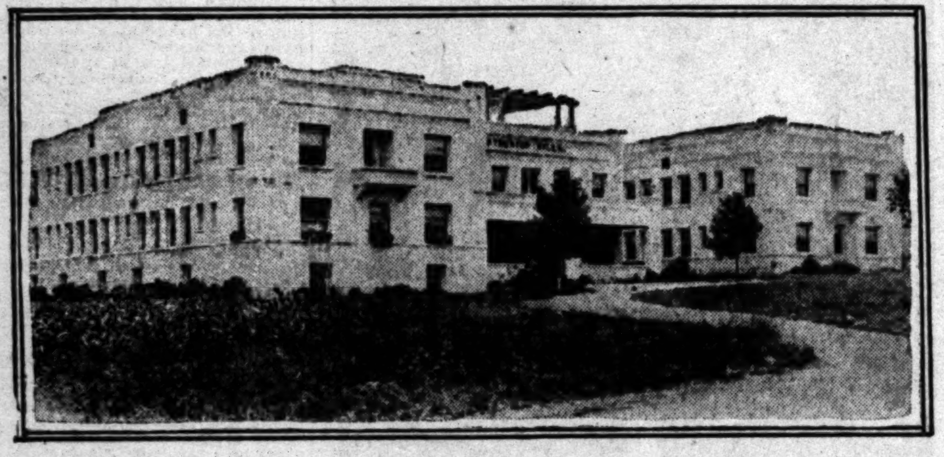
### HELD ON CHECK CHARGE

[EXCLUSIVE DISPATCH.]

POMONA, April 19.—Bound over to Superior Court, Edward R. Simms, who was given a hearing before Justice U. E. White today on a bad check charge totaling $320 on a local motor-car agency this afternoon was taken to the County Jail at Los Angeles by Constable A. B. Chambers. Simm's bail was fixed at $1000, which he was unable to give.

## HOME FOR AGED ACQUIRED BY CHURCH

### *Institution Inspired by Gifts of Angelenos*



Atherton Villa

[LOCAL CORRESPONDENCE.]

BURBANK, April 19.—The Evangelical Church has taken possession of its property here for which it began negotiations last October, with the Baptist conference, then the owners of the large building known as the Atherton Villa and the surrounding grounds. The new owners have rechristened the institution the Pacific Evangelical Home of the Aged. A. Boelter, pastor of the Evangelical Church at Twelfth and Hope streets, Los Angeles, is vice-president; F. Cordes, pastor in Boyle Heights, is superintendent, and will be here the latter part of May to have charge of the institution, while Mrs. Cordes will be matron.

On Sunday, May 6, dedicatory ceremonies will be conducted with Bishop Mace from the East delivering the principal address. F. H. Doescher, presiding elder of the Anaheim district, and G. G. Schmidt of Porterville, presiding elder in the north, besides Mr. Cordes and Mr. Boelter and other distinguished men in the church will be present.

The building contains sixty rooms. It will be entirely redecorated at once and later the exterior will be treated. The grounds are now being improved and a large area in front of the building is being landscaped by Mr. Horne of Los Angeles as a memorial to his wife.

In addition to this valuable property, the church has purchased lots in the adjoining block, where it is planned to erect a church, definite arrangements for which will be handled at the conference next month.

The inspiration for the acquiring of the property was created by F. W. Voegelein of Los Angeles, who, before his death two years ago, deeded to the Evangelical Church his property in that city, where his widow now resides. He was widely known in his church circles, being presiding elder of the California conference. Isaac Burkhart, also of Los Angeles, who died a month ago, was another contributor of many thousands.

The inmates of the home will come here from all over the United States, but the financial district of this institution is California, Oregon and Washington.

## PLANS TALK ON PORTS

### Congressman Lineberger to Speak at Long Beach

By a "Times" Staff Correspondent

LONG BEACH, April 19.—Invitations have been extended to more than 2000 members of Long Beach Chamber of Commerce and their friends for a dinner Tuesday evening in the dining-hall of the new Chamber Building. Maj. Walter F. Lineberger, Congressman from his district, will be the principal speaker. He will outline the Federal plan regarding the proposed break-water extension for Long Beach and Los Angeles Harbors. He also will speak on phases of his work in Congress.

Robert Allen, chairman of the regional planning commission, will be another speaker. A vaudeville entertainment will be supplied by Otis Hoyt of Hoyt's Theater.

## MAN FOUND GUILTY OF MANSLAUGHTER

[EXCLUSIVE DISPATCH.]

VISALIA, April 19.—Manslaughter was the verdict of the jury in the trial of Joe A. Ewing of Porterville, charged with slaying W. P. Kapulani, (Hawaiian Pete,) breaking a deadlock of seventeen hours and thirty minutes.

Ewing shot Hawaiian Pete as the victim left his shack in "Gobletown," Porterville, on the night of the 1st inst., following a friendly scuffle. Ewing formerly served sixteen years in the Texas State prison for second-degree murder and took the verdict unmoved. He pleaded self-defense. The dying man begged that his friend be not prospected. Sentence will be pronounced Monday morning by Judge J. A. Allen.

## COMMERCE CHAMBER FOR COUNTY BONDS

[LOCAL CORRESPONDENCE.]

OWENSMOUTH, April 19.—following the reading of a letter from Supervisor Henry W. Wright of the Fifth District, members of the Owensmouth Chamber of Commerce gave their indorsement to the proposed county bond issues for a new hospital, Hall of Justice and other buildings and equipment.

Secretary Guy Crowley, in a letter to Supervisor Wright, says:

"I am pleased to advise that the people here seem to be unanimously in favor of these proposed bonds, and that the proposed issue was officially indorsed by our organization."

Members of the chamber will make an active effort May 1 to obtain a big vote for the bonds.

## WOMAN TELLS OF ATTACK

### *Victorville Wife Takes Stand in Trial of Mexican Charged With Felony*

[EXCLUSIVE DISPATCH]

SAN BERNARDINO, April 19.—Jose Villa, one of three Mexicans, who participated in an asserted attack on pretty Delta Cotta, a Los Angeles woman, at Victorville, made a bid yesterday to escape the penitentiary.

In cross-examining Mrs. Cotta after she told of the horrors of forced submission to the three Mexicans, at the point of a revolver, and of her husband standing by under threat of death, Attorney Raymond E. Hodge, defense counsel, insinuated that she lived in the Victorville Mexican colony by choice.

Mrs. Cotta shot back a denial.

"I am not that kind of a woman," she said.

But the defense attorney went on. She denied every insinuation against her character. She went to Victorville with her husband, she said, to operate a boarding-house. Outside the courtroom were a dozen defense witnesses, and it was reported they would be called to attack her reputation.

John Cotta followed his wife to the stand, and told of the attack. It occurred after midnight on the night of December 17 at the Cotta home, he said. He told of Juan Valdez, the leader of the attackers, being killed by Constable J. S. Weeks as he broke down the door to rescue the woman from the third attack.

Pedro Aguilar, the second accused man, is awaiting trial in the County Jail. Aguilar held him with a revolver as Valdez attacked his wife, Cotta said.

Ex-Constable J. S. Weeks testified that he killed Valdez in a gun fight. Peter Weiss, a 17-year-old Victorville youth, aided the officer in the battle with the drunken Valdez. Aguilar and Jose Villa "quit cold" in the fight when Valdez dropped mortally wounded, the officer said.

The State will rest its case early tomorrow, it is anticipated.

## Jury Disagrees Over Slaying of Lover by Woman

[EXCLUSIVE DISPATCH.]

FRESNO, April 19.—The jury in the case of Mrs. Anna Barres, charged with the murder of her sweetheart, Nick Iocolano, here last January, today failed to agree, and was discharged after being out more than nineteen hours. The court set the second trial for May 9.

It was reported the jury stood six to six last night on the guilt of the defendant, and later the vote was nine for conviction and three for acquittal.

Mrs. Barres shot Iocolano to death in a rooming-house where they were living after she had left her husband, Mike Barres, at Oronoco, Ky., and came here with the other man. It was said in her behalf that Iocolano plied her with narcotics. Her defense was temporary insanity.

Two of her four children were with her yesterday during the arguments. The others with her father, who traced Iocolapo and the woman here, charged the man with violation of the Mann Act and then went back home.

## REALTY CONFERENCE TO MEET AT BEACH

By a "Times" Staff Correspondent

LONG BEACH, April 19.—Reservations for 300 realtors have been made for the banquet Saturday evening at the Hotel Virginia, which is to be one of the features of the regional conference of the California Real Estate Association. Several sessions are planned for the day, and realtors from the sixth, seventh and eighth regional districts will be in attendance.

At the conference Frazer O. Reed, president of the State body; Henry P. Barbour, head of the Long Beach Realtors' Association; Congressman Walter F. Lineberger of Long Beach and several others prominent in State affairs will be among the speakers.

## STORM DRAIN BONDS CARRIED AT ORANGE

[EXCLUSIVE DISPATCH.]

ORANGE, April 19. — Orange streets soon will undergo the Volstead process approved by the voters in a heated election yesterday. A storm drain costing $12,000, to divert vagrant storm and irrigation waters from residential and business streets, was ordered.

Supporters of the bonds triumphed, but only after a hot battle. Official tabulations completed today showed that the bonds carried by a slim margin. The official count stands at 544 for, and 265 against. A two-thirds majority was required to carry the propositions.

## CLASSES WILL MAKE COSTUMES FOR PLAY

[EXCLUSIVE DISPATCH.]

SOUTH PASADENA, April 19. "The Chimes of Normandy," to be presented by South Pasadena High School music classes on May 11, will be a demonstration of what the craft classes can do. Costumes and scenery are being made by the dressmaking and art departments, respectively, and properties and furnitures by the crafts shop. This is the first time the high school has endeavored to make sources in staging a production itself independent of outside

## Monrovia Gains in New Citizens, Surveys Show

[EXCLUSIVE DISPATCH.]

MONROVIA, April 19.—Within a few weeks Monrovia will pass the 10,000 population mark, according to the figures of the new city directory, just published. Estimates of the city's population based upon directory figures give Monrovia 9315. The estimate of the City Water Department from meter reports is 9512, for light and power meters the figure is 9401 and from gas meters 97762, indicating a close similarity in results of the various computations. This gives Monrovia a gain of 3835 over the 5480 allowed by the census enumerators of 1920.

## SPANISH-AMERICAN WAR DATE OBSERVED

By a "Times" Staff Correspondent

SAWTELLE, April 19.—Spanish-American War veterans of Los Angeles county will meet at Pepper Grove, Soldiers' Home, adjoining this city Saturday, the twenty-fifth anniversary of the Declaration of War with Spain, when a monster celebration which promises to out do all other commemorative events ever staged at the Pacific branch home is planned.

The program accepted by Col. O. A. Marshall, governor of the home, was announced this morning by W. J. Sterling, blind veteran at the Soldiers' Home and member with Admiral Glass Camp of Los Angeles.

The giant Camp Roosevelt of Los Angeles and the baby organization, Camp McArthur of Ocean Park, will vie with each other in contests and events during the celebration. All other camps will be represented in large numbers.

Special speakers, innovations and unusual events will be introduced.

## SENSATIONS AT TRIAL FAIL TO MATERIALIZE

[EXCLUSIVE DISPATCH.]

SANTA ANA, April 19.—Those looking for sensational testimony today in the divorce trial of Jane Smith against John D. Smith were disappointed for Smith defaulted and an interlocutory decree was granted the plaintiff by W. F. Menton, Superior Judge pro tem.

Mrs. Smith had asserted her husband failed to provide for her and that he was unduly jealous He, in an answer, charged her with intimacy with several other men and cited names, promising a contest when the case came to trial. None of these asserted facts was brought out today, however.

## PONY EXPRESS RIDER TO BE BURIED TODAY

[EXCLUSIVE DISPATCH.]

PORTERVILLE, April 19.—J. E. Dunlap, 85 years of age, known as "Uncle Jim Dunlap," one of California's last pony express riders, who died at his home in Glennville in the hills near here early Wednesday morning, will be buried there tomorrow afternoon. Mr. Dunlap came across the continent from Texas in 1854 to Los Angeles, later homesteading at Glennville in 1856. Until his death he was an active hunter and woodsman. He leave a son and a daughter.

## ROSES LEAD AT FLOWER SHOW

### *Large Variety of Plants in Pasadena Exhibit*

### *"Fish-Tail Palm" of Brazil Draws Attention*

### *Judges to Announce List of Prize Winners*

By a "Times" Staff Correspondent

PASADENA, April 19.—Displays by more than 400 exhibitors at the eighteenth annual flower show of the Pasadena Horticultural Association, which opened today at the Hotel Maryland, have given the palm room of the hotel the appearance of an enormous hothouse. Almost every known variety of spring flowers and shrubs are included in the entries.

Roses, entered by both private and commercial exhibitors, comprise the greater part of the show. Among them are said to be some of the finest specimens ever displayed in California. Red Hadleys, golden Ophelias and long-stemmed American beauties attracted the greatest attention. Nearly all were grown in Pasadena gardens.

Ornamental shrubs are a feature of the show, the Henry E. Huntington estate having entered numerous rare species. Among them is a "fish-tail palm," or Garyota Urena, native to Brazil. Another feature is the wild-flower display by grammar and high school students.

### MANY NOVEL PLANTS

An unusual calceolarias collection, with flowers of red, yellow and pink, and lavender, yellow and white orchids lend an exotic effect to the scene. One special display, not entered in competition, is that of nicotineans, raised on the Pasadena estate of S. W. Allerton.

Cinerarias ranging in color from the deepest purple to brilliant magenta and a display of ornamental colored foliage raised by W. R. Campbell on the Fenyes estate stand out conspicuously against a background of green shrubbery. W. G. Mather has a unique exhibit of cactus of different species.

There are displays of begonias, poppies, petunias, pansies, geums, coleus, tulips, sweet peas, iris, stocks, narcissus, Watsonians, liliums, geraniums and a great variety of ferns and potted bulbs. Floral baskets and table centerpieces have been entered by private growers.

### MANY WILD FLOWERS

The wild flower display includes purple Blue Beard's tongues, yellow wallflowers, lupin, clematis, larkspur, nightshade, blessed thistle, Mariposa lilies, poppies, lemon berry, Catalina cherry, baby blue eyes and owl's clover. Among the novelties entered by Samuel Roe is a football player composed of eucalyptus buds, acorns and pine cones.

The sections of the show are divided into potted plants, cut flowers, floral decorations, fruit and vegetables. The exhibitors are commercial, private, amateur and school growers. Announcement of the prize winners will be made by the judges tomorrow. The show will close at 10 p.m. Saturday.

Judges are G. F. Nilsson, Jr., Beverly Hills; J. MacGillivray, Los Angeles; H. R. Richards, Montebello; A. G. Gunthier, Arcadia; A. Wilson, Los Angeles, and J. Morley, San Diego. H. Ross is president of the association in charge of the show.

## *AIRPLANES DEPART ON LONG TRIP*

### *Four Marine Machines in Flight to Virginia Leave San Diego Field*

[EXCLUSIVE DISPATCH.]

SAN DIEGO, April 19.—Four bombing airplanes, manned by officers and men of the Marine Corps, hopped off at 9 o'clock this morning on the first leg of their proposed flight to Quantico, Va. They were escorted from North Island as far as Imperial Valley by theee planes of the naval air squadron.

The marines will follow the general air lane taken by Lieuts. MacReady and Kelly when these two flyers attempted a cross-country, nonstop flight last fall. Stops will be made at Yuma, Tucson, El Paso, Sweetwater, Fort Sill, Kansas City, St. Louis, Indianapolis, Cleveland, Wheeling, Washington and Ana Costia.

The squadron personnel follows: Maj. Foy Geiger, commanding; Capts. J. E. Davis, L. E. Woods, Arthur Paige, R. A. Presley and Francis Mulcahy; Lieuts. Walter Hallenburg and G. B. Hall; First Sergeants I. M. Karns and H. L. Blackwell, and Gunnery Sergeants W. L. Groves, H. D. Alcorn and W. L. Pounders.

## MARINE FLYERS STOP FOR NIGHT AT YUMA

[BY A. P. NIGHT WIRE.]

YUMA (Ariz.) April 19.—Maj. R. S. Gieger, commander of the squadron of four Martin bombers, manned by United States Marine Corps officers and enlisted men who started today from San Diego on a cross-continent flight to Quantico, Va., decided late today to spend the night at Yuma instead of trying to continue to Tucson. Two of the planes are undergoing repairs tonight for mishaps on the first leg of the flight.

Gypsies are known in Italy and Spain as Zingaros, in France as Bohemians and in Denmark as Taters.

## VENTURA COUNTY TO FOIL CROOKS

### Pair of Bloodhounds Bought to Track "Lone Wolf" and Others

[EXCLUSIVE DISPATCH.]

VENTURA, April 19.—Bloodhounds will be part of the equipment of the office of Sheriff Clark in the future. A fine pair of well-trained dogs have been brought from a southern penitentiary.

The "Lone Wolf" burglar who has been terrorizing Montecito and Ojai only to escape in the hills which are covered with oak and brush is one of the reasons why the dogs have been purchased.

## *BLUE LAWS SMITE CITY EMPLOYEES*

### *Long Beach Municipal Workers Denied Weed in New Building*

By a "Times" Staff Correspondent

LONG BEACH, April 19.—Oh ye devotees of Lady Nicotine. Have you a few tears to shed for fellow-members fo your clan?

If you have, then shed them now, for the city fathers have decreed that city employees while on duty in the new and stately City Hall must refrain from smoking. After months of weighty deliberation, during which the Council threatened to prevent smoking in the City Hall by duly adopted law, and to prohibit even the citizens and taxpayers from indulging in the weed while within its sacred confines, that body has decided that the prohibition shall be confined to employees only and that it should take the form of a "request," rather than an order.

The decision of the Council was reached in the face of strong representations on the part of officers of the W.C.T.U. and others who have appeared before the Council on numerous occasions to demand that the city fathers adopt an ordinance that will effectually and for all time bar tobacco smoke from within the new building and that city employees and visiting citizens be treated alike in the matter.

Threats of lawsuits and test cases if the Council prohibited smoking for everybody is said to have influenced the final decision.

The request order hits hardest the desk sergeants on duty at the new police station within the new City Hall. Except for a half-hour for luncheon, the sergeants work eight hours at a desk where they answer all sorts of questions propounded by an information-seeking public.

Other members of the department and other employees may slip out occasionally for a few "drags" at a pipe or cigar, but not so the sergeants.

## JERGENS TRUST PLANS SUIT TO STOP DOHENY

By a "Times" Staff Correspondent

LONG BEACH, April 19.—Court action against the E. L. Doheny oil organization to prevent the latter from drilling for oil on the Union Pacific right of way in the Signal Hill field loomed here today. Officials of the Jergens Trust, an organization holding oil rights on city-owned land adjacent to the railroad right of way, are planning legal steps to prevent the Doheny interests from carrying out their drilling contract with the Union Pacific, it was said.

Contracts for the drilling of six wells along a narrow strip adjoining the Union Pacific tracks in the heart of the local field were awarded the Doheny interests several weeks ago and actual work was begun last week. One steel rig is completed and preparations are being made for the erection of five more.

## CITY EMPLOYEES OF ALHAMBRA MARRIED

[LOCAL CORRESPONDENCE.]

ALHAMBRA, April 19.—A surprise was sprung on their friends here today when two well-known city employees, Grace E. Mauer and Matthew R. Spencer, were quietly married at the home of the bride.

The couple left immediately after the ceremony on a motor trip to the southern part of the State. The bride is Deputy City Clerk, which position she has held for the past two years. Spencer is head of the identification bureau of the police department.

### NAB SMOKERS ON CARS

By a "Times" Staff Correspondent

PASADENA, April 19.—Arrests are being made here by the police for violations of the antismoking ordinance on street cars and motor busses, following a number of complaints received recently by Chief of Police Kelley. High school students have been said to be the chief offenders.

Under the provisions of the ordinance the maximum punishment is a fine of $500 or six months imprisonment, or both.

### BEACH SERVICE BETTERED

By a "Times" Staff Correspondent

SANTA MONICA, April 19.—Twenty-minute service, starting next Sunday, between the Bay District and Los Angeles has been announced by the Pacific Electric Railway. The new schedule not only shortens the regular service from half an hour to twenty minutes, but also shortens the time between trains during the peak hours.

OWNER'S SACRIFICE.

My beautiful, new, Spanish bungalow, located on a paved street with ornamental lights—just north of the Wilshire Country Club, at
645 LILLIAN WAY.

Not only is this home artistic and beautiful but it was built right. It contains 6 large rooms and two tiled baths.

Every room hand decorated in oil, extra large rooms, a living room that is the equal of any you have seen, special lighting fixtures. Two-car garage.

I want you to come out—bring your own builder and look this property over. I can sell it to you for less than present replacement cost, and make attractive terms.

OPEN EVERY DAY.

A WONDERFUL CITY ESTATE SURROUNDED BY $100,000 HOMES TO BE SOLD AT A GREAT SACRIFICE.

This is a rare opportunity for some one to step into one of the city's best homes WHERE ELEGANCE AND CULTURE PREDOMINATES. Surrounded by beautiful terraced lawns, bordered by wonderful ornamental trees nearly half a century old, enhanced by Italian and Japanese Gardens.

Broad terraced steps lead to wide veranda from which can be had MOST WONDERFUL VIEWS.

This grand old mansion built on a TREMENDOUS STEEL REINFORCED CONCRETE FOUNDATION was built to baffle time and weather. Its ivy covered frame is as substantial as it was when it was first built.

THE INSPIRATION OF THE GROUNDS is indicative of the grandeur of its interior, which is composed of a wonderful entrance hall, drawing room, reception room, living room, a large library, dining room, breakfast room with a large culinary department composed of kitchen, store room and pass-pantry, on the first floor is also to be found a servant's suite of sitting room, bedroom and bath.

On the balcony is a JAPANESE TEA GARDEN more delightful than a pen picture can draw. At the head of the main stairway is the master suite composed of living room, bedroom, dressing room and so on through the entire second floor. Among the several features is a large billiard room, SEVEN REAL FIREPLACES, a complete laundry service of three rooms, heavy oak beamed ceilings. Over 10,000 feet of heavy oak used in the massive decorations.

SPECULATORS READ THIS.
Unheard-of bargain in 7-room Spanish stucco bungalow in the beautiful Wilshire district. This house, built on copper-lined metal lath, and has 4 coats of waterproof stucco. The lighting fixtures are all hand-made. Living-room has large plate glass window, with wonderful view of the mountains. The bank appraised this property at $13,500, and made a loan of $5000 on it. The owner will take $7250 spot cash for his equity. This is located on a concrete street, where the homes have sold from $13,000 to $17,000. We not only recommend this as a speculation, but as a most desirable and livable home.

IT'S sometimes hard to convey the merits of the particular place we wish to sell. YOU READ SO MANY ADS WHICH SOUND LIKE A MILLION DOLLARS AND ARE SHOWN 30 CENTS. If I gave you the real particulars and full details about the plan, type, construction and convenience of this beautiful home, you might think I was over-boosting the place. HOWEVER, I'LL STAKE MY REPUTATION AS AN EXPERT OF HIGH-CLASS HOMES that I'll be able to convince you that this particular WINDSOR SQUARE HOME OF 11 ROOMS, 5 BEDROOMS, 3 BATHS, SUN & BREAKFAST ROOMS, LIBRARY, ETC., is actually worth more than we are asking for it. It will be easy to convince you I'm right after you see the place. I'LL SHOW YOU MORE THAN YOU EXPECT TO SEE FOR $29,500. It takes only a minute to phone me. It will take about half an hour to show you the home. When you read this ad phone A. E. HAUTER, SPECIALIST IN WILSHIRE HOMES, Wil. 165, or eve. 578087.

"SUNNY SLOPE ACRES"
WHY

You want to get away from the noise and bustle of the city, where you can relax and rest, get a good night's sleep, and return to business feeling like a new man, where your family will enjoy every minute of the day, and all of you live in the best of health.

All this is offered to you at Sunny Slope Acres, high above the fog, wonderful view of the mountains, the ideally beautiful 1-4, ½ to 2-acre lots, ranging in price from $650 up. These prices are unheard of in Los Angeles, on the easiest of terms.

Call at 517 Douglas Building, 3rd & Spring. Phone Broadway 1273, and we will take you out in our cars over good roads through Orange groves and flowers, or call at the Tract Office, 100 San Gabriel Blvd., and we will show you a wonderful investment on which to make money.

HERE IS WHAT YOU NEED

TO MAKE MONEY IN LOS ANGELES

REAL ESTATE.

1st—A small amount of cash.
2nd—A small amount of brains. (Not absolutely essential.)
3rd—Sufficient courage to say "I'LL TAKE IT."

The lack of this very necessary courage has kept thousands of Los Angeles residents from making a fortune in the last few years.

ARE YOU ONE OF THESE?
ARE YOU GOING TO CONTINUE TO BE?
IF NOT, COME OUT AND SEE ME.

Let me show you West Slauson Blvd. business frontage. This is your big opportunity.

ACT NOW.

TURN YOUR HUNDREDS INTO THOUSANDS.

Remember, if you could foresee what is going to take place on this great boulevard in the next 3 years, I couldn't chase you away with a stick.

OIL INVESTORS

DO YOU KNOW?

That one of the largest oil companies in the world have quietly leased a large acreage and are already down with a well about thirteen hundred feet in what promises to be a wonderful new oil field. Close to this well we have 300 acres of choice farm land, which we are offering in 5 to 40-acre tracts at $400 per acre in fee. If this well comes in, what will this land be worth? If not, you still have a good piece of farm land. Remember what Santa Fe Springs was a year ago and buy ahead of development for big profits. This is a good sound investment and this small acreage won't last long.

### Acreage for Subdivision

FOR SUBDIVISION—200 acres, the most beautiful resort in California, with the finest mountain stream of water (almost a river.) This stream or river passes more than one mile over this property, which will allow several hundred lots to have a frontage on the stream, with beautiful shade trees on every lot. Electric light plant has been installed and will be increased to supply the demand. We can generate all the power we may ever need from this wonderful stream of water. A small town of 120 bungalows adjoins this property now, but only on government leased land. This is a rare chance to be able to purchase a tract of land for subdivision within 3 hours' ride of Los Angeles. This property is a part of Tally's Glen Ranch Resort, which has postoffice, store, large swimming plunge and dancing pavilion. If you are interested see T. L. TALLY, 833 S. Broadway. Phone Broadway 4501.

ACREAGE FOR SUBDIVISION

19 acres joining new million-dollar Venice High School. Tract has 420 feet business frontage on Venice Boulevard. Two car stops at property. Streets through on all sides. One short street will make frontage for every lot and connect to Washington Blvd. Lots in adjoining subdivision reselling up to $3000. Gas, water and electricity right to the tract, which lays high, dry and perfectly level. Quick sale and big profits to be made on this wonderfully located acreage. $25,000 will handle. Courtesy to agents. Ask for MR. BEST.

# MYSTERY GUN IS EXPLAINED

### Haze Around "Big Bertha" Now Dissolved

### Paris Paper Prints Report of Germans

### Long-Range Weapon Ordered by Ludendorff

[BY CABLE—EXCLUSIVE DISPATCH.]

PARIS, April 19.—In answer to Leon Daudet's article in yesterday's Action Francaise, in which he advanced the theory that the famous Big Bertha was not a long-range cannon, but "an electric gun," hidden in the outskirts of the French capital, the Echo Nationale yesterday published an official German report concerning the mystery cannon.

The lengthy document, which is said to have fallen into the hands of the French in their advance in the late summer of 1918, reveals the fact that the Germans did not know the Bertha's shells were finding their mark in Paris until they were informed by an official French communique.

Gen. Ludendorff, in the spring of 1916, ordered a gun to be manufactured with a range of sixty miles. After the work had progressed nine months Ludendorff wired that the gun's range must be increased to seventy-five miles, on account of the retreat along the Siegfrid line having been decided upon.

On completion of the gun experimental firings took place on the shores of the Baltic. Then it was placed in position near Laon. Shortly afterward Big Bertha was almost put out of commission by well-placed French shells, which killed seven and wounded thirteen of the gun crew.

Later the big gun was installed near Ham, and still later an emplacement was prepared near Soissons, but orders for the removal of Big Bertha arrived before it could be fired from that position. It was then taken to Germany and destroyed, says the document.

Supplementary details supplied by technical experts at the Ministry of War declared the Big Bertha was similar to the fourteen-inch naval gun, but had a barrel 114 feet long instead of 65 feet. The total weight of the projectile was given as not exceeding 220 pounds.

### Nurse Herboltzheimer Jams Into Progress, Taking Two Hours Off

The heterongeneous complexities of civilization yesterday arose and slapped Receiving Hospital Nurse John Herboltzheimer right in the face. The assault was disconcerting, overwhelming and for a moment decidedly inconvenient. In fact it changed John's whole philosophy of life, so he says. Progress, said John previously, is a wonderful thing. With wisdom comes progress and with progress comes wisdom.

"But," said John, yesterday, "I ain't so sure now!"

John, it was narrated, visited his neighborhood grocery to purchase a bar of soap. Like many present-day neighboring groceries, this one was equipped with the latest and most modern of grocery store facilities. Included in this array was an electrically operated cash register. John proffered a $10 bill and waited smilingly for his change.

Just then (it was during the unusual rain storm) there was a flash of lightning, and a moment later a reverberating clap of thunder. The cash register refused to register. John's $10 bill was on the inside. Two hours later, when the telephone pole carrying a power line half a mile away, which had been struck by lightning, was repaired John obtained his change.

## BEACHES WILL SEEK SEWER CONNECTION

### REPRESENTATIVES TO FORM PLANS FOR USE OF HYPERION PLANT

By a "Times" Staff Correspondent

HERMOSA BEACH, April 19.—Decision to meet with the State Board of Health here the 26th inst. to formulate plans whereby the beach cities in this section will be able to obtain a joint sewer system with outfall sewer through the Los Angeles treatment plant at Hyperion, was reached at a meeting of representatives of Hermosa, Redondo and Manhattan Beaches, El Segundo and the Palos Verdes Estates at the City Hall here tonight.

Present conditions are such that relief is demanded in a modern sewage system for the beach cities, it was declared by representatives of the various localities.

Maj. John A. Griffin, city engineer, and Councilman Ralph L. Criswell and Fred C. Wheeler of Los Angeles, Judge A. R. Holstrom of Hermosa Beach and W. T. Corey of Palos Verde Estates were speakers. They agreed that connection of the sewer systems of the beach cities with the disposal plant of Los Angeles would prove desirable if it is shown that it is feasible.

The meeting here the 26th inst. is expected to be the starting point of a campaign to work out the problem of sewage disposal for the beach cities.

### WANTS HER DOG BACK

"Flirt," a dark brindle female Boston bull pup, has flirted once too often, according to her mistress, Mrs. Lewis Potter, of 1710 West Sixth street, who yesterday offered $100 for the return of the dog and the conviction of anyone who may have stolen the animal. The dog disappeared Tuesday. The name of the dog and of the owner was on the collar. The pet is valued at $250.

# PHYSICIAN FOUND DRUGGED

### Mystery Surrounds Case of Man Taken from Downtown Hotel to County Hospital

A veil of mystery surrounds the condition of Dr. Bertie J. Ambrosse, 58 years of age, formerly a prominent Montreal physician, who was unconscious at the County Hospital late yesterday after he was discovered on the floor of his bathroom at the Alexandria apparently suffering from an overdose of veronal. Attending physicians think that he has an even chance to live.

The reported disordered condition of his room tended to attach a breath of suspicion to the case. A table light and a plate were reported broken, and one leg of the bathtub was said to have been pulled out of position.

Dr. Ambrosse was taken to the Alexandria Wednesday night by J. S. Imhois, conductor of the Santa Fe train that brought Ambrosse to Los Angeles from Chicago. About midnight he sent a bellboy out with a prescription scribbled on the back of an envelope for some morphine. The boy was unable to obtain the drug.

Ambrosse told the night clerk at the hotel that he was suffering from locomotor ataxia as a result of service with the Canadian army in France. He registered alone, but not under the title of doctor.

At noon yesterday Mr. and Mrs. E. W. Shonberg, acquaintances made on the train and reported to be from Montreal, called at the hotel to see him. His door was locked and a maid opened it. The man was lying on the bathroom floor in his night clothes, unconscious. Dr. T. H. Wheeler of the Rosslyn was called.

Detective Lieutenants James and Taylor found two envelopes in the room, both empty. One was addressed to Mrs. C. H. Colson of 421 West One Hundred and Forty-fourth street, New York City. The other bore the superscription: "In case of sickness, notify the Montreal Drug Co."

Dr. Ambrosse carried on his person $851.55, of which $820 was in express money orders. He also carried membership cards in several clubs of Montreal. A passport dated 1918 also was found among his effects. Apparently he had not been in Canada since that date. Some data also showed that he had been a visitor at Atlantic City for his health. Two hotel bills among his things, one from the Astor in New York and one from the Drake in Chicago, were of recent date. He stopped in Chicago on the 18th inst.

It was reported at the hotel that the Shonbergs, who have since disappeared, grew very intimate with Dr. Ambrosse on the train, and later asked the porter if "he had any money." The porter told the conductor of this which at once aroused his suspicions, and he personally conducted Dr. Ambrosse to the hotel.

While the chances of foul play are being discounted, officials are making effort to check up on the situation and discover if it was an attempt at suicide or an accident by using too much drug to produce sleep.

# DANCE RECORD FALLS AGAIN

### Cleveland Girl Steps for 90 Hours and 10 Minutes; Terpsichore Teachers Fight Marathons

[BY A. P. NIGHT WIRE]

CLEVELAND (O.) April 19.—Completing 90 hours and 10 minutes of continuous dancing, Miss June Curry walked off the floor of a local dancing academy tonight, the world's champion endurance dancer.

When she quit at 9:10 o'clock, she had beaten by 1 hour and 52 minutes, the record of 88 hours and 18 minutes established today by Arthur Howard Klein.

Miss Curry Stated dancing at 8 a.m., Monday morning with Frank Ward as a partner. They hold the endurance record for couples, dancing together continuously for 57 hours and 20 minutes. Miss Curry continued dancing after Ward dropped out on a physician's advice.

The new record eclipses that for women set by Miss Mildred Duvall, who walked from the floor at 5:48 p.m. today with the prevailing record almost within her grasp. Had she remained on the floor eleven minutes longer, she would have passed Klein's record, but she was exhausted. Klein holds the men's nonstop record.

Miss Curry attributes her success to the fact that she entered the contest as No. 13. She is a waitress in a local restaurant and declares she slept for two days and nights before entering. She is the sole survivor of thirty-odd contenders who started dancing the first of this week.

### TEXAS GIRL IS ILL

[BY A. P. NIGHT WIRE]

HOUSTON (Tex.) April 19.—Goldie Hughes, 17 years of age, endurance dancer, was recovering in a hospital today from an attack of heart dilation caused, physicians say, from exertion on the dance floor. She danced more than 84 hours.

Thirty-two ministers, meeting today, adopted a resolution condemning dance marathons as being physically and morally degrading and appointed a committee to call on Gov. Neff and request that he submit special legislation designed to curb future activities.

NEW YORK, April 19.—Members of the American Society of Teachers of Dancing today were advised by Vice-President Louis N. Chalif to do everything in their power to check the nonstop dancing marathon wave which is sweeping the country.

"Nonstop dancing contests are dangerous to health, useless as entertainment and a disgrace to the art and profession of dancing," said a bulletin sent out by Mr. Chalif.

### SUICIDE ATTEMPTS?

[EXCLUSIVE DISPATCH.]

CHICAGO, April 19.—"These dancing contests look to me like attempts at suicide," was the statement today of Chief of Police Morgan Collins. "If persons attempt suicide, the police have authority to stop them."

The veiled threat was brought by announcement of an elimination endurance dancing contest to be started the latter part of this week at a local dancing hall, which is being opposed by many of the city's civic leaders.

The Police Chief said that he would ask the city law department for an opinion as to his powers in the matter.

## WOMAN HAVING TWO HUSBANDS ARRESTED

### DIDN'T LOVE FIRST MATE, SHE SAYS; IS HELD AS BIGAMIST

"I couldn't get along with my husband. I left him. Then a man came whom I loved and who proposed. I thought I never could get a divorce so I married him."

So explained Mrs. Lillian Walkup, late of Tacoma, Wash., to Detective Lieutenants Taylor and James, who arrested her last night at her residence, 1866 West Eleventh street, on a warrant from Tacoma charging bigamy.

Confronted with the police officers, who had received advice that Mrs. Walkup had married Harry Fosberg in Tacoma and had come to Los Angeles six weeks ago, when he was transferred here by the Western Electric Company, they said, she made no attempt to deny the charge.

According to Mrs. Walkup's story, she married W. F. Walkup two years ago and their married life was far from happy. Then one day she left. After some time she met Fosberg, who did not know she was already married, she said. They were married after a courtship.

# PASSIONATE LOVE NOTES WIN DECREE

### Letters Written Mate by French Dancer Shown Court by Wife

An American soldier, his Texas wife, who had accompanied him to France and a French dancer were the principals in a story told Judge Thompson in Superior Court yesterday by Mrs. Hermine Westermark, the wife. She was granted a divorce from Arthur Westermark.

Mrs. Westermark said she married her husband in San Antonio in June, 1917, and contrived to go with him overseas. They were happy for a time, she said, but her husband left her in September, 1920, in Paris.

"Do you know any motive for his leaving?" asked Judge Thompson.

"I found several letters," said the wife. She then offered in evidence, through the attorney, several letters, some signed Renee and others Arthur. The wife said Renee was a dancer.

One letter read:

"My Adored Love: I look forward to the happiness of having you again in my arms and I embrace passionately your beloved lips. If you knew how unhappy I am without you, my beloved one whom I adore. I kiss passionately your mouth, giving me up entirely to you. Yours, Renee."

"My little beloved Renee," read another. "I love you with all my heart and I am yours for the entire life. Give me your lips for me to cover them with kisses. Your Arthur."

# Asserted Land and Oil Fraud List Increases

Further investigation yesterday of the asserted oil land operations of E. E. Rowell, San Francisco attorney, arrested here Wednesday, increased the sum total of his suspected swindling gains to nearly $250,000, while the number of persons asserted to have invested money with him jumped from a dozen to thirty. Most of these are in Los Angeles or other parts of Southern California.

According to the complaint issued by Deputy Dist.-Atty. Burton, Rowell represented that he owned oil-bearing lands in Clay county, Utah, and Pike county, Colorado, and that large oil companies had offered him huge sums for the oil rights. Investigation showed that there are no such counties as those named.

Rowell was arrested at the Pacific Electric station here, after a search of several months by the District Attorney's office, by Deputy Sheriff Modie and Special Investigator Dynell. He is held on three charges, one involving the passing of bad checks and the other two of conspiracy to obtain money under false pretenses.

## MOOSE TO CELEBRATE

### Lodge Will Dedicate Clubhouse Saturday Night With Program

Members of the Greater Los Angeles Lodge of the Loyal Order of Moose have arranged a hi-jinks and smoker to celebrate the formal opening of their new clubhouse at 755 South Spring street on Saturday night.

The program will be given under the direction of Larry Semon. Fred Frank is chairman of the committee in charge, and his associates are Dr. Lloyd R. Mace, Mark Pierce, Andy Warmington, Al Sittel, Charles Reum and James G. Lowe.

The principal welfare work now being done by the order is the maintenance of Mooseheart, where more than 1400 children are being cared for.

# LANDSCAPE ARCHITECT GIVES TALK

### Gardens and Beauty Spots of World Are Subject of Illustrated Lecture

Landscape gardens the world over were the subject last night of an illustrated lecture delivered at the annual banquet of the Architectural Society of the Southern Branch of the University of California by Myron Hunt, architect and landscape garden specialist of this city and Pasadena.

Mr. Hunt exhibited colored slides of the world's most beautiful gardens, from the terraced hills of Italy, with their shrubbery-hidden walls, and picturesque Italian cypresses, to the neat New England gardens with their whitewashed picket fences and simple plots of flowers. He also pointed out the inadvisability of extensive copying in the Southland of the English type of garden, which, in its natural state, practically cares for itself, due to climatic conditions in England. The necessity of constant irrigation in this State, and the impossibility of approximating the quick ageing of stone so noticeable in England, render this type unsuited to the Southland, he said.

Examples of California gardens and of notable types of Spanish architecture in the State formed a good proportion of Mr. Hunt's slides.

Guests at the banquet, which was conducted at 6:30 p.m. in the annex of the University Club, 614 South Hope street, numbered more than 100 and included representatives of the Architectural Society of the Southern Branch of the University of California, of the University of Southern California, of the faculties of both these institutions and of high schools teaching architecture, as well as of all architects' organizations of the city. The banquet was presided over by Noble McIlvaine, president of the Architectural Society of the S.B.U.C.

Among other speakers were Sumner Hunt, president of the Southern California Chapter of the American Institute of Architects, Lloyd Rally of the Architects' Club of Los Angeles, Fitch Haskell of the Allied Architects' Association, and faculty members of the two universities and of high schools in the city.

# FLAIR FOR LAW SUITS IS COSTLY

### Plaintiff in Many Actions Fined for Contempt When He Appeals Case

John Lapique, veteran litigant of the California courts, in addition to being the loser in an appeal from a previous judgment of the District Court in his case against F. E. Walsh, administrator of the estate of Laurent Etchepare, was given a verbal chastisement in an opinion handed down yesterday by the State Supreme Court.

Chief Justice Wilbur, who reviewed the case, characterized the appeal as "utterly frivolous and without the slightest foundation." The action of Lapique in persisting in bringing before the court a matter which that body feels was long ago decided, is one deserving of penalty, in the judgment of Chief Justice Wilbur. He affirms the order of the Appellate Court and imposes a contempt of court fine of $1000 against the plaintiff.

Lapique, according to records on file in the local clerk's office of the State Supreme Court, has a flair for lawsuits. He has been a party to thirty-three civil actions, and fourteen times has appealed for issuance of a writ of habeas corpus. In each instance the writ was denied. Lapique, in consequence, it is asserted, has spent various periods of time in jail for contempt of court. His career as a court habitue began, it is said, when he came here from San Francisco in 1901 and began buying up assignments of claims against estates.

## INCE ASKS DAMAGES IN SUIT OVER TREES

### BOUGHT FOUR, BUT WAS NOT PERMITTED TO REMOVE THEM, HE SAYS

Four trees valued by Thomas H. Ince at $1000 each were the subject of a suit filed in Superior Court yesterday by him against G. E. Runions, in which Mr. Ince demanded $4384 damages. The suit was filed by Ingle Carpenter, Mr. Ince's attorney.

The trees were on Runion's land at El Cerrito and Franklin avenues, Hollywood, according to the complaint, and consisted of an Acacia Dealbatra, an Acacia Cultiformis, an Arecauria Excelsia and a Laeger Strauia. Runions, the plaintiff declares, gave W. H. Spaulding the job of removing them and Ince bought them from Spaulding. When they were boxed for removal, the complaint asserts, Runions refused to let them be taken.

## CRUISES FOR NAVAL RESERVE APPROVED

Approval by Admiral Robert E. Coontz of the proposed summer cruises of the local Naval Reserve Force was received yesterday by Commander A. H. Woodbine, commanding this district. The cruises, which will provide opportunity for target practice, will be of fifteen days' duration each on Eagle Boats 12 and 13, which are expected back from Mare Island Navy Yard in May.

The itinerary for the cruises follows: June 16 to July 1, to San Francisco and return; July 7 to 22, Magdalena Bay, coast of Lower California and return; August 4 to 19, to San Francisco and return; September 1 to 16, Magdalena Bay and return and September 22 to October 6, San Francisco and return.

The Life of a Home

A healthy, happy, contented wife is the life and joy of the home and the greatest inspiration a man can have, yet how many homes in America are blighted by the ill-health and sufferings of the wife and mother. It may be backache, headaches, the tortures of a displacement or some other ailment peculiar to her sex, which makes her irritable, despondent, and her whole life a burden. Every woman in this condition should rely upon Lydia E. Pinkham's Vegetable Compound made from roots and herbs to restore her to health and happiness, for statistics prove that it benefits 98 out of every 100 women who try it.—[Advertisement.

# DR. KNIGHT IS HONORED

## *Scientists Meet to Observe His Birthday*

## *Radio Used to Recite His Life Accomplishments*

## *Obtained Lick Observatory for Research*

The voice over the radio was telling of the life of Dr. W. H. Knight, noted California astronomer and author, of his migration from his home in Harmony, N. Y., to this State in 1859, of his important astronomical discoveries and of the solemnity of the man's private life.

The quietude was broken by a chuckle and then, "Won't this be a great thing to recall when I get to be an old man?"

It was Dr. Knight himself speaking, returning thanks for the birthday surprise party which his friends tendered him last night at his home, 621 Witmer street, on reaching his eighty-eighth year. Birthday greetings by radio had been planned by his friends as a surprise, but the recipient objected being termed an old man and retaliated.

### NOT AN OLD MAN

"I may have more years to my credit than any one present but that don't make me an old man," Dr. Knight declared. "The world is just entering a period in which many of the Creator's works are just being unfolded. I'll never forget this first radio birthday party. A few years from now it may no longer be considered a novelty and something else will take its place."

The birthday greetings were broadcast from The Times station, KHJ. The greetings were written by Dr. Carl S. Patton, pastor of the First Congregational Church, who was unable to deliver them personally on account of being called out of the city.

The party was planned by the En Semble Club, consisting of many of the pioneer residents of Los Angeles. Col. John Sobieski, who, if Poland were still a monarchy would be King John III, was called on to deliver greetings of the club to Dr. Knight. Col. Sobieski is 80 years of age, and has been a close personal friend of the astronomer for years.

### FOR LICK OBSERVATORY

Dr. Knight was largely responsible for the establishment of the Lick Observatory, he urging James Lick of San Francisco to build the institution as a monument to himself. It was Dr. Knight who also named Lake Tahoe, meaning "big water."

A program complimentary to Dr. Knight was delivered by the guests. It included original poems, dedicated to Dr. Knight, by S. H. M. Byers and Miss Gertrude Aubigne; an original song by Mrs. Pearl L. Conklin, dedicated to the astronomer, and a short address by Prof. Melville Dozier.

# GREAT FAIR IS PLANNED FOR WOMEN

## *Bakersfield Club Members to Make Event Memorable in District*

BAKERSFIELD, April 19.—Mrs. H. R. Warner, president-designate of the Bakersfield Woman's Club, has called a meeting of sixty women, forming the General Committee of arrangements, to make plans for a mammoth fair to be held here under the auspices of the club next October. Mrs. George C. Gross and Mrs. C. A. Hare have been appointed general managers of the event, which promises to rival in magnitude anything of similar nature ever attempted in Kern county and probably in the entire San Joaquin Valley.

The idea, as presented by Mrs. Warner, is to interest national advertisers in showing their produce at the fair. All Kern county organizations, civic, business and social, will be asked to assist, and many have already expressed their interest and willingness to cooperate. Woman's clubs all over the valley will be given an opportunity to assist.

# PROMINENT PEOPLE TO VISIT HONOLULU

With a number of prominent Southland passengers booked, the giant liner City of Los Angeles is scheduled to sail on her ninth voyage to Honolulu in the service of the Los Angeles Steamship Company Saturday at noon.

Besides the 160 or more passengers who will make the trip to the islands aboard the liner, a large cargo of building materials, including pressed brick and cement, citrus fruits, produce and general merchandise, will be carried.

Included among those who will sail are Mr. and Mrs. William B. Clancy, Dr. and Mrs. Van Zwalemburg and Arthur B. West, vice-president and general manager of the South Sierra Power Company of Riverside; Herman Levy, president of the Capitol Milling Company, and Mrs. Levy; Isadore Eisner, president of the Sun Drug Company; Harry M. Lieb, president of the Yellow Taxicab Company, and Mrs. Lieb; Attorney George Mansfield and Mrs. Mansfield and Mr. and Mrs. T. E. Hudson of Los Angeles.

Lou R. Hurd, president of the Atlas Milling Company of Wichita, Kan., and Mrs. Hurd are departing for an extended vacation in the islands. The City of Los Angeles is due in Honolulu May 25 and will leave June 2 with a large passenger list of winter vacationists returning to the Coast.

### FINED UNDER WRIGHT ACT

Fines totalling $900 were imposed on Andy Rossi and Tony Lozzi by Justice Zaring of Belvedere yesterday, when they were arrigned on a charge of violating the Wright Act. The men were arrested at Belvedere by Constables Ballinger and Mendoza, who reported that they also seized a fifty-gallon still, forty gallons of moonshine, and nineteen barrels of mash.

# SUMMER CAMP PLANS ARE LAID

## *Tri-County Y.M.C.A. School is Projected*

## *Fresno Man Held; Confessed Firing Own Shop*

## *Federal Attorney to Press Court Cases*

FRESNO, April 19.—Elaborate plans for a Y.M.C.A. summer school of religious training, to be established at Lake Sequoia by the associated organizations of Fresno, Kings and Tulare counties, were announced here yesterday by George A. Forbes, general secretary of the Fresno association.

The school, said Forbes, will be the most important work undertaken by the tricounty Y.M.C.A. organization this season. It will be independent of the boys' camp usually held at the mountain lake.

A comprehensive program of instruction has been prepared by Forbes and Earle F. Dexter of Lindsay, Charles Crumley of Hanford and C. F. Mueller of Reedley. It will be presented to the ministerial unions of all cities in the three participating counties and the co-operation of the clergymen's organizations will be sought.

The dates between June 28 and July 5 have been chosen for the school. Already obtained for the faculty are Dr. George A. Warmer, pastor of the Bakersfield Methodist Episcopal Church; Wiley Winsom, head of the physical and social department of the San Francisco Y.M.C.A., and Dr. Tully C. Knoles, president of the College of the Pacific, San Jose.

Courses to be offered will cover leadership of boys' groups, recreational and social leadership, Bible study with boys and young men, Christian service projects for young people, a world program of Christianity and inspirational campfire addresses.

### CONFESSES ARSON

Following a confession that he tried to set fire to his own furniture shop at Reedley and that he wrote threatening "Ku Klux Klan" letters to himself, H. A. Frantz, aged furniture repair man, is in a Fresno hospital, under observation as to his mental condition.

Frantz's shop was fired on the night of Friday, the 13th inst., when oil was poured on the floor and a window broken. The blaze was extinguished by Frantz and his two sons. He told investigating officers that he had received threatening letters, two of which he had previously shown to them. The missives, he said, had been burned in the shop.

A year and a half ago Frantz was trampled by a cow and his back was injured. Since then, physicians say, he has not been normal.

His confession was made to Justice of the Peace Holderman and Marshal C. C. Neufeld of Reedley in the presence of the pastor and an elder of the church to which he belongs.

### WILL PROSECUTE CASES

Deputy United States Marshal S. J. Shannon received word yesterday that H. N. Ellis, special assistant to the United States Attorney at Los Angeles, will be here the 30th inst. for a session of the Federal grand jury sworn in last November.

A large number of cases, said Shannon, will be presented to the jury by Ellis. Most of them involve asserted infractions of the Harrison Narcotic Act.

United States District Judge Oscar A. Trippet will open the spring session of the District Court here on May 7.

### SON GETS PROPERTY

Stewart Riggins, son of the late Emmett Riggins, Fresno contractor who died the 11th inst., is the principal heir to an estate valued at about $50,000. A will dated February 1, 1922, includes bequests also to William, a son, $1000; Emmett, a son, $1000; Mary Kynoch, a daughter, $1000. To Mrs. Geraldine F. Miller, Riggins left the furniture of his house at 1525 O street and also a bequest of $5000, in acknowledgment of her services in caring for him while he was ill.

The will states that the son Stewart is made chief benefactor because he had previously received less from his father than the other two sons.

### FIGHTS FOR FREEDOM

On the ground that he has been illegally imprisoned, M. L. Smith, under a sentence of sixty days in jail for breaking the city's "little Volstead law," is fighting for his freedom on a writ of habeas corpus. Pending a hearing on the writ, set for the 27th inst., in Superior Judge S. L. Strother's court, he is at liberty under $500 bail.

Smith contends that the city dry law was without effect at the time he was sentenced, because of a recent ruling of the State Supreme Court that the Fresno city and county liquor ordinances, being in conflict with the Wright law, are invalid. Smith was prosecuted under the city law after the Wright Act became effective.

# Obispans Visit at Bakersfield on Road Junket

BAKERSFIELD, April 19.—Bakersfield received a delegation of 250 citizens of San Luis Obispo county today when the Booster Caravan, made up of enthusiasts promoting the Cholame Pass "Valles-to-the-Coast" Highway project arrived here. The party divided at Blackwell's station, eight miles west of Lost Hills, one portion motoring through the west side oil fields and the second division touring the Shafter and Wasco agricultural district. Both parties assembled in Bakersfield about 4 o'clock in the afternoon.

At a smoker to be given at the Bakersfield club this evening, the San Luis Obispans will discuss the best means to improve the Valley-Coast Road, and will further exemplify their mission of good will emanating from the folk of the oceanside counties to their neighbors on the interior. The party will proceed northward Friday, with Fresno as their ultimate destination.
